Nebraska Public Power Request Is 188,000 KW

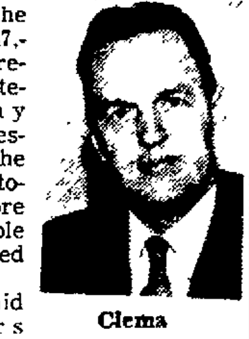
'State Not Far From Shortage'

Clema Says East, Central Could Use Half Basin Total

By B. R. ROTHENBERGER
Star Staff Writer

John Clema, secretary of the Nebraska Rural Electric Association, said Wednesday that public power in Eastern and Central Nebraska could use more than half of the expected 325,000 kilowatts scheduled for production by 1956 through power and flood control development in the Missouri basin.

The area's estimate of 1956 power need from that source was set at 188,000 kw by Clema. It was a part of the request by both public and private utilities in the basin for 747,000 kw. Secretary of Interior McKay noted Wednesday that the requests totalled more than double the expected production.



Clema

Clema said Consumers Public Power District, the 27 rural systems and the nine municipalities in the Nebraska Public Power system account for 100,000 kw. The Omaha Public Power District and municipalities not in NPPS have asked for the remaining 88,000.

Clema said estimates of future power needs generally followed the rising use curves of recent years conservatively projected forward to 1956. Further evidence of need, he said, was the critical narrowing of production reserve in existing generating facilities.

A story on Secretary of Interior McKay's announcement is on Page 6.

Nebraska, he indicated, is not far away from a power shortage.

"But the question of relief from South Dakota-Missouri Basin power is still academic," Clema said. "There are other factors than Nebraska's request and McKay's two-to-one figure.

"The request for 188,000 kilowatts points up the fact that only one transmission line (O'Neill to Randall) presently exists to deliver basin power to Nebraska. And its capacity is only 50,000 kw.

"The proposed line from Gavins Point to Beiden is not built. We have asked the Nebraska congressional delegation to request funds for it. But none are included in the Eisenhower budget."

Clema said that modification of the long-standing policy by the Department of Interior did more than touch on new power criteria and disposition of federally-generated power with less favor to public power agencies. The modification also cooled the federal attitude toward constructing transmission lines from generating centers to load centers, Clema said.

He pointed out that while Nebraska is wholly in the Missouri Basin and a completely integrated power state, it has only 40 miles of federal transmission lines representing an investment of $550,000.

"Montana," he said, "has 875 miles at $9,300,000; North Dakota has 780 miles at $13,500,000; South Dakota 1,250 miles at $21,350,000, while Minnesota, of which only a small portion is in the area, has 50 miles at $1,300,000."

North Platte JCs Refuse To Back Operation Honesty

NORTH PLATTE, Neb. (AP)—The North Platte Junior Chamber of Commerce has rejected a resolution proposing that it endorse Gov. Robert B. Crosby's "Operation Honesty" on grounds it was political in nature.

Crosby appeared before members of the local chapter at a meeting Jan. 17 and asked the Junior Chamber to endorse his personal property assessment plan.

Crosby talked to the state executive committee of the Junior Chamber at the same time. Members of the state group endorsed the project at a meeting that day.

60 Seward Kids 'Ahhh' For Fluorine

By JOHN SWANSON
Star Staff Writer

SEWARD, Neb.—In the interests of science and public health, some 60 Seward schoolchildren Wednesday willingly popped their mouths open for a dentist's probing.

These children, together with others like them in 19 other Nebraska cities, were being checked by a state and federal health department team to help in compiling a study of the effects of fluorine on tooth decay.

The team, consisting of Dr. H. W. Heinz, state dental health director, and Dr. Charles Gillooly of Kansas City, Mo., U. S. Public Health Service dentist, are about half through with the 20-city check. The project comprises the second phase of the fluorine study.

Earlier, health officials checked the cities for fluorine content in their water supply. These were then divided into classes of high, medium and low fluorine content. The second and present phase means that the teams will count the number of cavities or missing teeth among children in each of the cities and compare the number of these with the amount of fluorine in the city.

Dr. Heinz pointed out that checks are being made on only those children who have lived in the same cities for all their lives, who have always drunk the city's water and who have never been away from their hometown for longer than a three month period.

Dr. Heinz said the result of the fluorine check will be tabulated and prepared for release about the middle of May. Generally, he added, the degree of fluorine in drinking water shows up most heavily in western parts of the state. The dental team made a check of children in the York schools earlier Wednesday.

The children, ranging in age from 7 through 13 years, were checked by Drs. Heinz and Gillooly in a room of the Seward school. The youngsters were released from class for the check.

Other towns being checked in eastern Nebraska include Crete, Wahoo, Oakland, Wayne, Schuyler, Omaha, Falls City and Plattsmouth.

Consumers Will Build Power Plant In East

Size, Location Not Yet Determined; Financing To Be By Revenue Bonds

Lincoln Star Special

COLUMBUS, Neb.—The Consumers Public Power District is proceeding immediately with plans and specifications for the construction of a steam power plant in eastern Nebraska. This action was taken by its board of directors at a meeting held in Columbus Wednesday.

The size and location of the plant are still matters for final determination, according to district officials.

The size of the plant will depend upon whether it will provide additional capacity for only Consumers' customers or whether other Public Power Agencies which are likewise confronted with increasing loads wish Consumers district to include capacity for them, also.

District officials stated that electric loads are continuing to increase and although substantial quantities of power will be available from the Missouri River Basin dams in South Dakota in the years 1954, 1955, and 1956, there will still be a shortage of power for the 95,000 customers in its eastern system by late 1956 or early 1957 unless new steam generating capacity is installed by that time.

Three Years To Build

All the major equipment in a plant such as is under consideration is manufactured for the particular job and under present conditions requires almost three years from the time engineering is started and orders are placed until the equipment can be installed and ready to produce electricity.

The plan will be financed by revenue bonds issued by Consumers consolidated eastern system, which furnishes service to 323 cities, towns and villages in the eastern two-thirds of the state, excluding the Omaha area.

The last bonds issued by the district in 1951 drew an average interest rate of 1.79 per cent. However, the general level of interest rates has increased since that time and some higher interest rate is contemplated at this time. The Consumers bonds currently are rated "A" by Moody's Investors Service, which rates various securities over the entire country.

Officials pointed out that the proposed plans for its eastern system do not include any facilities for its western system, as power plant additions are also under consideration for the western area of the state.

Cost Factor Cited

The Consumers' board in its action to create the new plant, cited the fact that the "original premise" of the contracts with the Nebraska Public Power System was that an "adequate and dependable supply of power could be provided at a cost to Consumers district at a cost no greater than that obtained by construction of its (Consumers) own facilities."

The board's resoluution further stated that "intensive studies and investigations have consistently determined to the satisfaction of this board that substantially higher costs will result if such additional generating capacity is financed by the Loup River or Platte district as compared to being financed by Consumers district."

Taking cognizance of the fact that the "primary responsibility of providing a dependable supply of electricity for Consumers' customers at as low a cost as possible, consistent with good service must rest with the board of directors," the board said such service "can only be contracted to others when and to the extent that such action results in benefits to said customers of Consumers district."

Moore Defeats Maxim To Keep Light-Heavy Title

Archie Moore knocked Challenger Joey Maxim down twice Wednesday night enroute to a successful defense of his light-heavyweight boxing crown. Moore scored a unanimous 15-round decision. Details and picture on Page 15.

2 Airmen Executed On Guam

GUAM (Thursday) (AP)—Two Air Force enlisted men were hanged here today for the 1948 jungle rape-murder of pretty Ruth Farnsworth of San Francisco.

The pair, Herman T. Dennis, 25, of Indianapolis, and Robert W. Burns, 36, of Spokane, Wash., walked separately to their deaths up the 17 steps to a 10 foot-high gallows.

A court-martial convicted them of the slaying after a specialist flown out from the United States with lie detecting equipment had solved the baffling case.

The Farnsworth girl, a civilian employee of the Navy, was found battered and unconscious in dense jungle back of the curio shop where she worked nights. She had been dragged there Dec. 11 and died two days later in a hospital.

She was 27, engaged to a Marine serving then on Guam and had planned to leave in two months for a wedding at home.

—Big 4 Parley—

West Still Says 'No' To Reds

Soviets Switch Tactics To Get 5-Power Talks

BERLIN (INS) — Russia switched to economic tactics Wednesday in its battle for a Big Five conference at which Red China could play "a helpful role," but Western statesmen were still saying "no" Wednesday night.

Soviet Foreign Minister V. M. Molotov at the Big Four conference called for increased East-West trade and dropping of barriers preventing shipment of strategic goods behind the Iron Curtain.

He said commercial relations—particularly with Communist China and its vast population—are important in easing international tensions, which tend to be aggravated by the present state of affairs.

Until now, Molotov has fought on the political plane to get Russia's Chinese ally admitted to a conference on global issues.

Wednesday, he charged the Soviet approach after the U.S., Britain and France formally rejected a Big Five meeting in the spring as proposed by Molotov on the basis he had outlined.

The U.S. had prodded Molotov to drop the Big Five question and turn to the "urgent" German and Austrian issues. The Russians suggested also that Korea and Indo-China could be discussed at a Big Five parley. The Indo-Chinese bait evidently was directed at France.

Molotov, who has been accused of trying to split the Allies, probably had his eye on Britain when he talked about more East-West trade. The British, who recognize Red China, are anxious about their trade situation.

(A 33-member British trade mission arrived in Moscow by plane Wednesday night.)

After Wednesday's session, Molotov reportedly proposed to Eden privately a vast expansion in East-West trade designed to pave the way for disarmament without dislocating the economies of Western Europe.

The proposal, according to British sources, was made at a dinner given Molotov by Eden, who was described afterward as being "encouraged."

A U.S. spokesman Wednesday night sharply attacked the plan to give Red China a Big Five conference seat through the Berlin meeting. The spokesman called the Soviet proposal an attempt to replace the United Nations with another dominant organization composed of the big five powers.

Indications were Soviet Foreign Minister V. M. Molotov would renew the "battle of the Big Five" when the foreign ministers' conference resumes Thursday.

He will be chairman under the rotation system.

It appeared there was little hope U. S. Secretary of State Dulles, British Foreign Secretary Anthony Eden and French Foreign Minister Georges Bidault would be able to get on to the German and Austrian subjects on the agenda unless Molotov was willing.

Molotov returned to his fight to bring Red China into world councils after the Western ministers formally echoed Dulles' rejection Tuesday of the Russian plan to hold a spring Big Five meeting on world problems.

Turkish President Greeted In Washington

Vice President Richard Nixon gives an official welcoming handshake to Turkish President Celal Bayar on his arrival at National Airport in Washington before a lengthy tour of the country. Mrs. Bayar is at the center. President Eisenhower Wednesday night awarded the Legion of Merit to Bayar "for exceptionally meritorious conduct in the performance of outstanding services." **(AP Wirephoto Wednesday Night.)**

Discrimination Hurts U.S. In U.N., Urban League Told

By BARCLAY BAYLEY
Star Staff Writer

The worst mark against the United States in the United Nations is the inability of other countries to understand how we can preach democracy and yet practice discrimination against persons because of national origin, color or religion.

That was the opinion expressed by the Rev. Archibald J. Carey Jr., of Chicago at the 22nd annual meeting of the Lincoln Urban League at the Cornhusker Hotel Wednesday night.

The Rev. Mr. Carey is the first alternate delegate for the U. S. to the U. N. General Assembly.

Choice Difficult

"The thing that most divides the United Nations," the Negro minister said, "is the choice between Russian Communism and the democracy of the United States."

The U. S. could make the choice much easier, he said, if we "reconcile our professions with our practices." When these internal distinctions of race, color and creed are banished, he declared, this country will be a long way toward easing the choice between Russia and the U. S.

The Rev. Carey said that the place to make this improvement is in one's daily life—"in the little circle where we have the most influence."

Self Interest

The majority, he declared, must always remember that it is in their own "enlightened self interest to allow every citizen to develop to the best best of his ability."

Continuing to allow discrimination, he declared, "will do immeasureable, if not irreparable, damage to this country in the eyes of the rest of the world."

Few Injured In Mexico City Blaze

MEXICO CITY (AP) — One of Mexico City's most spectacular fires in years Wednesday night destroyed the Granat Theater. Police said quick action by theater employees averted a panic and there were no fatalities. Only a few of the audience of 1,500 persons were injured in escaping from the burning building, authorities stated.

An explosion in the projection room touched off the fire.

The audience escaped through fire exits as flames billowed through the theater which has a seating capacity of 3,500. It is located in downtown Mexico City in a heavily populated market and industrial area not far from the railroad station.

A crowd of over 25,000 quickly gathered, hampering work of police and rescue squads. Flames were visible over a wide area of the city.

The film being shown at the time was "They Also Sing of Sadness."

Only minor injuries were reported. One person had a broken leg, a woman suffered smoke poisoning and several reported minor burns.

Mrs. Lytle Head Of Urban League

Mrs. Kathryn Lytle was elected president of the Lincoln Urban League Wednesday evening at the annual meeting.

Other officers are: Asa Waters, first vice president; Mrs. Elma Horne, second vice president; Mrs. Agenese Adams, secretary, and Miss Anna Smrha, treasurer.

The following two committees were also named:

Finance
Asa Waters, chairman
Mrs. Everett Angle Joe Ginsburg
Fred Nevels Howard Molden

Personnel, Nominating
Mrs. Elma Horne, chairman
Lowell Boomer Mrs. Basilia Bell
Melvin Walker James Stewart
Mrs. Estelle Davis Dr. E. Glenn Callen

Spilled Turpentine Is Cause Of Quick Blaze; No Damage

A small daughter of Mrs. E. A. Schroeder of 5204 Cooper had a rough start Wednesday evening when she accidentally spilled some turpentine down the register leading to the furnace.

The turpentine ran into the furnace just underneath the floor, causing a quick blaze of flame. Mrs. Schroeder came to the rescue and threw water on the furnace.

Firemen from College View and University Place, called to the fire by the 5:58 p.m. alarm, arrived but were not needed.

No damage was reported.

National Science Foundation Gives $10,000 For NU Project

The National Science Foundation Wednesday announced in Washington a grant of $10,000 to the University of Nebraska for a research project to be conducted under the direction of Associate Prof. Herbert Jehle of the physics department.

Jehle

The grant, similar to others financing University research projects, will be used to continue a study already begun, Jehle said, by a group of graduate students under his direction. The grant is to cover two years' work.

The funds will provide pay for assistants, as well as certain very complicated mathematical computations which must be done on an electronic calculator at the University of Illinois. The project was begun under an $1,800 grant from Research Corporation, a privately endowed organization which finances research projects.

Working on the project will be William L. Bade, Jerrold M. Yos and Norman R. Zabel, all physics students working for their doctorates. Others who have assisted Jehle in the present project are William G. Leavitt and Hugo Ribeiro, both of the University.

Jehle said the project will involve a study of the self-duplication of genes, which has been explained on a basis of specific strong attraction between identical macro (large) molecules.

The basic physics of this problem is already understood, Jehle said, and the project will seek to apply that to structures of complicated molecules. He explained the study as involving **highly complicated mathematical computations and physics to explain a biological phenomenon.**

Ponder Peace Talks

Special Envoy And 16 Other Nations' Spokesmen Meet

No Decision Made

WASHINGTON (INS)—Special Ambassador Arthur Dean discussed possible resumption of the Korean peace talks with the United Nations allies Wednesday, but the U.S. withheld its decision on getting the negotiations under way again.

Dean was summoned from New York to confer with spokesmen of the 17 countries with troops in Korea on the latest Communist proposal for reviving the talks.

The group met for about an hour, during which it also took up an Indian proposal that the U. N. General Assembly be reconvened to discuss the entire Korean problem.

After the meeting the State Department issued this statement:

"At the meeting of representatives of the United Nations with troops in Korea and the Republic of Korea, there was an exchange of views on the questions of reconvening of the General Assembly as proposed by the government of India and of the present status of negotiations for a Korean political conference in the light of the Communist letter to Ambassador Dean.

Nothing To Add

Asked whether any decisions were reached at the meeting, a State Department spokesman said he could add nothing to the formal statement.

The Reds made their proposal for resuming the discussions directly to Dean, who broke off the negotiations Dec. 12 after the Communists accused the U.S. of perfidy.

The ambassador was asked upon his arrival at the Washington airport: "Are you going back to Korea?"

Dean replied with a smile: "I won't be able to say anything about that until after a meeting with the United Nations Korean Allies.

Dean Shrugs

Asked whether he thought anything would be accomplished if he were to return to Panmunjom, he merely shrugged.

The Communists, in a 600-word letter to Dean Tuesday, accused the United States of "obstructive" and "delaying" tactics and called for the talks to be resumed.

Although the United States is not bound to consult with her Allies, the official said the State Department had promised that a meeting would be held so they could have the opportunity to express their views on strategy.

Dean walked out of the Korean talks when the Reds charged the United States had connived with South Korea in releasing 27,000 anti-Red prisoners of war.

Record U.S. Refinancing Step Taken

WASHINGTON (AP) — The most gigantic refinancing operation in U. S. history was undertaken Wednesday. Under it the Treasury will seek to convert 21 billion dollars of five outstanding security issues into two new issues.

Three major aims were seen in the big transaction:

1. To take advantage of comparatively low interest rate. The demand for money has fallen off, as shown by a decrease in bank loans, and hence interest rates are lower than some expert figures they might be later.
2. To convert more of the government's securities into medium or long term obligations, if possible.
3. To reduce the number of maturities of government securities.

Rep. Curtis Says He Voted Against Bond Tax

Rep. Carl Curtis (R-Neb) told the Associated Press in Washington that he had voted against a measure passed by the Ways and Means Committee which would tax the income from industrial development bonds of states and subdivisions.

City officials were disturbed by the action of the committee, of which Curtis is a member. They said the action would reverse the standing position of not taxing governmental subdivisions' bonds.

Nebraska Public Power Request Is 188,000 KW

'State Not Far From Shortage'

Clema Says East, Central Could Use Half Basin Total

By B. R. ROTHENBERGER
Star Staff Writer

John Clema, secretary of the Nebraska Rural Electric Association, said Wednesday that public power in Eastern and Central Nebraska could use more than half of the expected 325,000 kilowatts scheduled for production by 1956 through power and flood control development in the Missouri basin.

Clema

The area's estimate of 1956 power need from that source was set at 188,000 kw by Clema. It was a part of the request by both public and private utilities in the basin for 747,000 kw. Secretary of Interior McKay noted Wednesday that the requests totalled more than double the expected production.

Clema said Consumers Public Power District, the 27 rural systems and the nine municipalities in the Nebraska Public Power system account for 100,000 kw. The Omaha Public Power District and municipalities not in NPPS have asked for the remaining 88,000.

Clema said estimates of future power needs generally followed the rising use curves of recent years conservatively projected forward to 1956. Further evidence of need, he said, was the critical narrowing of production reserve in existing generating facilities.

A story on Secretary of Interior McKay's announcement is on Page 6.

Nebraska, he indicated, is not far away from a power shortage.

"But the question of relief from South Dakota-Missouri Basin power is still academic," Clema said. "There are other factors than Nebraska's request and McKay's two-to-one figure.

"The request for 188,000 kilowatts points up the fact that only one transmission line (O'Neill to Randall) presently exists to deliver basin power to Nebraska. And its capacity is only 50,000 kw.

"The proposed line from Gavins Point to Belden is not built. We have asked the Nebraska congressional delegation to request funds for it. But none are included in the Eisenhower budget."

Clema said that modification of the long-standing policy by the Department of Interior did more than touch on new power criteria and disposition of federally-generated power with less favor to public power agencies. The modification also cooled the federal attitude toward constructing transmission lines from generating centers to load centers, Clema said.

He pointed out that while Nebraska is wholly in the Missouri Basin and a completely integrated power state, it has only 40 miles of federal transmission lines representing an investment of $550,000.

"Montana," he said, "has 875 miles at $9,300,000; North Dakota has 780 miles at $13,500,000; South Dakota 1,250 miles at $21,350,000, while Minnesota, of which only a small portion is in the area, has 50 miles at $1,300,000."

Consumers Will Build Power Plant In East

Size, Location Not Yet Determined; Financing To Be By Revenue Bonds

Lincoln Star Special

COLUMBUS, Neb.—The Consumers Public Power District is proceeding immediately with plans and specifications for the construction of a steam power plant in eastern Nebraska. This action was taken by its board of directors at a meeting held in Columbus Wednesday.

The size and location of the plant are still matters for final determination, according to district officials.

The size of the plant will depend upon whether it will provide additional capacity for only Consumers' customers or whether other Public Power Agencies which are likewise confronted with increasing loads wish Consumers district to include capacity for them, also.

District officials stated that electric loads are continuing to increase and although substantial quantities of power will be available from the Missouri River Basin dams in South Dakota in the years 1954, 1955, and 1956, there will still be a shortage of power for the 95,000 customers in its eastern system by late 1956 or early 1957 unless new steam generating capacity is installed by that time.

Three Years To Build

All the major equipment in a plant such as is under consideration is manufactured for the particular job and under present conditions requires almost three years from the time engineering is started and orders are placed until the equipment can be installed and ready to produce electricity.

The plan will be financed by revenue bonds issued by Consumers consolidated eastern system, which furnishes service to 323 cities, towns and villages in the eastern two-thirds of the state, excluding the Omaha area.

The last bonds issued by the district in 1951 drew an average interest rate of 1.79 per cent. However, the general level of interest rates has increased since that time and some higher interest rate is contemplated at this time. The Consumers' bonds currently are rated "A" by Moody's Investors Service, which rates various securities over the entire country.

Officials pointed out that the proposed plans for its eastern system do not include any facilities for its western system, as power plant additions are also under consideration for the western area of the state.

Cost Factor Cited

The Consumers' board in its action to create the new plant, cited the fact that the "original premise" of the contracts with the Nebraska Public Power System was that an "adequate and dependable supply of power could be provided at a cost to Consumers district at a cost no greater than that obtained by construction of its (Consumers) own facilities."

The board's resoluution further stated that "intensive studies and investigations have consistently determined to the satisfaction of this board that substantially higher costs will result if such additional generating capacity is financed by the Loup River or Platte district as compared to being financed by Consumers district."

Taking cognizance of the fact that the "primary responsibility of providing a dependable supply of electricity for Consumers' customers at as low a cost as possible, consistent with good service must rest with the board of directors," the board said such service "can only be contracted to others when and to the extent that such action results in benefits to said customers of Consumers district."

All grain in Hill-Fairchild Elevator at Lincoln is for sale. Call 2-8255, ask for Mr. Doane Insurance Co. representative.—Adv.

Moore Defeats Maxim To Keep Light-Heavy Title

Archie Moore knocked Challenger Joey Maxim down twice Wednesday night enroute to a successful defense of his light-heavyweight boxing crown. Moore scored a unanimous 15-round decision. Details and picture on Page 15.

2 Airmen Executed On Guam

GUAM (Thursday) (AP)—Two Air Force enlisted men were hanged here today for the 1948 jungle rape-murder of pretty Ruth Farnsworth of San Francisco.

The pair, Herman T. Dennis, 25, of Indianapolis, and Robert W. Burns, 36, of Spokane, Wash., walked separately to their deaths up the 17 steps to a 10 foot-high gallows.

A court-martial convicted them of the slaying after a specialist flown out from the United States with lie detecting equipment had solved the baffling case.

The Farnsworth girl, a civilian employee of the Navy, was found battered and unconscious in dense jungle back of the curio shop where she worked nights. She had been dragged there Dec. 11 and died two days later in a hospital.

She was 27, engaged to a Marine serving then on Guam and had planned to leave in two months for a wedding at home.

Briefing For Mothers March On Polio

—Big 4 Parley—

West Still Says 'No' To Reds

Soviets Switch Tactics To Get 5-Power Talks

BERLIN (INS) — Russia switched to economic tactics Wednesday in its battle for a Big Five conference at which Red China could play "a helpful role," but Western statesmen were still saying "no" Wednesday night.

Soviet Foreign Minister V. M. Molotov at the Big Four conference called for increased East-West trade and dropping of barriers preventing shipment of strategic goods behind the Iron Curtain.

He said commercial relations—particularly with Communist China and its vast population—are important in easing international tensions, which tend to be aggravated by the present state of affairs.

Until now, Molotov has fought on the political plane to get Russia's Chinese ally admitted to a conference on global issues.

Wednesday, he charged the Soviet approach after the U.S., Britain and France formally rejected a Big Five meeting in the spring as proposed by Molotov on the basis he had outlined.

The U.S. had prodded Molotov to drop the Big Five question and turn to the "urgent" German and Austrian issues. The Russians suggested also that Korea and Indo-China could be discussed at a Big Five parley. The Indo-Chinese bait evidently was directed at France.

Molotov, who has been accused of trying to split the Allies, probably had his eye on Britain when he talked about more East-West trade. The British, who recognize Red China, are anxious about their trade situation.

(A 33-member British trade mission arrived in Moscow by plane Wednesday night.)

After Wednesday's session, Molotov reportedly proposed to Eden privately a vast expansion in East-West trade designed to pave the way for disarmament without dislocating the economies of Western Europe.

The proposal, according to British sources, was made at a dinner given Molotov by Eden, who was described afterward as being "encouraged."

A U.S. spokesman Wednesday night sharply attacked the plan to give Red China a Big Five conference seat through the Berlin meeting. The spokesman called the Soviet proposal an attempt to replace the United Nations with another dominant organization composed of the big five powers.

Indications were Soviet Foreign Minister V. M. Molotov would renew the "battle of the Big Five" when the foreign ministers' conference resumes Thursday.

He will be chairman under the rotation system.

It appeared there was little hope U. S. Secretary of State Dulles, British Foreign Secretary Anthony Eden and French Foreign Minister Georges Bidault would be able to get on to the German and Austrian subjects on the agenda unless Molotov was willing.

Molotov returned to his fight to bring Red China into world councils after the Western ministers formally echoed Dulles' rejection Tuesday of the Russian plan to hold a spring Big Five meeting on world problems.

The Weather

NEBRASKA: Generally fair Thursday, warmer east Thursday and Thursday night. Highs Thursday 35 to 45 northeast, 45 to 55 southwest.

KANSAS: Generally fair and mild Thursday. Highs Thursday 50s east and north, near 60 southwest.

Turkish President Greeted In Washington

Vice President Richard Nixon gives an official welcoming handshake to Turkish President Celal Bayar on his arrival at National Airport in Washington before a lengthy tour of the country. Mrs. Bayar is at the center. President Eisenhower Wednesday night awarded the Legion of Merit to Bayar "for exceptionally meritorious conduct in the performance of outstanding services." **(AP Wirephoto Wednesday Night.)**

Discrimination Hurts U.S. In U.N., Urban League Told

By BARCLAY BAYLEY
Star Staff Writer

The worst mark against the United States in the United Nations is the inability of other countries to understand how we can preach democracy and yet practice discrimination against persons because of national origin, color or religion.

That was the opinion expressed by the Rev. Archibald J. Carey Jr., of Chicago at the 22nd annual meeting of the Lincoln Urban League at the Cornhusker Hotel Wednesday night.

The Rev. Mr. Carey is the first alternate delegate for the U. S. to the U. N. General Assembly.

Choice Difficult

"The thing that most divides the United Nations," the Negro minister said, "is the choice between Russian Communism and the democracy of the United States."

The U. S. could make the choice much easier, he said, if we "reconcile our professions with our practices." When these internal distinctions of race, color and creed are banished, he declared, this country will be a long way toward easing the choice between Russia and the U. S.

The Rev. Carey said that the place to make this improvement is in one's daily life—"in the little circle where we have the most influence."

Self Interest

The majority, he declared, must always remember that it is in their own "enlightened self interest to allow every citizen to develop to the best best of his ability."

Continuing to allow discrimination, he declared, "will do immeasureable, if not irreparable, damage to this country in the eyes of the rest of the world."

Mrs. Lytle Head Of Urban League

Mrs. Kathryn Lytle was elected president of the Lincoln Urban League Wednesday evening at the annual meeting.

Other officers are: Asa Waters, first vice president; Mrs. Elma Horne, second vice president; Mrs. Agenese Adams, secretary, and Miss Anna Smrha, treasurer.

The following two committees were also named:

Finance

Asa Waters, chairman

Mrs. Everett Angle
Fred Nevels
Joe Ginsburg
Howard Molden

Personnel, Nominating

Mrs. Elma Horne, chairman

Lowell Boomer
Melvin Walker
Mrs. Estelle Davis
Mrs. Basilia Bell
James Stewart
Dr. E. Glenn Callen

Few Injured In Mexico City Blaze

MEXICO CITY (AP) — One of Mexico City's most spectacular fires in years Wednesday night destroyed the Granat Theater. Police said quick action by theater employees averted a panic and there were no fatalities. Only a few of the audience of 1,500 persons were injured in escaping from the burning building, authorities stated.

An explosion in the projection room touched off the fire.

The audience escaped through fire exits as flames billowed through the theater which has a seating capacity of 3,500. It is located in downtown Mexico City in a heavily populated market and industrial area not far from the railroad station.

A crowd of over 25,000 quickly gathered, hampering work of police and rescue squads. Flames were visible over a wide area of the city.

The film being shown at the time was "They Also Sing of Sadness."

Only minor injuries were reported. One person had a broken leg, a woman suffered smoke poisoning and several reported minor burns.

Spilled Turpentine Is Cause Of Quick Blaze; No Damage

A small daughter of Mrs. E. A. Schroeder of 5204 Cooper had a rough start Wednesday evening when she accidentally spilled some turpentine down the register leading to the furnace.

The turpentine ran into the furnace just underneath the floor, causing a quick blaze of flame. Mrs. Schroeder came to the rescue and threw water on the furnace.

Firemen from College View and University Place, called to the fire by the 5:58 p.m. alarm, arrived but were not needed.

No damage was reported.

National Science Foundation Gives $10,000 For NU Project

The National Science Foundation Wednesday announced in Washington a grant of $10,000 to the University of Nebraska for a research project to be conducted under the direction of Associate Prof. Herbert Jehle of the physics department.

Jehle

The grant, similar to others financing University research projects, will be used to continue a study already begun, Jehle said, by a group of graduate students under his direction. The grant is to cover two years' work.

The funds will provide pay for assistants, as well as certain very complicated mathematical computations which must be done on an electronic calculator at the University of Illinois. The project was begun under an $1,800 grant from Research Corporation, a privately endowed organization which finances research projects.

Working on the project will be William L. Bade, Jerrold M. Yos and Norman R. Zabel, all physics students working for their doctorates. Others who have assisted Jehle in the present project are William G. Leavitt and Hugo Ribeiro, both of the University.

Jehle said the project will involve a study of the self-duplication of genes, which has been explained on a basis of specific strong attraction between identical macro (large) molecules.

The basic physics of this problem is already understood, Jehle said, and the project will seek to apply that to structures of complicated molecules. He explained the study as involving highly complicated mathematical computations and physics to explain a biological phenomenon.

Ponder Peace Talks

Special Envoy And 16 Other Nations' Spokesmen Meet

No Decision Made

WASHINGTON (INS)—Special Ambassador Arthur Dean discussed possible resumption of the Korean peace talks with the United Nations allies Wednesday, but the U.S. withheld its decision on getting the negotiations under way again.

Dean was summoned from New York to confer with spokesmen of the 17 countries with troops in Korea on the latest Communist proposal for reviving the talks.

The group met for about an hour, during which it also took up an Indian proposal that the U. N. General Assembly be reconvened to discuss the entire Korean problem.

After the meeting the State Department issued this statement:

"At the meeting of representatives of the United Nations with troops in Korea and the Republic of Korea, there was an exchange of views on the questions of reconvening of the General Assembly as proposed by the government of India and of the present status of negotiations for a Korean political conference in the light of the Communist letter to Ambassador Dean.

Nothing To Add

Asked whether any decisions were reached at the meeting, a State Department spokesman said he could add nothing to the formal statement.

The Reds made their proposal for resuming the discussions directly to Dean, who broke off the negotiations Dec. 12 after the Communists accused the U.S. of perfidy.

The ambassador was asked upon his arrival at the Washington airport: "Are you going back to Korea?"

Dean replied with a smile: "I won't be able to say anything about that until after a meeting with the United Nations Korean Allies.

Dean Shrugs

Asked whether he thought anything would be accomplished if he were to return to Panmunjom, he merely shrugged.

The Communists, in a 600-word letter to Dean Tuesday, accused the United States of "obstructive" and "delaying" tactics and called for the talks to be resumed.

Although the United States is not bound to consult with her Allies, the official said the State Department had promised that a meeting would be held so they could have the opportunity to express their views on strategy.

Dean walked out of the Korean talks when the Reds charged the United States had connived with South Korea in releasing 27,000 anti-Red prisoners of war.

Record U.S. Refinancing Step Taken

WASHINGTON (AP) — The most gigantic refinancing operation in U. S. history was undertaken Wednesday. Under it the Treasury will seek to convert 21 billion dollars of five outstanding security issues into two new issues.

Three major aims were seen in the big transaction:

1. To take advantage of comparatively low interest rate. The demand for money has fallen off, as shown by a decrease in bank loans, and hence interest rates are lower than some expert figures they might be later.
2. To convert more of the government's securities into medium or long term obligations, if possible.
3. To reduce the number of maturities of government securities.

Rep. Curtis Says He Voted Against Bond Tax

Rep. Carl Curtis (R-Neb) told the Associated Press in Washington that he had voted against a measure passed by the Ways and Means Committee which would tax the income from industrial development bonds of states and subdivisions.

City officials were disturbed by the action of the committee, of which Curtis is a member. They said the action would reverse the standing position of not taxing governmental subdivisions' bonds.

Ike Tells Of Philosophy Opposites

WASHINGTON (INS) — President Eisenhower drew a sharp line Wednesday between his administration's philosophy and that of the New Deal and said he seeks to be "liberal" in human relationships but "conservative" in economic affairs.

The Chief Executive authorized direct quotation of his news conference statement defining his philosophy of government, which was as follows:

"When it comes down to dealing with the relationships between the human in this country and his government, the people in this administration believe in being what I think we would normally call liberal, and when we deal with the economic affairs of this country we believe in being conservative."

Points To Budget

The President's statement came when a newsman said: "Some people have characterized your legislative program as an extension of the New Deal. I think former President Truman is one who has done that."

Mr. Eisenhower replied that the best comment on that is to take a look at the budget he has submitted to Congress. He said that while previous administrations were plunging the country increasingly into debt, he was trying to reduce government expenditures and go the other way.

He then defined his administration's basic philosophy.

Other Highlights

Other news conference highlights:

1. Mr. Eisenhower said he was so disturbed when he read of the arrest of Cpl. Edward S. Dickensen that he immediately called defense Secretary Charles E. Wilson. He added that Wilson will see to it that no injustice is done the young GI who changed his mind about staying with the Communists.

2. He declared he fully supported the Army's action in ordering dishonorable discharges for the 21 U. S. soldiers who cast their lot with the Reds.

3. The President agreed to consider a proposal that some kind of honorable discharge certificates be given government employees leaving under normal conditions, so they would have proof they were not fired as security risks.

4. Mr. Eisenhower said he has decided against renewing his request for a "freeze" in the Social Security tax rate in view of the broadened old-age insurance coverage he has recommended to congress.

5. He said Rep. Robert L. Condon (D-Calif), accused of once attending a "closed Communist meeting" and barred from witnessing atomic tests, should be given every chance to clear himself.

6. The President expressed utmost confidence that Secretary of State John Foster Dulles will carry out the policies of the United States in the Big Four meeting at Berlin, on Red China and other East-West issues.

7. In response to questions, Mr. Eisenhower observed that all he knows about prospects for a compromise on the controversial Bricker Amendment to limit presidential treaty-making powers is what he reads in the newspapers.

FBI Tells Police Chief Woman Here Wanted In Texas

Police Chief Joe Carroll reported Wednesday he had received a telegram from the Federal Bureau of Investigation in Washington informing him that Patsy Hamilton, 21, of Dallas, Tex., is wanted in Ft. Worth, Tex., for the attempted murder of her husband.

The woman has been held here by police since she was picked up at Ashland following the attempted burglary of Leon's Food Mart. Her four companions have pleaded guilty to charges of burglary and are awaiting sentencing.

No charges have been filed against her by officials here and Carroll said officials of Ft. Worth haven't indicated they are seeking her return.

In PURSUIT of HAPPINESS

By J. GORDON ROBERTS

Fear burdens the human race.

People are frightened that they might not be adequate in their relationships with one another.

They seek "glory" to overcome this fear.

They turn to unwarranted use of drugs or alcohol to overcome this fear.

They may turn to drugs or alcohol in the subconscious attempt to resolve some problem hidden deeply in their childhood memory, some problem based upon a fear encountered early in life.

In the case of drugs, they may find themselves trapped in an adult situation far worse than anything they might ever have encountered in childhood. The body develops an antidote to drugs beyond that actually needed to offset it. This antidote inflicts frightful punishment upon the nervous system, punishment simply beyond most human power to endure.

The addict tries to offset the antidote rather than seek the "pleasures" brought about by drugs. Many addicts would give their very soul just to be normal again.

The alcoholic may try to turn back the clock. He may subconsciously try to resolve some problem of early childhood through taking himself back to that period through alcohol.

But his mind blanks out on him, and he is repeatedly frustrated—until the alcohol, itself, becomes more of a problem than the one he originally tried to solve.

Through association with others facing the same affliction, he may find means of overcoming his fear

Except in the case of actual pain, even the mildest sedatives are usually taken to overcome fear, conscious or unconscious. But fears may not be resolved through pills or through becoming pickled but rather through right association with other people. Through friendly associations.

Everyone becomes weary of associations with people who must constantly be placated to overcome hostility.

This column runs Monday through Friday.

Safety Council Elects Officers

Elected officers of the Lincoln-Lancaster Safety Council at the 11th anniversary meeting of the group at Cotner Terrace are (left to right): President Miles Johnston, Mrs. C. M. Stewart, recording secretary; Leona Ress, treasurer; and Wilton Van Sickle, second vice-president. Not in picture is William Stam, first vice-president. (Star Staff Photo.)

Johnston Re-Elected President Of City-County Safety Council

Miles W. Johnston was re-elected president of the Lincoln-Lancaster Safety Council Wednesday night at the 11th anniversary dinner of the group at Cotner Terrace.

Other newly elected and re-elected officers:

William Stam, first vice president.

Wilton Van Sickle, second vice president.

Mrs. C. M. Stewart, recording secretary (re-elected).

Leona Ress, treasurer (re-elected).

The following were elected to the board of governors of the organization for a three year term:

Marion Paddis
Ruth Hovland
Mrs. L. M. Kahn
Howard Moulton
Mayme Stickel
Wilton Van Sickle
Al Werner

Guest speakers before the crowd of 100 were Anthony J. Drahurd, safety engineer, and Lt. Bernard Kaldahl, both of the Omaha Aircraft Filter Center.

Drahurd said that "sixty per cent of the safety problem of the air force personnel is off the base."

"We hardly had any problem on the SAC base," he said, "even though the men handled missles and other dangerous weapons."

Because of the special safety program at the SAC base, Drahurd said the reduced number of injuries saved the air force $200,000 in two months.

"We need to sell our legislatures on the idea that a small part of the tax dollar could be used for a safety program," he said.

Lt. Kaldahl told the members of the Safety Council that the civilian defense filter center is here primarily to save lives.

"Your's is an immediate problem," he said, "our's is in the future."

He said that if there were enough ground observer posts "we could possibly get enough advance notice so we could do something about an attack."

"Our program is one of preparedness," Kaldahl said.

News Around The Globe

Probe Launched

WASHINGTON (AP)—The Federal Trade Commission, with the blessing of President Eisenhower, Wednesday launched a full-scale investigation to find out whether the high price of coffee is due to speculation and monopoly.

Two Senate committees also said they also are looking into the situation which has put retail coffee prices above $1 a pound and threatens even higher prices.

But there was no immediate indication that the price would come back down. Trade sources have insisted there just isn't enough coffee to meet the demand.

U.S. Butter Studied

WASHINGTON (AP) — Chairman Aiken (R-Vt) of the Senate Agriculture Committee said Wednesday night the government is considering a plan to get rid of its huge stock of butter by putting in on the retail market at a price much lower than the prevailing figure.

Aiken said the proposed plan was discussed at a closed door meeting of his committee Wednesday but that no decision on it was reached. Howard Gordon, head of the Commodity Credit Corporation (CCC), the Agriculture Department agency which holds the huge surplus food stocks now in the government's hands, told the senators of the plan but did not officially endorse it, Aiken said.

Ammo Cut Seen

WASHINGTON (AP)—Rep. Brooks (D-Ala), a member of the House Armed Services Committee, said Wednesday that a drastic cutback in production of ammunition likely will be necessary later this year.

"The rapidity with which we are replenishing supplies of ammunition is astonishing," Brooks said, adding that production is far beyond what Army ordnance experts expected.

Red Views Denied

WASHINGTON (AP) — Rep. Robert L. Condon (D-Calif) testified Wednesday he once belonged to two organizations later cited as Communist fronts. He denied, however, that he had any Communist or Marxist views at any time.

Condon appeared for a second day before the Senate-House Atomic Energy Committee as President Eisenhower told a news conference the Californian has every right to defend himself against charges which led to his being barred from an atomic weapon test.

$100 Saw Stolen

Theft of a $100 electric power saw and a $4 pair of tin snips from the Elmer Block farm, located 1½ miles south of the Turnpike on Highway 77, has been reported to the Sheriff's office.

Advisory Health Unit Backs 'A' Milk Law Enforcement

By BILL DOBLER
Star Staff Writer

The Community Advisory Health Council has adopted a resolution extending a vote of confidence in the manner in which the City-County Health Department is attempting to enforce the milk ordinance and stop the processing of other than grade A milk by Lincoln dairies.

The action followed an hour-long debate on the pros and cons of such processing and the problems involved. The debate was in the form of a panel discussion by Health Department officials, doctors and dairy representatives.

Leading off the discussion, L. A. Sanger, Department sanitarian, stated that city ordinances definitely prohibit the sale of anything other than grade A milk in Lincoln. But, he said, Lincoln processing plans (dairies) are processing other grades of milk for various uses.

This processing of lower grades with the same machinery and equipment used for grade A milk, said Sanger, constitutes a potential danger to the grade A milk.

Dr. G. E. Stafford, pediatrician, told the group that the doctors were mainly concerned with development of a product from which all milk diseases have been eradicated. He noted that there are very few, if any, diseases from milk in Lincoln now.

From one dairy representative, Dean Jones, came the statement that Roberts Dairy would no longer be accepting any ungraded milk after March 1. The dairies, he noted, have two interests—a public health interest and an economic interest.

None of the dairies sell grade C milk in Lincoln but both Jones and Clyde Underwood of Fairmont stated that they use grade C milk in such products as cheese, butter and ice cream. Jones stated that his company would depend upon a surplus of grade A milk to continue the manufacture of those products after March 1.

According to Underwood, it has never been shown that the handling of two grades of milk in any way hurt the top grade. Grade A milk is processed one day, he explained, and grade C milk processed another day.

Under questioning Jones stated that any of the dairies would be happy to sit down and show grade C milk producers how they could profit from changing to grade A production. He denied that the drive against grade C processing was "merely an effort to squeeze out the little fellow."

It was noted by Sanger that there are now only 52 grade A milk producers in the 23 counties which make up the Lincoln milkshed.

The Grade A Producers Marketing Association, through Executive Secretary John Hancock, recommended that existing laws be amended to prohibit producers from handling other than grade A milk. He noted that grade A producers are put to much extra expense to comply with the grade A requirements.

Existing city milk laws, according to Dr. James T. Googe, director of the City-County Health Department, might be sufficient to stop processing of other than grade A milk if they were enforced but amendments should be made to make the law perfectly clear. He quoted from the city's ordinance which says in part: "No person shall within the municipality of the city of Lincoln, Neb., or its police jurisdiction, produce, sell, offer or expose for sale, or have in possession with intent to sell, any milk or milk product which is adulterated, misbranded or ungraded."

Dr. Googe stated that while there may be no diseases directly connected with ungraded milk at this time, that there is the possibility of such diseases. The Health Department, he said, does not inspect other than grade A producers so does not know what other milk contains or its grade.

The meeting was sponsored by the Advisory Health Council.

Chicago Baby, Barred From Hospital, Dies

CHICAGO (AP)—Coroner Walter E. McCarron said Wednesday he will check emergency treatment arrangements in every hospital in Cook County because a scalded baby died after it was moved from one hospital to another.

State's Atty. John Gutknecht announced that he has asked a reappraisal of all tax-exempt hospitals in the county to determine if they do qualify for the listing as tax free "because they are truly charitable or beneficent institutions."

Gutknecht said that Woodlawn Hospital—from which the scalded child was turned away—had been granted such tax exemption.

The baby, 5-month-old Laura Helen Lingo, was scalded by a vaporizer Jan. 17. Mrs. Irene Lingo, 23, the mother, testified at the coroner's inquest that an intern at Woodlawn Hospital barred her baby from remaining there because she could not put up a deposit of $100.

Rubey E. Williams Dies; Had Lived Here Since 1922

Rubey E. Williams, 53, 644 No. 30th, car man at the Burlington Havelock shops, died suddenly Wednesday night at his home.

He had been a Lincoln resident since 1922 when he went to work at the shops. Mr. Williams was born in Illinois.

Surviving are his wife, Hazel; a daughter, Mrs. Marjorie DeVore of Lincoln; a son, Robert of Holdrege; two sisters, Mrs. Emma Steube of Omaha and Mrs. C. L. Ike of McCook; two brothers, C. E. Williams of Hastings and James Williams of Scottsbluff, and two granddaughters.

Hawaii Bill Sent From Committee; Alaska Action Held

WASHINGTON (INS) — The Senate Interior Committee reversed itself Wednesday and voted to send an Hawaiian statehood bill to the floor separate from a similar measure for Alaska.

Chairman Hugh Butler (R-Neb.), announced after a closed meeting that the group agreed to vote on an Alaskan bill Feb. 4.

Wednesday's action rescinded a committee vote last week to lump statehood for the two territories in a single piece of legislation. President Eisenhower has recommended that Hawaii, but not Alaska, be brought into the union.

The Hawaiian bill sent to the floor by a 13 to 3 committee vote is almost the same as that passed by the House last year except that the new state would have two House seats instead of one, and the island of Palmyra would be excluded.

Reversal of the committee's previous vote followed an agreement in which Sen. Henry Dworshak (R-Ida) voted to report the Hawaiian measure in return for Butler's pledge to act swiftly on the Alaskan bill.

Requirement Hike Is Requested By Advisory Council

The Advisory Health Council Wednesday adopted a resolution requesting the State Board of Health to require the following qualifications, in addition to those now required by state law, of the person selected as state health director:

1. Qualified or eligible for qualification by the American Board of Preventive Medicine as established by the American Medical Association and as a very minimum, have the degree of master of public health from a recognized school of public health.

2. Several years experience in public health work.

3. Professional training and experience as least equal to the standards required for the office of the county health officer in the most populous counties in the state.

OPEN THURSDAY EVENING

Ike Tells Of Philosophy Opposites

WASHINGTON (INS) — President Eisenhower drew a sharp line Wednesday between his administration's philosophy and that of the New Deal and said he seeks to be "liberal" in human relationships but "conservative" in economic affairs.

The Chief Executive authorized direct quotation of his news conference statement defining his philosophy of government, which was as follows:

"When it comes down to dealing with the relationships between the human in this country and his government, the people in this administration believe in being what I think we would normally call liberal, and when we deal with the economic affairs of this country we believe in being conservative."

Points To Budget

The President's statement came when a newsman said: "Some people have characterized your legislative program as an extension of the New Deal. I think former President Truman is one who has done that."

Mr. Eisenhower replied that the best comment on that is to take a look at the budget he has submitted to Congress. He said that while previous administrations were plunging the country increasingly into debt, he was trying to reduce government expenditures and go the other way.

He then defined his administration's basic philosophy.

Other Highlights

Other news conference highlights:

1. Mr. Eisenhower said he was so disturbed when he read of the arrest of Cpl. Edward S. Dickensen that he immediately called defense Secretary Charles E. Wilson. He added that Wilson will see to it that no injustice is done the young GI who changed his mind about staying with the Communists.

2. He declared he fully supported the Army's action in ordering dishonorable discharges for the 21 U. S. soldiers who cast their lot with the Reds.

3. The President agreed to consider a proposal that some kind of honorable discharge certificates be given government employees leaving under normal conditions, so they would have proof they were not fired as security risks.

4. Mr. Eisenhower said he has decided against renewing his request for a "freeze" in the Social Security tax rate in view of the broadened old-age insurance coverage he has recommended to congress.

5. He said Rep. Robert L. Condon (D-Calif), accused of once attending a "closed Communist meeting" and barred from witnessing atomic tests, should be given every chance to clear himself.

6. The President expressed utmost confidence that Secretary of State John Foster Dulles will carry out the policies of the United States in the Big Four meeting at Berlin, on Red China and other East-West issues.

7. In response to questions, Mr. Eisenhower observed that all he knows about prospects for a compromise on the controversial Bricker Amendment to limit presidential treaty-making powers is what he reads in the newspapers.

FBI Tells Police Chief Woman Here Wanted In Texas

Police Chief Joe Carroll reported Wednesday he had received a telegram from the Federal Bureau of Investigation in Washington informing him that Patsy Hamilton, 21, of Dallas, Tex., is wanted in Ft. Worth, Tex., for the attempted murder of her husband.

The woman has been held here by police since she was picked up at Ashland following the attempted burglary of Leon's Food Mart. Her four companions have pleaded guilty to charges of burglary and are awaiting sentencing.

No charges have been filed against her by officials here and Carroll said officials of Ft. Worth haven't indicated they are seeking her return.

Safety Council Elects Officers

Elected officers of the Lincoln-Lancaster Safety Council at the 11th anniversary meeting of the group at Cotner Terrace are (left to right): President Miles Johnston, Mrs. C. M. Stewart, recording secretary; Leona Ress, treasurer; and Wilton Van Sickle, second vice-president. Not in picture is William Stam, first vice-president. **(Star Staff Photo.)**

Johnston Re-Elected President Of City-County Safety Council

Miles W. Johnston was re-elected president of the Lincoln-Lancaster Safety Council Wednesday night at the 11th anniversary dinner of the group at Cotner Terrace.

Other newly elected and re-elected officers:

William Stam, first vice president.

Wilton Van Sickle, second vice president.

Mrs. C. M. Stewart, recording secretary (re-elected).

Leona Ress, treasurer (re-elected).

The following were elected to the board of governors of the organization for a three year term:

Marion Paddis
Ruth Hovland
Mrs. L. M. Kalin
Howard Moulton
Mayme Stickel
Wilton Van Sickle
Al Werner

Guest speakers before the crowd of 100 were Anthony J. Drahurd, safety engineer, and Lt. Bernard Kaldahl, both of the Omaha Aircraft Filter Center.

Drahurd said that "sixty per cent of the safety problem of the air force personnel is off the base."

"We hardly had any problem on the SAC base," he said, "even though the men handled missles and other dangerous weapons."

Because of the special safety program at the SAC base, Drahurd said the reduced number of injuries saved the air force $200,000 in two months.

"We need to sell our legislatures on the idea that a small part of the tax dollar could be used for a safety program," he said.

Lt. Kaldahl told the members of the Safety Council that the civilian defense filter center is here primarily to save lives.

"Your's is an immediate problem," he said, "our's is in the future."

He said that if there were enough ground observer posts "we could possibly get enough advance notice so we could do something about an attack."

"Our program is one of preparedness," Kaldahl said.

News Around The Globe

Probe Launched

WASHINGTON (AP)—The Federal Trade Commission, with the blessing of President Eisenhower, Wednesday launched a full-scale investigation to find out whether the high price of coffee is due to speculation and monopoly.

Two Senate committees also said they also are looking into the situation which has put retail coffee prices above $1 a pound and threatens even higher prices.

But there was no immediate indication that the price would come back down. Trade sources have insisted there just isn't enough coffee to meet the demand.

U.S. Butter Studied

WASHINGTON (AP) — Chairman Aiken (R-Vt) of the Senate Agriculture Committee said Wednesday night the government is considering a plan to get rid of its huge stock of butter by putting in on the retail market at a price much lower than the prevailing figure.

Aiken said the proposed plan was discussed at a closed door meeting of his committee Wednesday but that no decision on it was reached. Howard Gordon, head of the Commodity Credit Corporation (CCC), the Agriculture Department agency which holds the huge surplus food stocks now in the government's hands, told the senators of the plan but did not officially endorse it, Aiken said.

Ammo Cut Seen

WASHINGTON (AP)—Rep. Brooks (D-Ala), a member of the House Armed Services Committee, said Wednesday that a drastic cutback in production of ammunition likely will be necessary later this year.

"The rapidity with which we are replenishing supplies of ammunition is astonishing," Brooks said, adding that production is far beyond what Army ordnance experts expected.

Red Views Denied

WASHINGTON (AP) — Rep. Robert L. Condon (D-Calif) testified Wednesday he once belonged to two organizations later cited as Communist fronts. He denied, however, that he had any Communist or Marxist views at any time.

Condon appeared for a second day before the Senate-House Atomic Energy Committee as President Eisenhower told a news conference the Californian has every right to defend himself against charges which led to his being barred from an atomic weapon test.

$100 Saw Stolen

Theft of a $100 electric power saw and a $4 pair of tin snips from the Elmer Block farm, located 1½ miles south of the Turnpike on Highway 77, has been reported to the Sheriff's office.

In PURSUIT of HAPPINESS

By J. GORDON ROBERTS

Fear burdens the human race.

People are frightened that they might not be adequate in their relationships with one another.

They seek "glory" to overcome this fear.

They turn to unwarranted use of drugs or alcohol to overcome this fear.

They may turn to drugs or alcohol in the subconscious attempt to resolve some problem hidden deeply in their childhood memory, some problem based upon a fear encountered early in life.

In the case of drugs, they may find themselves trapped in an adult situation far worse than anything they might ever have encountered in childhood. The body develops an antidote to drugs beyond that actually needed to offset it. This antidote inflicts frightful punishment upon the nervous system, punishment simply beyond most human power to endure.

The addict tries to offset the antidote rather than seek the "pleasures" brought about by drugs. Many addicts would give their very soul just to be normal again.

The alcoholic may try to turn back the clock. He may subconsciously try to resolve some problem of early childhood through taking himself back to that period through alcohol.

But his mind blanks out on him, and he is repeatedly frustrated—until the alcohol, itself, becomes more of a problem than the one he originally tried to solve.

Through association with others facing the same affliction, he may find means of overcoming his fear.

Except in the case of actual pain, even the mildest sedatives are usually taken to overcome fear, conscious or unconscious. But fears may not be resolved through pills or through becoming pickled but rather through right association with other people. Through friendly associations.

Everyone becomes weary of associations with people who must constantly be placated to overcome hostility.

This column runs Monday through Friday.

Advisory Health Unit Backs 'A' Milk Law Enforcement

By BILL DOBLER
Star Staff Writer

The Community Advisory Health Council has adopted a resolution extending a vote of confidence in the manner in which the City-County Health Department is attempting to enforce the milk ordinance and stop the processing of other than grade A milk by Lincoln dairies.

The action followed an hour-long debate on the pros and cons of such processing and the problems involved. The debate was in the form of a panel discussion by Health Department officials, doctors and dairy representatives.

Leading off the discussion, L. A. Sanger, Department sanitarian, stated that city ordinances definitely prohibit the sale of anything other than grade A milk in Lincoln. But, he said, Lincoln processing plans (dairies) are processing other grades of milk for various uses.

This processing of lower grades with the same machinery and equipment used for grade A milk, said Sanger, constitutes a potential danger to the grade A milk.

Dr. G. E. Stafford, pediatrician, told the group that the doctors were mainly concerned with development of a product from which all milk diseases have been eradicated. He noted that there are very few, if any, diseases from milk in Lincoln now.

From one dairy representative, Dean Jones, came the statement that Roberts Dairy would no longer be accepting any ungraded milk after March 1. The dairies, he noted, have two interests—a public health interest and an economic interest.

None of the dairies sell grade C milk in Lincoln but both Jones and Clyde Underwood of Fairmont stated that they use grade C milk in such products as cheese, butter and ice cream. Jones stated that his company would depend upon a surplus of grade A milk to continue the manufacture of those products after March 1.

According to Underwood, it has never been shown that the handling of two grades of milk in any way hurt the top grade. Grade A milk is processed one day, he explained, and grade C milk processed another day.

Under questioning Jones stated that any of the dairies would be happy to sit down and show grade C milk producers how they could profit from changing to grade A production. He denied that the drive against grade C processing was "merely an effort to squeeze out the little fellow."

It was noted by Sanger that there are now only 52 grade A milk producers in the 23 counties which make up the Lincoln milkshed.

The Grade A Producers Marketing Association, through Executive Secretary John Hancock, recommended that existing laws be amended to prohibit producers from handling other than grade A milk. He noted that grade A producers are put to much extra expense to comply with the grade A requirements.

Existing city milk laws, according to Dr. James T. Googe, director of the City-County Health Department, might be sufficient to stop processing of other than grade A milk if they were enforced but amendments should be made to make the law perfectly clear. He quoted from the city's ordinance which says in part: "No person shall within the municipality of the city of Lincoln, Neb., or its police jurisdiction, produce, sell, offer or expose for sale, or have in possession with intent to sell, any milk or milk product which is adulterated, misbranded or ungraded."

Dr. Googe stated that while there may be no diseases directly connected with ungraded milk at this time, that there is the possibility of such diseases. The Health Department, he said, does not inspect other than grade A producers so does not know what other milk contains or its grade.

The meeting was sponsored by the Advisory Health Council.

Chicago Baby, Barred From Hospital, Dies

CHICAGO (AP)—Coroner Walter E. McCarron said Wednesday he will check emergency treatment arrangements in every hospital in Cook County because a scalded baby died after it was moved from one hospital to another.

State's Atty. John Gutknecht announced that he has asked a reappraisal of all tax-exempt hospitals in the county to determine if they do qualify for the listing as tax free "because they are truly charitable or beneficent institutions."

Gutknecht said that Woodlawn Hospital—from which the scalded child was turned away—had been granted such tax exemption.

The baby, 5-month-old Laura Helen Lingo, was scalded by a vaporizer Jan. 17. Mrs. Irene Lingo, 23, the mother, testified at the coroner's inquest that an intern at Woodlawn Hospital barred her baby from remaining there because she could not put up a deposit of $100.

Rubey E. Williams Dies; Had Lived Here Since 1922

Rubey E. Williams, 53, 644 No. 30th, car man at the Burlington Havelock shops, died suddenly Wednesday night at his home.

He had been a Lincoln resident since 1922 when he went to work at the shops. Mr. Williams was born in Illinois.

Surviving are his wife, Hazel; a daughter, Mrs. Marjorie DeVore of Lincoln; a son, Robert of Holdrege; two sisters, Mrs. Emma Steube of Omaha and Mrs. C. L. Ike of McCook; two brothers, C. E. Williams of Hastings and James Williams of Scottsbluff, and two granddaughters.

Hawaii Bill Sent From Committee; Alaska Action Held

WASHINGTON (INS) — The Senate Interior Committee reversed itself Wednesday and voted to send an Hawaiian statehood bill to the floor separate from a similar measure for Alaska.

Chairman Hugh Butler (R-Neb.), announced after a closed meeting that the group agreed to vote on an Alaskan bill Feb. 4.

Wednesday's action rescinded a committee vote last week to lump statehood for the two territories in a single piece of legislation. President Eisenhower has recommended that Hawaii, but not Alaska, be brought into the union.

The Hawaiian bill sent to the floor by a 13 to 3 committee vote is almost the same as that passed by the House last year except that the new state would have two House seats instead of one, and the island of Palmyra would be excluded.

Reversal of the committee's previous vote followed an agreement in which Sen. Henry Dworshak (R-Ida) voted to report the Hawaiian measure in return for Butler's pledge to act swiftly on the Alaskan bill.

Requirement Hike Is Requested By Advisory Council

The Advisory Health Council Wednesday adopted a resolution requesting the State Board of Health to require the following qualifications, in addition to those now required by state law, of the person selected as state health director:

1. Qualified or eligible for qualification by the American Board of Preventive Medicine as established by the American Medical Association and as a very minimum, have the degree of master of public health from a recognized school of public health.

2. Several years experience in public health work.

3. Professional training and experience as least equal to the standards required for the office of the county health officer in the most populous counties in the state.

Ike Studies 'Honorable Discharge' Plan

Would Go To 'Loyal' Employees

WASHINGTON (AP) — President Eisenhower, snapping up a woman newspaper correspondent's idea, said Wednesday he's going to find out if employees leaving federal jobs in good standing can be given some sort of "honorable discharge."

The purpose would be to protect them from suspicion that they were forced out of government as security risks.

Donald Dawson, who was patronage adviser to former President Truman, said in a speech Tuesday that under the Eisenhower administration any employee who leaves the government "runs the risk of being stigmatized as disloyal."

2,200 Dropped

Dawson was referring to the administration's emphasis on its employee security program. Eisenhower said early this month 2,200 federal workers have been lopped off the payroll on security grounds since he took office.

Sarah McClendon, correspondent for a group of Texas newspapers, brought up Dawson's statement at Eisenhower's news conference Wednesday and said it squares with the experience of an acquaintance of hers who recently quit his State Department job.

"Is there some way we can devolve a system for tagging these people, like the Army does, with honorable discharges and dishonorable discharges?" asked Miss McClendon.

Some of the other reporters laughed, but Eisenhower took the idea seriously.

Broad Term

First, he said, he's against charging anybody with disloyalty or subversive activity unless that is proved in a court of law.

Some employees are let go as security risks even though there's no evidence of subversion, Eisenhower went on. Officials have said the term security risk covers drunks, homosexuals and people who talk too much, as well as subversives.

As for distinguishing between security risks and employees who leave the government with no sort of stigma, Eisenhower said he thought this ought to be possible.

Frankly, Eisenhower said, he hadn't thought of this before. But he said he certainly would ask about it and see whether it can be done.

Libel, Slander Laws

Eisenhower also was asked about the action of a Norwalk, Conn., Veterans of Foreign Wars (VFW) post in forwarding to the FBI the names of Norwalk residents considered Communistic by a special post committee.

"Do you think," asked Ray Scherer, National Broadcasting Co., "this might be a threat to civil liberties?"

Eisenhower said, first, you can't very well stop people from writing down names and sending them to somebody.

But, he went on, there are libel and slander laws, and if you make false charges against someone you must be responsible for your own statements.

25,000 State Mothers To Join Polio March

The shriek of whistles will be heard in more than 55 Nebraska towns at 7 p.m. Thursday announcing the Mothers' March on Polio by some 25,000 women.

The women will be looking for a lighted porch, a handkerchief or shoe tied to a doorknob. These will signify that there is a donation to the March Of Dimes inside.

In Lancaster County more than 4,000 mothers will be out ringing doorbells, according to Mrs. Richard W. Smith, chairman for the March.

Reports from the entire state will be tabulated and released from state headquarters at the Cornhusker Hotel.

State headquarters will be lighted with an 800 million candlepower searchlight belonging to Burden Sales Company. The light can be seen for 20 miles.

Radio Aid

State Communications Chairman Tom Boydston, 810 So. 35th, has arranged for amateur radio communication with every county taking part in the March.

Francis Johnson, 820 So. 44th, will be in charge of a receiving and transmitting center at state headquarters.

Anyone who wants to contribute and has not been contacted by 8 p.m. can call 2-9385 and his address will be radioed from the transmitting center to mobile units spotted in school districts.

Firemen who are off duty, directed by Sal Jarasse, will handle the telephone at the headquarters, routing calls to cars in the districts.

Members of the Nebraska National Guard, under the direction of Col. Ivar Peterson, Lt. Col. Donald G. Penterman and Capt. John Carpenter, will man the mobile radio units.

20 Jeeps

Twenty jeeps and 40 Guardsmen will be available to aid in the March. Local ham radio operators also will help.

The mothers, some carrying a substantial amount of cash, will be protected by a state-wide network of volunteer policemen, firemen, and sheriff's officers headed by Col. C. J. Sanders, head of the Nebraska Safety Patrol.

Besides the mothers, a group of men led by H. Garcia, 348 So. 1st, will take part in the March.

Lincolnites who are downtown can give their contributions to Junior Chamber of Commerce men on street corners. An iron lung will be on display at 12th and O.

Polio Siren Given Final Inspection

City Welfare and Safety Director Ray Osborn looks over one of the civil defense sirens which will be used Thursday night to signify the beginning of the Mother's March in the polio campaign. (**Star Photo.**)

The City Planning Commission has approved the plat of 11 lots by Don Shurtleff at the corner of 63rd and Francis. The Commission action goes to the City Council for final consideration.

Liepnieks Paces Capital City Chess Meet Field

Alex Liepnieks leads the 30 players entered in the Lincoln chess tournament after five rounds of play.

Of the championship group leaders, Liepnieks' score is five wins, no losses; Kenwood Opp, four and one; and Anton Sildmets four and one.

Second group leaders are the Rev. DeWitt, Arvid Grava, and Walter Ross. Third group leaders are James Ellingson and Dr. Davis.

The tournament will be finished in early March.

Coffee 'Holdup' Hasn't Halted Lincoln's Popular 'Klatches'

Coffee prices continue to soar but Lincoln housewives seem to be remaining calm through the crisis. As coffee retailed from 98 cents to $1.05 a pound for standard brands Wednesday, the most perturbed persons were the heavy coffee consumers.

However, the "coffee klatches" (regular morning or afternoon coffee-drinking sessions) remained in full force among neighborhood groups.

"We talk about the high price but have done little about it, Mrs. Jack A. Anderson of 5916 Glade said. "We still continue to drink coffee in the morning. Most of the women in our neighborhood buy their coffee where the prices are lowest."

Switch To Tea

Mrs. Almon Conover of 4032 So. 68th said her family is drinking coffee just for breakfast. They have switched to drinking tea at other meals. But the morning and afternoon coffee hours are still quite in force, she said.

Mrs. Stanley Samuelson of 1114 So. 30th said the high price hasn't had much effect since they drink coffee only for breakfast.

"We are using instant coffee. That price hasn't gone up," Mrs. Winston Brinkman of 917 Claremont said. "But we're not coffee fans."

"If everyone sticks together we can bring the price down," Mrs. Carl H. Freeman of 1220 Garfield said. "We have a couple of pounds on hand but plan just to buy one pound at a time. But we may use something else."

Mrs. W. H. Leacock of 2631 Washington said her family is cutting down but hasn't given up coffee. She too stressed the necessity for co-operation to lower prices.

Too Late

"We've got to pay the price," Mrs. Roy Palin of 3310 P said. "Some people just don't know how to stretch the dollar. If a freeze in Brazil was responsible for the high prices, anything we do would be locking the stable after the horse was stolen."

Mrs. Richard C. Wagner of 1610 Nemaha said her family wasn't worried since they weren't big coffee drinkers.

'Swede' Curtis Urges Coffee Abstinence

WASHINGTON (AP)—Rep. Curtis (R-Neb) said Wednesday that "if all other coffee drinkers in the country would join me" in going without coffee "I think we could lower the price."

"Being a Swede, I am quite a coffee drinker, myself," he said, "but I am inclined to go without coffee for a month if it would do any good."

Replying to a letter from a constituent in Lincoln Curtis said American coffee drinkers are at the mercy of "foreign importers" and the only way to bring the price of coffee down again is to lower the demand.

He said going without coffee "is about the only method that would work" to bring down prices.

Curtis recalled that during World War One sugar reached a price of 30 cents a pound in a period when we were entirely dependent upon off-shore producers of sugar.

Burglars Get $29.85

Police reported Wednesday that $29.85 was stolen sometime during the night from Windy's Auto Glass Shop at 335 No. 23. Officers investigating the breakin said a south side window was smashed to gain entrance. The money, they said, was taken from a cash register.

Ike Studies 'Honorable Discharge' Plan Would Go To 'Loyal' Employees

WASHINGTON (AP) — President Eisenhower, snapping up a woman newspaper correspondent's idea, said Wednesday he's going to find out if employees leaving federal jobs in good standing can be given some sort of "honorable discharge."

The purpose would be to protect them from suspicion that they were forced out of government as security risks.

Donald Dawson, who was patronage adviser to former President Truman, said in a speech Tuesday that under the Eisenhower administration any employee who leaves the government "runs the risk of being stigmatized as disloyal."

2,200 Dropped

Dawson was referring to the administration's emphasis on its employee security program. Eisenhower said early this month 2,200 federal workers have been lopped off the payroll on security grounds since he took office.

Sarah McClendon, correspondent for a group of Texas newspapers, brought up Dawson's statement at Eisenhower's news conference Wednesday and said it squares with the experience of an acquaintance of hers who recently quit his State Department job.

"Is there some way we can devolve a system for tagging these people, like the Army does, with honorable discharges and dishonorable discharges?" asked Miss McClendon.

Some of the other reporters laughed, but Eisenhower took the idea seriously.

Broad Term

First, he said, he's against charging anybody with disloyalty or subversive activity unless that is proved in a court of law.

Some employees are let go as security risks even though there's no evidence of subversion, Eisenhower went on. Officials have said the term security risk covers drunks, homosexuals and people who talk too much, as well as subversives.

As for distinguishing between security risks and employees who leave the government with no sort of stigma, Eisenhower said he thought this ought to be possible.

Frankly, Eisenhower said, he hadn't thought of this before. But he said he certainly would ask about it and see whether it can be done.

Libel, Slander Laws

Eisenhower also was asked about the action of a Norwalk, Conn., Veterans of Foreign Wars (VFW) post in forwarding to the FBI the names of Norwalk residents considered Communistic by a special post committee.

"Do you think," asked Ray Scherer, National Broadcasting Co., "this might be a threat to civil liberties?"

Eisenhower said, first, you can't very well stop people from writing down names and sending them to somebody.

But, he went on, there are libel and slander laws, and if you make false charges against someone you must be responsible for your own statements.

25,000 State Mothers To Join Polio March

The shriek of whistles will be heard in more than 55 Nebraska towns at 7 p.m. Thursday announcing the Mothers' March on Polio by some 25,000 women.

The women will be looking for a lighted porch, a handkerchief or shoe tied to a doorknob. These will signify that there is a donation to the March Of Dimes inside.

In Lancaster County more than 4,000 mothers will be out ringing doorbells, according to Mrs. Richard W. Smith, chairman for the March.

Reports from the entire state will be tabulated and released from state headquarters at the Cornhusker Hotel.

State headquarters will be lighted with an 800 million candlepower searchlight belonging to Burden Sales Company. The light can be seen for 20 miles.

Radio Aid

State Communications Chairman Tom Boydston, 810 So. 35th, has arranged for amateur radio communication with every county taking part in the March.

Francis Johnson, 820 So. 44th, will be in charge of a receiving and transmitting center at state headquarters.

Anyone who wants to contribute and has not been contacted by 8 p.m. can call 2-9385 and his address will be radioed from the transmitting center to mobile units spotted in school districts.

Firemen who are off duty, directed by Sal Jarasse, will handle the telephone at the headquarters, routing calls to cars in the districts.

Members of the Nebraska National Guard, under the direction of Col. Ivar Peterson, Lt. Col. Donald G. Penterman and Capt. John Carpenter, will man the mobile radio units.

20 Jeeps

Twenty jeeps and 40 Guardsmen will be available to aid in the March. Local ham radio operators also will help.

The mothers, some carrying a substantial amount of cash, will be protected by a state-wide network of volunteer policemen, firemen, and sheriff's officers headed by Col. C. J. Sanders, head of the Nebraska Safety Patrol.

Besides the mothers, a group of men led by H. Garcia, 348 So. 1st, will take part in the March.

Lincolnites who are downtown can give their contributions to Junior Chamber of Commerce men on street corners. An iron lung will be on display at 12th and O.

The Nebraska march will be part of a nation-wide door-to-door campaign, with about two million mothers participating in the final week of the campaign.

Liepnieks Paces Capital City Chess Meet Field

Alex Liepnieks leads the 30 players entered in the Lincoln chess tournament after five rounds of play.

Of the championship group leaders, Liepnieks' score is five wins, no losses; Kenwood Opp, four and one; and Anton Sildmets four and one.

Second group leaders are the Rev. DeWitt, Arvid Grava, and Walter Ross. Third group leaders are James Ellingson and Dr. Davis.

The tournament will be finished in early March.

Plat Approved

The City Planning Commission has approved the plat of 11 lots by Don Shurtleff at the corner of 63rd and Francis. The Commission action goes to the City Council for final consideration.

Coffee 'Holdup' Hasn't Halted Lincoln's Popular 'Klatches'

Coffee prices continue to soar but Lincoln housewives seem to be remaining calm through the crisis. As coffee retailed from 98 cents to $1.05 a pound for standard brands Wednesday, the most perturbed persons were the heavy coffee consumers.

However, the "coffee klatches" (regular morning or afternoon coffee-drinking sessions) remained in full force among neighborhood groups.

"We talk about the high price but have done little about it, Mrs. Jack A. Anderson of 5916 Glade said. "We still continue to drink coffee in the morning. Most of the women in our neighborhood buy their coffee where the prices are lowest."

Switch To Tea

Mrs. Almon Conover of 4032 So. 68th said her family is drinking coffee just for breakfast. They have switched to drinking tea at other meals. But the morning and afternoon coffee hours are still quite in force, she said.

Mrs. Stanley Samuelson of 1114 So. 30th said the high price hasn't had much effect since they drink coffee only for breakfast.

"We are using instant coffee. That price hasn't gone up," Mrs. Winston Brinkman of 917 Claremont said. "But we're not coffee fans."

"If everyone sticks together we can bring the price down," Mrs. Carl H. Freeman of 1220 Garfield said. "We have a couple of pounds on hand but plan just to buy one pound at a time. But we may use something else."

Mrs. W. H. Leacock of 2631 Washington said her family is cutting down but hasn't given up coffee. She too stressed the necessity for co-operation to lower prices.

Too Late

"We've got to pay the price," Mrs. Roy Palin of 3310 P said. "Some people just don't know how to stretch the dollar. If a freeze in Brazil was responsible for the high prices, anything we do would be locking the stable after the horse was stolen."

Mrs. Richard C. Wagner of 1610 Nemaha said her family wasn't worried since they weren't big coffee drinkers.

'Swede' Curtis Urges Coffee Abstinence

WASHINGTON (AP)—Rep. Curtis (R-Neb) said Wednesday that "if all other coffee drinkers in the country would join me" in going without coffee "I think we could lower the price."

"Being a Swede, I am quite a coffee drinker, myself," he said, "but I am inclined to go without coffee for a month if it would do any good."

Replying to a letter from a constituent in Lincoln Curtis said American coffee drinkers are at the mercy of "foreign importers" and the only way to bring the price of coffee down again is to lower the demand.

He said going without coffee "is about the only method that would work" to bring down prices.

Curtis recalled that during World War One sugar reached a price of 30 cents a pound in a period when we were entirely dependent upon off-shore producers of sugar.

Burglars Get $29.85

Police reported Wednesday that $29.85 was stolen sometime during the night from Windy's Auto Glass Shop at 335 No. 23. Officers investigating the breakin said a south side window was smashed to gain entrance. The money, they said, was taken from a cash register.

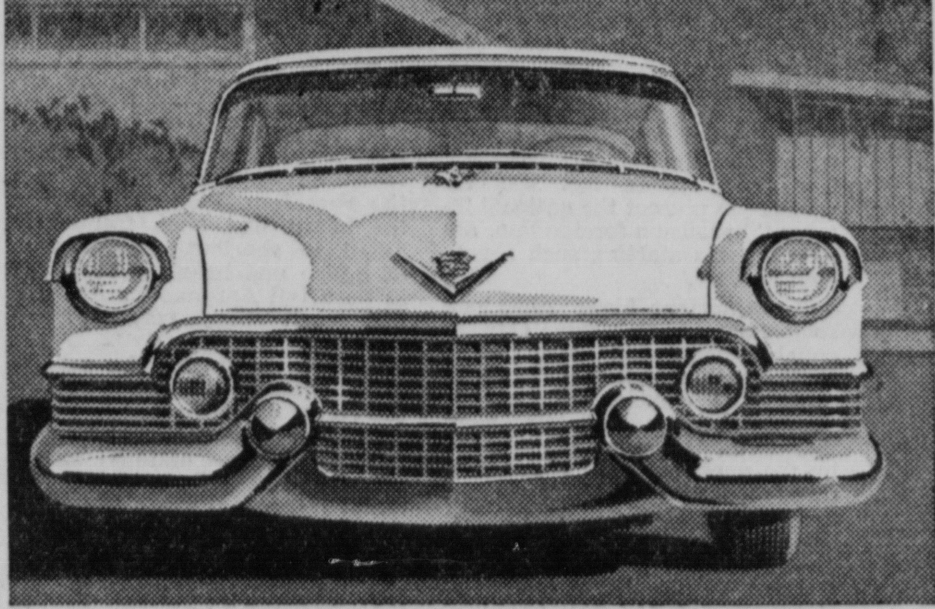
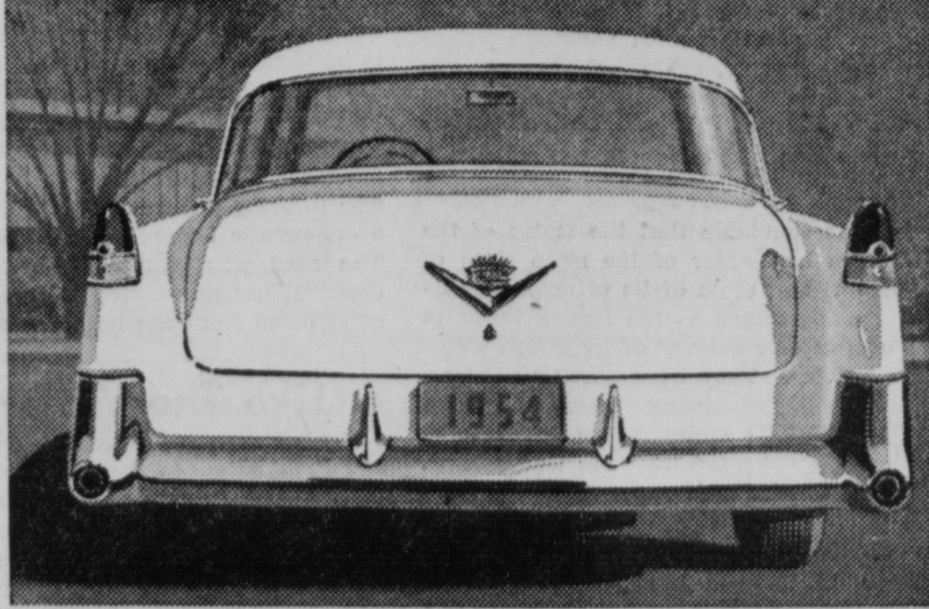
Presenting the 1954 CADILLAC
Styled to be Copied for Years to Come . . .





. . . and as Thrilling to Drive as to See !

The new "Standard of the World" is now on display in our showroom. It is not just a new model, but a wholly restyled and re-engineered Cadillac—*new* from its more massive grille to its more distinctive rear deck.

It is lower and longer in silhouette . . . more modern and graceful in its body lines . . . and with greater majesty and dignity in every detail. Beyond question, it is destined to influence the design of motor cars for years to come.

Matching this greater exterior beauty are Cadillac's luxurious new interiors—more generously proportioned and more beautifully appointed than ever before . . . and executed in a dazzling array of gorgeous new fabrics and leathers.

And, what is even more remarkable, this wonderful new Cadillac is as thrilling to *drive* as it is to *see!*

A great new 230-horsepower engine has added new power and responsiveness. A vastly improved Hydra-Matic Drive provides even greater smoothness and flexibility. Advanced Cadillac Power Steering, now standard equipment on every model, brings with it a whole new concept of steering and handling ease. And new Cadillac Power Braking* has introduced wonderful new motoring safety and convenience.

This greater Cadillac beauty—and this finer Cadillac performance—are available for 1954 in three brilliant new series of motor cars . . . the remarkable Series 62, the distinguished Fleetwood Series 60 Special and the magnificent Fleetwood Series 75. And, of course, there is also the supremely beautiful Cadillac Eldorado.

These inspiring creations are in our showroom now—awaiting your critical inspection. We cordially invite you to see and drive them at your earliest opportunity.

Open Wide The Doors

There may have been a good reason why the members of Nebraska's newly-created Turnpike Authority chose to hold an executive session Tuesday, but looking in upon its deliberation through a keyhole, newsmen were unable to discover it.

Actually the business transacted was of a preliminary nature to aid the Turnpike Authority in its thinking. There were no decisions to be reached that could not have been discussed in open session with the same freedom as that of a gathering behind closed doors. The authority met with banking houses for the purpose of discussing turnpike developments outside Nebraska but of interest to this state because of the hopes for a coast-to-coast road leading from New York City to Los Angeles or some other western point. All of this discussion is in the preliminary stages, with the members of the authority at this time naturally engaged in exploring the job that confronts them, and in assembling to the best of their ability all available information relating to turnpike developments

But as Gov. Crosby pointed out at the opening meeting of the authority, the scope of the power conferred upon the Turnpike Authority is extensive. That in itself should convince its members that as sound public practice, its meetings should be public, open to the press and to all others who care to attend.

An Enchanting Vista

This promises to be quite a world in 1975, if it isn't already one.

The day may not be too far distant, we are told, when a new atomic discovery will enable people to light their homes and run refrigerators and radios with a matchbox-size furnace good for 20 years.

The discovery, Associated Press Science Writer Alton Blakeslee tells us, involves turning the rays from radio-active atoms directly into useful electricity, a shortcut for atomic power plants, including the recently launched submarine installation, run on heat from splitting atoms, the heat makes steam to generate electricity, which in turn calls for heavy equipment. The new discovery, it is said, is a little battery actually smaller than the filter tip of a cigarette, which turns the rays coming from a few salt grains of radio-active atoms into electric current. It runs on cheap atoms which do not split.

Thus far the peacetime application of atomic energy has been obscured by the uncertainty of the costs involved. To contribute in the largest sense means that its use must be within the reach of the pocketbook of the average citizen.

The day will come, we are assured, when a train will travel across the country from coast to coast driven, possibly, by a thimbleful of atomic fuel. Great ocean liners will sail the seas in similar fashion. And with the progress in aviation, will be mere routine to run through the mail at one's office in Lincoln, hop on a plane and be in New York City well in advance of lunchtime.

Yes sir, there is the promise of an interesting world. Those who think life is exciting now haven't seen anything yet.

Of Men And Things

Among the witnesses to be called to support the bill introduced by Sen. Hugh Butler to permit Missouri Basin states to enter into a compact for an equitable distribution of the waters of the stream is Gov. Robert Crosby of Nebraska. We hope Gov. Bob gives long, thoughtful reflection to what he has to say in his testimony. It is so easy to grab the compact program, hook, line and sinker, and once stuck with it, so difficult to get off the hook.

★

Nebraska's Prior Interest In Irrigation

Nebraska occupies the unique position of being the only basin state wholly within the Missouri River watershed. Nebraska, it so happens, also has made greater progress in the development of irrigation than its neighbors, although Wyoming, Colorado, Montana and the Dakotas to a lesser degree are coming fast and in their hopes for additional irrigation water are breathing heavily upon Nebraska's heels. It is, we assume, a natural, understandable part of human nature to look eagerly and longingly at green pastures. The compact approach in a reassertion of local or state rights against a growing federal government is relatively new in this particular field. One of its most passionate, devoted advocates who has written voluminously upon the subject frankly admits that in the basic issues involved, the compact never has been thoroughly tested in the courts. Nebraska as a pioneer in irrigation, a leader driven largely by Old Mother Necessity, has a great vital interest not only in the irrigation which now exists in certain western regions, but in an expanding program to bring as many more acres as is feasible under water.

★

That is our future in this state. It is the best offset against a yearly threat of drought that we have. The more land we irrigate, the greater assurance we have of a dependable farm production. Conditions may be adverse any given season, but with adequate irrigation water available, 90-bushel-an-acre corn and other equally abundant harvests can and have been achieved. There is the stability to farm production which Nebraskans crave.

★

Ambitious Plans In Making

It is understandable that the states of the upper basin headwater of the main stem of the Missouri and some of its principal tributories, looking ahead to the future think in terms of a greater amount of irrigation water for their fields. They have ambitious plans. Among these 10 basin states, there is no uniformity in water law. Some recognize the doctrine of diversion from one watershed to another. Nebraska does not. Colorado conspicuously leans towards diversion. Missouri, Kansas, and Iowa, the latter enjoying normally a much more uniform, abundant rainfall than any of the other basin states except possibly Minnesota, have not spelled out the use of water in the painstaking manner Nebraska has. Nor is there any magic in the compact to cure a situation when there isn't enough water to go around, or when drought conditions of short or long duration produce an acute shortage. But when by compact agreement is reached for an equitable distribution, those states closest to the headwaters or upstream are entitled to withdraw those amounts determined by compact.

★

It is not clear what happens to the irrigator with a prior right based upon an earlier filing for irrigation water. We know that California and Arizona are hot and heavy at it on the lower Colorado River. We know that an attempt to draw a compact on the upper Colorado, sailing smoothly in the beginning, now seems to have bumped into its headaches. We know that, once in, it is difficult to get out. For this reason, we venture the hope that in all of his busy schedule, Gov. Crosby has time for more than superficial study before, speaking for the people of the state, he raises his voice to give unqualified approval to the compact program.

America In Action

Some 400 Nebraska men from all parts of the state met in Lincoln this week for the annual conference on the state, the progress and the future of county fairs. Such groups have been meeting for years. The Nebraska Association of Fair Managers, itself, has existed 45 years.

Men who like fairs spend years attending to their planning and staging. Full of years and service finally they retire. But others are always ready to take their place. And the fairs go on, year after year, in good times and bad. It is the devotion and work of these special men who make it so.

It is an interesting and heartwarming example of democracy and free men in action —this voluntary and devoted service that has made American communities so good and wonderful. While some men are making county fairs hum, and enjoying it, others are doing similar voluntary and valuable work in other civic fields. So much of America was built that way. No law had to be passed. No army had to march. People just turned to of their own accord and great institutions grew.

We owe a lot to such as these county fair men. They represent a leadership of service based on interest, not measuring the hours nor the return for work performed. They exemplify something of deep meaning that has always lived in America and still runs strong. May their breed never languish.

The New Japan

It cannot be gainsaid that the best piece of postwar statesmanship was exercised in the U.S. occupation of Japan. There was a workable peace treaty and the minimum of friction between the conqueror and the vanquished. The U.S. acted with restraint and the Japs pitched in with the best possible grace to make occupation of minimum duration.

Yet there is some concern now. Japan is virtually on its own. We are beginning to discover that some things we wanted didn't work out—democracy, for instance. Japan is steadily removing many of the democratic innovations. It is moving back toward a strong central authority. It is nationalizing its police, and it is returning to centralized industrial control. And for economic reasons, there is mounting pressure for trade with Red China, a thing we very much are against.

The U.S. will have to be philosophical about much of this. The restoration of sovereignty to Japan must naturally carry with it the exercise of sovereignty and there are bound to be variations from the rule of a kept state.

The big goals were achieved. An enemy was neutralized. A menace was converted to a potential asset. A basis for a long-lasting friendship was created. It is unusual for war to bring about such good things. As for a democratic Japan, a good start was made. The seed was planted. The idea has not died. It has just wilted a little as the result of removal from the hothouse to the garden.

Like The Waterfront

Publishing is a hazardous business in Russia. The editor in chief of the Great Soviet Encyclopedia has just run volume 19 off the press and is still alive. He is in charge of the encyclopedia's second edition, and has lived to a great age according to Red publishing standards. But, of course, he has something to live for. He is well out in front of the editorial crew that worked on the first edition. Ninety-nine per cent of it was "rendered harmless" even before that work was finished.

Butter To Russia Must Await Price Drop Here

WASHINGTON—Here is what happened inside the Eisenhower cabinet regarding controversial, dynamite-laden but very tempting Russian offer to buy 44,000,000 pounds of surplus American butter.

Actually, the Commodity Credit Corporation, the Agriculture Department subsidiary which buys and stores butter, had ok'd the butter deal. They felt that even if the Russian price was a little low, it would be wise to get part of our butter surplus out of warehouses before it spoiled.

This was the general line, therefore, that sincere, much criticized Secretary of Agriculture Benson took at the cabinet meeting. He pointed out that butter was accumulating in American warehouses at the rate of over 1,000,000 pounds a day and that getting rid of it was a very real problem.

He also pointed out that the United States was already selling tallow to Soviet Russia, and butter was no more strategic than tallow.

Another argument was that Russia didn't have to have the butter from us. She could buy it elsewhere if she couldn't purchase it on the American market.

Finally Benson pointed out that by stopping the butter sale, the administration would only lose money for the American taxpayers, since the butter would not keep indefinitely. While the butter would be sold a little cheaper than the U.S. support price, even so, it was argued, this was better than a total loss.

☆ ☆ ☆

BENSON OVERRULED

No one at the cabinet meeting disagreed with Benson on any of the points he raised. The only point where they differed was regarding the reaction of the American public. And almost every member of the cabinet who expressed himself said that to sell butter to Russia at a cheaper price than to the American housewife would create a nation-wide furor.

The support price for butter paid by the Department of Agriculture today is around 67 cents a pound. The world price for butter, offered by Russia, is around 46 cents a pound. This difference of 21 cents a pound, the cabinet finally decided, would bring a very sour reaction from American housewives.

☆ ☆ ☆

LOWER BUTTER PRICES

However, the sale was not entirely killed—as Harold Stassen indicated later. And here is the strategy being discussed for the future.

By April 1, Secretary Benson has to make up his mind whether he will support dairy prices during the coming year. And according to present tentative thinking inside the administration, he will reduce support prices. Benson himself has been a great friend of the dairymen, but administration policies are to reduce farm prices somewhat and he will go along with that policy.

This will put the new price of butter nearer the Russian offer of 46 cents a pound, in which case, it's argued, the Soviet sale would be much more favorably received by the public. Actually the butter already accumulated, and which will be sold, will still be priced at 67 cents, but new butter purchased under the new price-support plan would be cheaper.

☆ ☆ ☆

SECURITY OFFICER QUITS

Guarding a foreign president while visiting the United States is an extremely delicate, difficult job, and a lot of preparation went into the welcome of Turkish President Celal Bayar who just arrived in Washington.

President Celal Bayar represents one of the best friends the United States has anyplace in Europe or Asia. Likewise he happens to be a stubborn foe of adjacent Soviet Russia, which has long coveted the famed waterway connecting the Black Sea with the outside world over which Turkey stands guard.

Chief job of guarding the life of the visiting president has been that of State Department security officer, William Huskey, who planned the protection of the King and Queen of Greece and various other visiting dignitaries.

Huskey happens to be a Democrat. His new boss in the State Department, Scott McLeod, happens to be not only a Republican but a close friend of Sen. McCarthy, and has been busy as a street cleaner sweeping out every Democrat he could lay his hands on.

McLeod, however, never knew what Huskey's politics were, until one day before the arrival of the Turkish president.

On that day Huskey quit. Ironically, he took a job with the Democratic national committee.

Note—State Department higher-ups at first were in a furor over Huskey's departure. He finally showed them that plans for protecting the Turkish president had been so well prepared his resignation would not increase security risks.

CAA Under Fire For Run Grant To Airline

WASHINGTON — Because of the power it exerts over a rapidly growing segment of the nation's economy, the Civil Aeronautics Board has long been the center of political pressures from many directions, and those pressures have produced some surprising results.

But what happened the other day startled the industry and even some members of the board, hardened as they have become to seeking plums picked off the political - regulatory tree. Contrary to every precedent, American Airlines, the giant of the air industry, was granted an exemption to start a non-stop service from New York to Mexico City. The board found this was essential "to protect the national interest" because a foreign line, Air France, was starting such a non-stop service.

Pan-American Airways has long sought a route to Mexico City, in collaboration with Chicago and Southern, that would compete with American's exclusive service. Pan- American officials were therefore particularly disturbed by the unprecedented action of a three-man majority in awarding the new route to American. The majority decision of Chairman Chan Gurney, Oswald Ryan, a member of the board since its inception, and the new member, Harmar D. Denny, drew two sizzling dissents from the minority, Josh Lee and Joseph P. Adams

Adams said that he could not subscribe "to such precipitate action, cutting across all procedural rules of this board when it gives no consideration to the existing rights of other American carriers in the contest for a New York City-Mexico City route." Lee, former senator from Oklahoma, went much further in his dissent.

He said that the request for the new route was first presented on Jan. 20 with a letter from American asking for "confidential treatment." Thereafter events moved with a speed amazing in contrast to the ordinary processes of bureaucracy.

☆ ☆ ☆

After a wrangle inside the board the request for secrecy was denied. The petition for the route was returned to the airline with instructions that any portions which American wished to keep confidential should be deleted and the petition returned. At 8:52 a.m. on Jan. 21 the application was again filed with the board. Eight minutes later the board convened and by a three to two vote approved the request, adjourning at 9:40.

"I must vigorously object," Lee wrote in a statement he said was not a formal dissent since he had not had time to prepare one, to the unprecedented and drastic action of the majority which disregards the legal requirements of the Civil Aeronautics Act, circumvents the President of the United States and denies other air carriers due process of law—all for the purpose of protecting the monopoly of American Airlines to Mexico."

Lee pointed out that the supreme court has held that decisions of the board involving authorization of overseas and foreign air transportation have only the force of a recommendation with final approval coming from the President. Pointing out that the board had been frequently asked to shortcut requirements of notice and hearings set forth in the Civil Aeronautics Act and had each time refused, Lee wrote:

"In my judgment, the majority's action in this case violates the rights of notice and hearings which is the very foundation of justice. With no national emergency and actually with no national interest at stake the manner in which this exemption was granted violates my sense of fair play and constitutes an abuse of the exemption power of the board, an action which is unprecedented in the board's 15 years of existence.

☆ ☆ ☆

"This is just another in a recent series of decisions by the majority against competition," Lee concluded. "This decision, like the disapproval of the Pan-American-Chicago & Southern interchange agreement, protects from competition by another United States flag carrier American's monopoly route between such cities as Boston, New York, Washington, Chicago and St. Louis on the one hand, and Mexico on the other."

Repeatedly during the Truman administration as the big airlines contested for exclusive rights to the profitable overseas routes there were charges of favoritism and political influence. The lobby of Pan-American airways figured in at least one congressional investigation.

Several Pan-Am officials have been prominent in Republican politics which give recent acts of the Eisenhower administration an ironic look. The Department of Justice recently filed an anti-trust suit charging Pan-Am with conspiring to restrain air travel to South America. The political winds these days are strong and variable.

MAN'S BEST FRIEND

St. Bernard With C.D. Rating

By ALLEN EDEE
Star Staff Writer

Living in Florida is like living in a weight-reducing steam room for a St. Bernard.

When Lt. and Mrs. D. C. Froseth, their daughter, Darleen, 7, and Sakii moved to Pensacola, Fla., Sakii, the St. Bernard, weighed 175 pounds. When the brown-and-white-coated dog moved with the Froseths from Florida to Lincoln recently, the dog was down to 146 pounds.

Although the subzero weather and snow are tough to take for a dog used to swim-suit climate, the hardy dog, the Froseths believe, will soon love Nebraska's weather and grow a thick coat which the warm weather stunted.

Sakii came to the Froseths as a two-months-old 40-pounder while Lt. Froseth was flying in Korea.

Lt. Froseth was shot down in Korea and was hospitalized in Yokosuka, Japan. Mrs. Froseth understood that he was in a hospital at Nagasaki so she named the St. Bernard Naga-Sakii von Schwartzwald Hof C.D. The German title is the name of the kennels in Grand Rapids, Mich., where she bought the dog.

Mrs. Froseth became interested in the big breed when she went to a Toledo dog show and fell in love with the shaggy beasts.

Lt. Froseth was glad she bought Sakii while he was overseas because "I like big dogs."

The Froseths would like to have one thing understood. They are not going broke trying to feed the dog. Actually the St. Bernard eats less in proportion to her weight than a Pekingese, they say.

They feed her about 50 pounds of beef and 25 pounds of kibble a month.

"Actually it has cost us about $5 a month to feed Sakii," Mrs. Froseth says. "We were able to buy the cheapest kind of beef at a nickle or six cents a pound."

Sakii's favorite treat is a steak bone. A restaurant near the motel where the Froseths are temporarily staying gave the dog a gallon can full of bones several times. Sakii was beside herself with delight at the friendly gesture of the restaurant owner.

Sakii is a very protective dog but is not ferocious. She loves children, especially Darleen Froseth. Lt. Froseth can vouch for that. One day he was out in front of the house playing football with the children and he playfully tackled his daughter.

Sakii burst through the front door, took one leap over a 12-foot front porch, took another leap sailing 15 feet into the shoulder of Lt. Froseth, flattening him out on the ground.

(Star Staff Photo)
NAGA-SAKII VON SCHWARZWALD HOF C. D.
. . . the fence was never the same . . .

Blonde-haired Darleen has a wonderful companion in Sakii. Whenever she gets into trouble, there is no fear of a spanking. Sakii will shove herself between Darleen and anyone in the family who tries to spank her.

The Froseths say their big wonderful dog sleeps 22 hours out of every day. So to keep the dog in shape they have taught her to hunt rabbits.

Despite her tremendous size for a dog, she can run as fast as any rabbit. Once she was chasing a rabbit in an open area at the San Diego Air Base. The rabbit came to a fence and slipped under a hole at the bottom of the fence. Then Sakii, oblivious to all but the rabbit, hit the fence. That fence was never the same again.

Sakii, the Froseths say, is the only St. Bernard in the United States who has placed first in obedience training. She had a score of 196. She is now a C.D. (companion dog) and is presently training for her C.D.X. (companion dog excellent.) Lincoln friends have told them there is only one other dog in Lincoln that is a C.D.

One of the best reasons why she is such a good obedience dog is because Mrs. Froseth is a professional handler.

Sakii is quite a public spirited dog citizen. While in San Diego, she contributed her services for the March of Dimes. She wandered about the crowd in four dog shows with a miniature iron lung coin receptacle around her neck. And in Oceanside, Calif., Sakii stood out on the street corner with Mrs. Froseth and another St. Bernard and master seeking money for a humane shelter.

When the Froseths move to their new home at 3940 Dunn Ave., Sakii, they hope, will not be a bit sadder. For then they are expecting another St. Bernard to be flown in from Oregon.

THE PEOPLE SPEAK

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

In Agreement

Lincoln, Neb.

To the editor of The Lincoln Star: In regard to "The Power Situation" in The Star, Wednesday, Jan. 20, a letter sent in by Paul H. Achterberg from Oconto, Neb. So right he is. I agree with him. It seems as if the rates are so much higher than they need be. Six years ago when we connected up with REA, we paid $3.50 each month and never used that much power.

One or two years ago we were, as well as all others, asked to pay an extra $7.50 beside our regular fees. At the time we connected up we paid a deposit of $5, and with the $7.50, they have $12.50. I imagine if every person paid extra.

Last summer two of our neighbors as well as our light bill, for two months almost doubled to what it had been. They had been using the same appliances as they had been the two months before that. I complained about it and it was five months before anyone showed up and then I had to write to the main office. It sent men out who looked at the meter, then left. In about an hour they came back and crawled up the pole which the transformer was fastened to. What they did I don't know. I still think the rates could be a little less and everyone would be happy.

MRS. R. F. D.

Editor's Note: Nebraska's rural electrification districts do enjoy much lower rates than in other sections of the country, including rates in some of the neighboring states. When these districts have repaid their loans it can be anticipated rates will be substantially lower. At this time the districts are repaying interest charges and principal payments for REA loans to provide electric service to the farms.

☆ ☆ ☆

Give Him Credit

Washington, D. C.

To the editor of The Lincoln Star: Your editorial in the Jan. 20 Star entitled, "In A Surprise Move," is a little bit off the beam. It is true that I reversed my old position on Hawaiian statehood and also on Alaskan statehood. In a meeting the other day when the committee voted unanimously to report both bills out together, I had already made a statement, much to the surprise, I think, of every member of the committee, that I had reversed my position and was going to support a statehood bill for Alaska.

Give me credit.

HUGH BUTLER
United States
Senator, Nebraska

Editor's note: Sen. Butler's reversal of his earlier stand on Alaskan statehood is distinctly to his credit. The hope is that both Hawaii and Alaska gain recognition.

Open Wide The Doors

There may have been a good reason why the members of Nebraska's newly-created Turnpike Authority chose to hold an executive session Tuesday, but looking in upon its deliberation through a keyhole, newsmen were unable to discover it.

Actually the business transacted was of a preliminary nature to aid the Turnpike Authority in its thinking. There were no decisions to be reached that could not have been discussed in open session with the same freedom as that of a gathering behind closed doors. The authority met with banking houses for the purpose of discussing turnpike developments outside Nebraska but of interest to this state because of the hopes for a coast-to-coast road leading from New York City to Los Angeles or some other western point. All of this discussion is in the preliminary stages, with the members of the authority at this time naturally engaged in exploring the job that confronts them, and in assembling to the best of their ability all available information relating to turnpike developments

But as Gov. Crosby pointed out at the opening meeting of the authority, the scope of the power conferred upon the Turnpike Authority is extensive. That in itself should convince its members that as sound public practice, its meetings should be public, open to the press and to all others who care to attend.

An Enchanting Vista

This promises to be quite a world in 1975, if it isn't already one.

The day may not be too far distant, we are told, when a new atomic discovery will enable people to light their homes and run refrigerators and radios with a matchbox-size furnace good for 20 years.

The discovery, Associated Press Science Writer Alton Blakeslee tells us, involves turning the rays from radio-active atoms directly into useful electricity, a shortcut for atomic power plants, including the recently launched submarine installation, run on heat from splitting atoms, the heat makes steam to generate electricity, which in turn calls for heavy equipment. The new discovery, it is said, is a little battery actually smaller than the filter tip of a cigarette, which turns the rays coming from a few salt grains of radio-active atoms into electric current. It runs on cheap atoms which do not split.

Thus far the peacetime application of atomic energy has been obscured by the uncertainty of the costs involved. To contribute in the largest sense means that its use must be within the reach of the pocketbook of the average citizen.

The day will come, we are assured, when a train will travel across the country from coast to coast driven, possibly, by a thimbleful of atomic fuel. Great ocean liners will sail the seas in similar fashion. And with the progress in aviation, will be mere routine to run through the mail at one's office in Lincoln, hop on a plane and be in New York City well in advance of lunchtime.

Yes sir, there is the promise of an interesting world. Those who think life is exciting now haven't seen anything yet.

Of Men And Things

Among the witnesses to be called to support the bill introduced by Sen. Hugh Butler to permit Missouri Basin states to enter into a compact for an equitable distribution of the waters of the stream is Gov. Robert Crosby of Nebraska. We hope Gov. Bob gives long, thoughtful reflection to what he has to say in his testimony. It is so easy to grab the compact program, hook, line and sinker, and once stuck with it, so difficult to get off the hook.

★

Nebraska's Prior Interest In Irrigation

Nebraska occupies the unique position of being the only basin state wholly within the Missouri River watershed. Nebraska, it so happens, also has made greater progress in the development of irrigation than its neighbors, although Wyoming, Colorado, Montana and the Dakotas to a lesser degree are coming fast and in their hopes for additional irrigation water are breathing heavily upon Nebraska's heels. It is, we assume, a natural, understandable part of human nature to look eagerly and longingly at green pastures. The compact approach in a reassertion of local or state rights against a growing federal government is relatively new in this particular field. One of its most passionate, devoted advocates who has written voluminously upon the subject frankly admits that in the basic issues involved, the compact never has been thoroughly tested in the courts. Nebraska as a pioneer in irrigation, a leader driven largely by Old Mother Necessity, has a great vital interest not only in the irrigation which now exists in certain western regions, but in an expanding program to bring as many more acres as is feasible under water.

★

That is our future in this state. It is the best offset against a yearly threat of drought that we have. The more land we irrigate, the greater assurance we have of a dependable farm production. Conditions may be adverse any given season, but with adequate irrigation water available, 90-bushel-an-acre corn and other equally abundant harvests can and have been achieved. There is the stability to farm production which Nebraskans crave.

★

Ambitious Plans In Making

It is understandable that the states of the upper basin headwater of the main stem of the Missouri and some of its principal tributories, looking ahead to the future think in terms of a greater amount of irrigation water for their fields. They have ambitious plans. Among these 10 basin states, there is no uniformity in water law. Some recognize the doctrine of diversion from one watershed to another. Nebraska does not. Colorado conspicuously leans towards diversion. Missouri, Kansas, and Iowa, the latter enjoying normally a much more uniform, abundant rainfall than any of the other basin states except possibly Minnesota, have not spelled out the use of water in the painstaking manner Nebraska has. Nor is there any magic in the compact to cure a situation when there isn't enough water to go around, or when drought conditions of short or long duration produce an acute shortage. But when by compact, agreement is reached for an equitable distribution, those states closest to the headwaters or upstream are entitled to withdraw those amounts determined by compact.

★

It is not clear what happens to the irrigator with a prior right based upon an earlier filing for irrigation water. We know that California and Arizona are hot and heavy at it on the lower Colorado River. We know that an attempt to draw a compact on the upper Colorado, sailing smoothly in the beginning, now seems to have bumped into its headaches. We know that, once in, it is difficult to get out. For this reason, we venture the hope that in all of his busy schedule, Gov. Crosby has time for more than superficial study before, speaking for the people of the state, he raises his voice to give unqualified approval to the compact program.

America In Action

Some 400 Nebraska men from all parts of the state met in Lincoln this week for the annual conference on the state, the progress and the future of county fairs. Such groups have been meeting for years. The Nebraska Association of Fair Managers, itself, has existed 45 years.

Men who like fairs spend years attending to their planning and staging. Full of years and service finally they retire. But others are always ready to take their place. And the fairs go on, year after year, in good times and bad. It is the devotion and work of these special men who make it so.

It is an interesting and heartwarming example of democracy and free men in action—this voluntary and devoted service that has made American communities so good and wonderful. While some men are making county fairs hum, and enjoying it, others are doing similar voluntary and valuable work in other civic fields. So much of America was built that way. No law had to be passed. No army had to march. People just turned to of their own accord and great institutions grew.

We owe a lot to such as these county fair men. They represent a leadership of service based on interest, not measuring the hours nor the return for work performed. They exemplify something of deep meaning that has always lived in America and still runs strong. May their breed never languish.

The New Japan

It cannot be gainsaid that the best piece of postwar statesmanship was exercised in the U.S. occupation of Japan. There was a workable peace treaty and the minimum of friction between the conqueror and the vanquished. The U.S. acted with restraint and the Japs pitched in with the best possible grace to make occupation of minimum duration.

Yet there is some concern now. Japan is virtually on its own. We are beginning to discover that some things we wanted didn't work out—democracy, for instance. Japan is steadily removing many of the democratic innovations. It is moving back toward a strong central authority. It is nationalizing its police, and it is returning to centralized industrial control. And for economic reasons, there is mounting pressure for trade with Red China, a thing we very much are against.

The U.S. will have to be philosophical about much of this. The restoration of sovereignty to Japan must naturally carry with it the exercise of sovereignty and there are bound to be variations from the rule of a kept state.

The big goals were achieved. An enemy was neutralized. A menace was converted to a potential asset. A basis for a long-lasting friendship was created. It is unusual for war to bring about such good things. As for a democratic Japan, a good start was made. The seed was planted. The idea has not died. It has just wilted a little as the result of removal from the hothouse to the garden.

Like The Waterfront

Publishing is a hazardous business in Russia. The editor in chief of the Great Soviet Encyclopedia has just run volume 19 off the press and is still alive. He is in charge of the encyclopedia's second edition, and has lived to a great age according to Red publishing standards. But, of course, he has something to live for. He is well out in front of the editorial crew that worked on the first edition. Ninety-nine per cent of it was "rendered harmless" even before that work was finished.

Butter To Russia Must Await Price Drop Here

WASHINGTON—Here is what happened inside the Eisenhower cabinet regarding controversial, dynamite-laden but very tempting Russian offer to buy 44,000,000 pounds of surplus American butter.

Actually, the Commodity Credit Corporation, the Agriculture Department subsidiary which buys and stores butter, had ok'd the butter deal. They felt that even if the Russian price was a little low, it would be wise to get part of our butter surplus out of warehouses before it spoiled.

This was the general line, therefore, that sincere, much criticized Secretary of Agriculture Benson took at the cabinet meeting. He pointed out that butter was accumulating in American warehouses at the rate of over 1,000,000 pounds a day and that getting rid of it was a very real problem.

He also pointed out that the United States was already selling tallow to Soviet Russia, and butter was no more strategic than tallow.

Another argument was that Russia didn't have to have the butter from us. She could buy it elsewhere if she couldn't purchase it on the American market.

Finally Benson pointed out that by stopping the butter sale, the administration would only lose money for the American taxpayers, since the butter would not keep indefinitely. While the butter would be sold a little cheaper than the U.S. support price, even so, it was argued, this was better than a total loss.

☆ ☆ ☆

BENSON OVERRULED

No one at the cabinet meeting disagreed with Benson on any of the points he raised. The only point where they differed was regarding the reaction of the American public. And almost every member of the cabinet who expressed himself said that to sell butter to Russia at a cheaper price than to the American housewife would create a nation-wide furor.

The support price for butter paid by the Department of Agriculture today is around 67 cents a pound. The world price for butter, offered by Russia, is around 46 cents a pound. This difference of 21 cents a pound, the cabinet finally decided, would bring a very sour reaction from American housewives.

☆ ☆ ☆

LOWER BUTTER PRICES

However, the sale was not entirely killed—as Harold Stassen indicated later. And here is the strategy being discussed for the future.

By April 1, Secretary Benson has to make up his mind whether he will support dairy prices during the coming year. And according to present tentative thinking inside the administration, he will reduce support prices. Benson himself has been a great friend of the dairymen, but administration policies are to reduce farm prices somewhat and he will go along with that policy.

This will put the new price of butter nearer the Russian offer of 46 cents a pound, in which case, it's argued, the Soviet sale would be much more favorably received by the public. Actually the butter already accumulated, and which will be sold, will still be priced at 67 cents, but new butter purchased under the new price-support plan would be cheaper.

☆ ☆ ☆

SECURITY OFFICER QUITS

Guarding a foreign president while visiting the United States is an extremely delicate, difficult job, and a lot of preparation went into the welcome of Turkish President Celal Bayar who just arrived in Washington.

President Celal Bayar represents one of the best friends the United States has anyplace in Europe or Asia. Likewise he happens to be a stubborn foe of adjacent Soviet Russia, which has long coveted the famed waterway connecting the Black Sea with the outside world over which Turkey stands guard.

Chief job of guarding the life of the visiting president has been that of State Department security officer, William Huskey, who planned the protection of the King and Queen of Greece and various other visiting dignitaries.

Huskey happens to be a Democrat. His new boss in the State Department, Scott McLeod, happens to be not only a Republican but a close friend of Sen. McCarthy, and has been busy as a street cleaner sweeping out every Democrat he could lay his hands on.

McLeod, however, never knew what Huskey's politics were, until one day before the arrival of the Turkish president.

On that day Huskey quit. Ironically, he took a job with the Democratic national committee.

Note—State Department higher-ups at first were in a furor over Huskey's departure. He finally showed them that plans for protecting the Turkish president had been so well prepared his resignation would not increase security risks.

When Lt. and Mrs. D. C. Froseth, their daughter, Darleen, 7, and Sakii moved to Pensacola, Fla., Sakii, the St. Bernard, weighed 175 pounds. When the brown-and-white-coated dog moved with the Froseths from Florida to Lincoln recently, the dog was down to 146 pounds.

Although the subzero weather and snow are tough to take for a dog used to swim-suit climate, the hardy dog, the Froseths believe, will soon love Nebraska's weather and grow a thick coat which the warm weather stunted.

Sakii came to the Froseths as a two-months-old 40-pounder while Lt. Froseth was flying in Korea.

Lt. Froseth was shot down in Korea and was hospitalized in Yokosuka, Japan. Mrs. Froseth understood that he was in a hospital at Nagasaki so she named the St. Bernard Naga-Sakii von Schwartzwald Hof C.D. The German title is the name of the kennels in Grand Rapids, Mich., where she bought the dog.

Mrs. Froseth became interested in the big breed when she went to a Toledo dog show and fell in love with the shaggy beasts.

Lt. Froseth was glad she bought Sakii while he was overseas because "I like big dogs."

The Froseths would like to have one thing understood. They are not going broke trying to feed the dog. Actually the St. Bernard eats less in proportion to her weight than a Pekingese, they say.

They feed her about 50 pounds of beef and 25 pounds of kibble a month.

"Actually it has cost us about $5 a month to feed Sakii," Mrs. Froseth says. "We were able to buy the cheapest kind of beef at a nickle or six cents a pound."

Sakii's favorite treat is a steak bone. A restaurant near the motel where the Froseths are temporarily staying gave the dog a gallon can full of bones several times. Sakii was beside herself with delight at the friendly gesture of the restaurant owner.

Sakii is a very protective dog but is not ferocious. She loves children, especially Darleen Froseth. Lt. Froseth can vouch for that. One day he was out in front of the house playing football with the children and he playfully tackled his daughter.

Sakii burst through the front door, took one leap over a 12-foot front porch, took another leap sailing 15 feet into the shoulder of Lt. Froseth, flattening him out on the ground.

Blonde-haired Darleen has a wonderful companion in Sakii. Whenever she gets into trouble, there is no fear of a spanking. Sakii will shove herself between Darleen and anyone in the family who tries to spank her.

The Froseths say their big wonderful dog sleeps 22 hours out of every day. So to keep the dog in shape they have taught her to hunt rabbits.

Despite her tremendous size for a dog, she can run as fast as any rabbit. Once she was chasing a rabbit in an open area at the San Diego Air Base. The rabbit came to a fence and slipped under a hole at the bottom of the fence. Then Sakii, oblivious to all but the rabbit, hit the fence. That fence was never the same again.

Sakii, the Froseths say, is the only St. Bernard in the United States who has placed first in obedience training. She had a score of 196. She is now a C.D. (companion dog) and is presently training for her C.D.X. (companion dog excellent.) Lincoln friends have told them there is only one other dog in Lincoln that is a C.D.

One of the best reasons why she is such a good obedience dog is because Mrs. Froseth is a professional handler.

Sakii is quite a public spirited dog citizen. While in San Diego, she contributed her services for the March of Dimes. She wandered about the crowd in four dog shows with a miniature iron lung coin receptacle around her neck. And in Oceanside, Calif., Sakii stood out on the street corner with Mrs. Froseth and another St. Bernard and master seeking money for a humane shelter.

When the Froseths move to their new home at 3940 Dunn Ave., Sakii, they hope, will not be a bit sadder. For then they are expecting another St. Bernard to be flown in from Oregon.

THE PEOPLE SPEAK

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

In Agreement

Lincoln, Neb.

To the editor of The Lincoln Star: In regard to "The Power Situation" in The Star, Wednesday, Jan. 20, a letter sent in by Paul H. Achterberg from Oconto. Neb. So right he is. I agree with him. It seems as if the rates are so much higher than they need be. Six years ago when we connected up with REA, we paid $3.50 each month and never used that much power.

One or two years ago we were, as well as all others, asked to pay an extra $7.50 beside our regular fees. At the time we connected up we paid a deposit of $5, and with the $7.50, they have $12.50. I imagine if every person paid extra.

Last summer two of our neighbors as well as our light bill, for two months almost doubled to what it had been. They had been using the same appliances as they had been the two months before that. I complained about it and it was five months before anyone showed up and then I had to write to the main office. It sent men out who looked at the meter, then left. In about an hour they came back and crawled up the pole which the transformer was fastened to. What they did I don't know. I still think the rates could be a little less and everyone would be happy.

MRS. R. F. D.

Editor's Note: Nebraska's rural electrification districts do enjoy much lower rates than in other sections of the country, including rates in some of the neighboring states. When these districts have repaid their loans it can be anticipated rates will be substantially lower. At this time the districts are repaying interest charges and principal payments for REA loans to provide electric service to the farms.

☆ ☆ ☆

Give Him Credit

Washington, D. C.

To the editor of The Lincoln Star: Your editorial in the Jan. 20 Star entitled, "In A Surprise Move," is a little bit off the beam. It is true that I reversed my old position on Hawaiian statehood and also on Alaskan statehood. In a meeting the other day when the committee voted unanimously to report both bills out together, I had already made a statement, much to the surprise, I think, of every member of the committee, that I had reversed my position and was going to support a statehood bill for Alaska.

Give me credit.

HUGH BUTLER
United States
Senator, Nebraska

Editor's note: Sen. Butler's reversal of his earlier stand on Alaskan statehood is distinctly to his credit. The hope is that both Hawaii and Alaska gain recognition.

14 pr. Group III
100% wool gabardine, Brown, Grey, Navy Blue from our regular stock of 12.95 slacks.

Menswear, First Floor

Basin Power Requests Double Anticipated Supply

. . .Demand Is 747,000 KW; Expected Output 325,000

WASHINGTON (AP) — Secretary of the Interior McKay announced Wednesday that applications for federal power to become available for sale in the Missouri River Basin through 1956 was more than double the anticipated supply.

McKay

The applications ask for 747,000 kilowatts, he said, where expected production is 325,000.

The secretary said analysis is still under way of the applications received by Jan. 1 under the new federal power sale last fall. He added that later applications are being considered as much as possible for the first round of contract negotiations and will be processed expeditiously.

Reclamation Commissioner W. A. Dexheimer said preference customers had asked for about 523,000 kilowatts and non-preference customers 224,000 kilowatts. Preference customers are public bodies and co-operatives which under laws are given a priority to federal power.

Dexheimer said the applications are now being checked for duplication and requests for amounts in excess of the needs for the next two or three years. Department officials have emphasized that as further blocks of power become available after 1956 they also will be offered for sale under the new policy, with preference customers having priority.

Dexheimer said the bulk of the requests from preference customers came from the eastern division of the marketing area. This division consists of Montana, east of the Continental Divide, North Dakota and South Dakota and portions of Minnesota, Iowa, and eastern Nebraska.

He broke down the summary of applications this way:

In the area served by the Ft. Peck and Canyon Ferry power plants in Montana, 18,500 kilowatts have been requested by preference customers while one non-preference industrial user has asked an estimated 1,800 kilowatts for 1956. Canyon Ferry will provide 44,000 kilowatts of power for sales

East of Ft. Peck, where 166,000 kilowatts will be available for sale, preference customers have asked 408,000 kilowatts and non-preference customers 134,500 kilowatts.

In the western division, consisting of Wyoming east of the Continental Divide, Colorado and western Nebraska, 115,000 kilowatts will be available this year for sale. Preference customers are seeking 96,300 kilowatts and non-preference customers 64,225.

The Reclamation Bureau has the responsibility for marketing all power generated at the federal multi-purpose developments in the Missouri River Basin which are being constructed both by the bureau and the Army Engineers.

In the eastern division in addition to the presently operating Canyon and Ft. Peck plants, power production is scheduled by 1956 at the army engineer projects at Ft. Randall, S.D. Garrison, N D , and Gavins Point, S D.

In the western division power will be produced at the bureau's plants now operating or to be in operation by spring at: Shoshone, Heart Mountain, Pilot, Butte, Boysen, Kortes, Gurnsey, Lingle and Seminoe in Wyoming and Green Mountain, Marys Lake, Estes, Pole Hill and Flatiron in Colorado.

FLOOD WORK IN MISSOURI IS LAGGING

JEFFERSON CITY, Mo. (AP)—Flood control work is lagging behind in Missouri. But it can be speeded up when the people of the state demand it, Col. Keith R Barney, Kansas City District Engineer, told the Missouri Basin Inter-Agency Committee Wednesday.

"Very definitely," he said, "the basin program is already paying off in a substantial and realistic way . . . However . . . I have **been impressed with what seems a lack of progress in keeping pace with the present demands and future needs of this area in Missouri. The need for reservoirs to store flood water and to hold some of it in reserve for drought periods is especially apparent on the lower tributaries."**

So far, he said, actual consumption has been limited to local protection works at Kansas City, three agricultural levee projects near St. Joseph and continued stabilization of the river —including a new channel cut by the 1952 flood at St. Joseph.

"In spite of the slow progress to date I believe that sound and effective projects will be supported and constructed in the sub-basins' the Osage, the Grand and the Chariton which extend up into Iowa and the Blackwater-Lamine and Cosconade basins . . . We know from tragic experience what these streams can do in producing their own floods; how they wreck their own valleys, and either singly or in combination, create flood conditions along the Missouri River."

Socrates Could Learn From Cab Drivers

By HAL BOYLE

NEW YORK (AP) — If Socrates, that wise old Greek, should be resurrected here, he would probably become a taxi driver.

He was a great street talker in Athens, and the greatest street philosophers in New York are its cabbies. Their life on wheels puts them in a position to learn more about human nature than even the cops And even Socrates might add to his wisdom by taking out a hack license.

People here love to collect the funny remarks of taxi drivers, but one cabbie told me:

"If I repeated the stupid things I have overheard some prominent people say in this cab—well, heads would roll."

Rise And Fall

Cab drivers rise and fall in public esteem here like politicians. One year everybody thinks they are wonderful, and the next year—for no particular reason—everybody is down on them.

"I figure it's just tension," a hack pilot said. "In good times the passengers want to gab back and forth But if times get tough and they're worried, they snap your head off if you try to just pass the time of day. Good times or bad times, I treat 'em all alike—like they were crazy kids."

You can find any number of college graduates among cab drivers here. You can find guys who used to be cowboys, guys who are part time actors, guys who write and sell television scripts, old guys who used to drive horse cars, young guys working their way through law school.

They feud with the traffic cops endlessly, but in emergencies they have saved many a cop's life. About the only thing they agree on is that women can't drive as well as men—and doctors can't drive as well as women.

Operations

"Doctors shouldn't be allowed out in a car alone," one said emphatically. "They may be able to operate on a human head, but put them behind a wheel and they don't know how to operate at all. You never know what they'll do next. And that doesn't seem right, as most of them have gone to college, and got educated."

One of the cabbies I remember best was the man who liked to drive at night.

"I can't take it at home," he said. "We lost our only kid in Korea. My wife had kept his baby shoes, and she gets them out now and starts crying I can't sit there and look at her. I d rather be out working.

"You know, sometimes late at night when hardly no one's on the street, and I'm cruising around looking for a fare, I get a funny feeling my kid is riding in the seat beside me, just like he did when he was a boy. Somehow it doesn't make me feel sad at all. It's just like it was before he grew up and they gave him a uniform He keeps me company."

Dwindling Ladies

The city has its dwindling quota of lady drivers, most of whom got into the business during the last war. I rode with one the other day, an elderly woman 12 years on the job.

"Don't know how much longer I can take this," she said. "I used to be a school teacher until I married. When I lost my husband 12 years ago I bought me this cab with the insurance money.

"It is hard work but I couldn't afford to go back to teaching Not enough money in it. Besides it doesn't take as much patience to drive a cab as it does to teach children, and this way I get more fresh air."

Hornblower

A cab behind us honked, and the lady exploded:

"Listen to that hornblower. He's trying to rattle me, trying to get me into an accident. Those men drivers are jealous because they know I can drive better than they can. They're dogs, and that's just what I call them—dogs."

The hornblowing cab suddenly swooped around us, and the young driver leaned out, grinned, waved at the old lady and shouted, "How's it going, honey?"

The old lady peered uncertainly at him through her spectacles as he drove off, then looked at herself in the mirror and said grudgingly

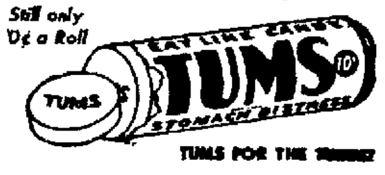
"Of course, you understand I don't mean to say that all men are dogs. Some are nice—but just a few."

He Sleeps Like a Top

TUMS Quieted His Acid Stomach

No longer does he lie awake because of excess stomach acid. No longer does he toss and turn with that queasy, restless feeling. He just takes 1 or 2 Tums as a "nightcap" before he goes to bed. Then sleeps like a top—wakes up fresh and "rarin' to go." Always keep Tums handy to counteract gas, heartburn, acid indigestion. Get a roll to have on hand tonight.

Still only 10¢ a Roll



TUMS FOR THE TUMMY

Several Hundred Attend Rites For Kind Dogcatcher

COUNCIL BLUFFS (AP)—Several hundred persons attended funeral services for Chris M. Christensen, 63—the dogcatcher who was nationally known for his kindness to animals.

City and county officials, business and professional men and many personal friends were among those who attended the rites for Christensen, who died Saturday.

During his long career as Council Bluffs dogcatcher, Christensen conducted a personal campaign to see that every child had a dog.

When the cost of buying licenses for them with his own money became too expensive, Christensen organized an annual Dogcatcher's Ball. The proceeds were used to bail friendless dogs out of the pound, license them and find them a home.

Coffee $1 A Pound, But Nickel Cup Still To Be Had In Norfolk

NORFOLK, Neb. (AP)—The nickel cup of coffee still prevails in Norfolk despite the fact coffee costs $1 a pound or more at grocery stores.

One Norfolk cafe has charged 10 cents for a cup of coffee for some time and another applies the 10-cent price only between 6 p m. and 6 a.m.

Grocerymen said coffee costs them $1.02½ cents a pound, so those selling at $1 01 a pound are losing 1½ cents per pound on it.

Paarlberg Will Speak At Omaha P-F-L Meet

OMAHA (AP) — Don Paarlberg, assistant to Secretary of Agriculture Benson, will be one of the speakers at the National Pasture-Forage-Livestock conference here March 11. He will speak on "An Up-to-Date Appraisal of the Farm Situation."

Oil Pipeline Rate Hike Hearing Set

The Railway Commission has scheduled a hearing for March 11 on application of the Ohio Oil Co. for authority to increase its rate for transmission of oil through its pipelines.

The present rate is five cents a barrel The company seeks to raise this to seven and one-half cents.

The hearing will be held in Lincoln.

Basin Power Requests Double Anticipated Supply

...Demand Is 747,000 KW; Expected Output 325,000

WASHINGTON (AP) — Secretary of the Interior McKay announced Wednesday that applications for federal power to become available for sale in the Missouri River Basin through 1956 was more than double the anticipated supply.

McKay

The applications ask for 747,000 kilowatts, he said, where expected production is 325,000.

The secretary said analysis is still under way of the applications received by Jan. 1 under the new federal power sale last fall. He added that later applications are being considered as much as possible for the first round of contract negotiations and will be processed expeditiously.

Reclamation Commissioner W. A. Dexheimer said preference customers had asked for about 523,000 kilowatts and non-preference customers 224,000 kilowatts. Preference customers are public bodies and co-operatives which under laws are given a priority to federal power.

Dexheimer said the applications are now being checked for duplication and requests for amounts in excess of the needs for the next two or three years.

Department officials have emphasized that as further blocks of power become available after 1956 they also will be offered for sale under the new policy, with preference customers having priority.

Dexheimer said the bulk of the requests from preference customers came from the eastern division of the marketing area. This division consists of Montana, east of the Continental Divide, North Dakota and South Dakota and portions of Minnesota, Iowa, and eastern Nebraska.

He broke down the summary of applications this way:

In the area served by the Ft. Peck and Canyon Ferry power plants in Montana, 18,500 kilowatts have been requested by preference customers while one non-preference industrial user has asked an estimated 1,800 kilowatts for 1956. Canyon Ferry will provide 44,000 kilowatts of power for sales.

East of Ft. Peck, where 166,000 kilowatts will be available for sale, preference customers have asked 408,000 kilowatts and non-preference customers 134,500 kilowatts.

In the western division, consisting of Wyoming east of the Continental Divide, Colorado and western Nebraska, 115,000 kilowatts will be available this year for sale. Preference customers are seeking 96,300 kilowatts and non-preference customers 64,225.

The Reclamation Bureau has the responsibility for marketing all power generated at the federal multi-purpose developments in the Missouri River Basin which are being constructed both by the bureau and the Army Engineers.

In the eastern division in addition to the presently operating Canyon and Ft. Peck plants, power production is scheduled by 1956 at the army engineer projects at Ft. Randall, S.D., Garrison, N.D., and Gavins Point, S.D.

In the western division power will be produced at the bureau's plants now operating or to be in operation by spring at: Shoshone, Heart Mountain, Pilot, Butte, Boysen, Kortes, Gurnsey, Lingle and Seminoe in Wyoming and Green Mountain, Marys Lake, Estes, Pole Hill and Flatiron in Colorado.

FLOOD WORK IN MISSOURI IS LAGGING

JEFFERSON CITY, Mo. (AP)—Flood control work is lagging behind in Missouri. But it can be speeded up when the people of the state demand it, Col. Keith R. Barney, Kansas City District Engineer, told the Missouri Basin Inter-Agency Committee Wednesday.

"Very definitely," he said, "the basin program is already paying off in a substantial and realistic way . . . However . . . I have been impressed with what seems a lack of progress in keeping pace with the present demands and future needs of this area in Missouri. The need for reservoirs to store flood water and to hold some of it in reserve for drought periods is especially apparent on the lower tributaries."

So far, he said, actual consumption has been limited to local protection works at Kansas City, three agricultural levee projects near St. Joseph and continued stabilization of the river—including a new channel cut by the 1952 flood at St. Joseph.

"In spite of the slow progress to date I believe that sound and effective projects will be supported and constructed in the sub-basins: the Osage; the Grand and the Chariton which extend up into Iowa and the Blackwater-Lamine and Casconade basins . . . We know from tragic experience what these streams can do in producing their own floods; how they wreck their own valleys, and either singly or in combination, create flood conditions along the Missouri River."

Socrates Could Learn From Cab Drivers

By HAL BOYLE

NEW YORK (AP) — If Socrates, that wise old Greek, should be resurrected here, he would probably become a taxi driver.

He was a great street talker in Athens, and the greatest street philosophers in New York are its cabbies. Their life on wheels puts them in a position to learn more about human nature than even the cops. And even Socrates might add to his wisdom by taking out a hack license.

People here love to collect the funny remarks of taxi drivers, but one cabbie told me:

"If I repeated the stupid things I have overheard some prominent people say in this cab—well, heads would roll."

Rise And Fall

Cab drivers rise and fall in public esteem here like politicians. One year everybody thinks they are wonderful, and the next year—for no particular reason—everybody is down on them.

"I figure it's just tension," a hack pilot said. "In good times the passengers want to gab back and forth. But if times get tough and they're worried, they snap your head off if you try to just pass the time of day. Good times or bad times, I treat 'em all alike—like they were crazy kids."

You can find any number of college graduates among cab drivers here. You can find guys who used to be cowboys, guys who are part time actors, guys who write and sell television scripts, old guys who used to drive horse cars, young guys working their way through law school.

They feud with the traffic cops endlessly, but in emergencies they have saved many a cop's life. About the only thing they agree on is that women can't drive as well as men—and doctors can't drive as well as women.

Operations

"Doctors shouldn't be allowed out in a car alone," one said emphatically. "They may be able to operate on a human head, but put them behind a wheel and they don't know how to operate at all. You never know what they'll do next. And that doesn't seem right, as most of them have gone to college, and got educated."

One of the cabbies I remember best was the man who liked to drive at night.

"I can't take it at home," he said. "We lost our only kid in Korea. My wife had kept his baby shoes, and she gets them out now and starts crying. I can't sit there and look at her. I'd rather be out working.

"You know, sometimes late at night when hardly no one's on the street, and I'm cruising around looking for a fare, I get a funny feeling my kid is riding in the seat beside me, just like he did when he was a boy. Somehow it doesn't make me feel sad at all. It's just like it was before he grew up and they gave him a uniform. He keeps me company."

Dwindling Ladies

The city has its dwindling quota of lady drivers, most of whom got into the business during the last war. I rode with one the other day, an elderly woman 12 years on the job.

"Don't know how much longer I can take this," she said. "I used to be a school teacher until I married. When I lost my husband 12 years ago I bought me this cab with the insurance money.

"It is hard work but I couldn't afford to go back to teaching. Not enough money in it. Besides it doesn't take as much patience to drive a cab as it does to teach children, and this way I get more fresh air."

Hornblower

A cab behind us honked, and the lady exploded:

"Listen to that hornblower. He's trying to rattle me, trying to get me into an accident. Those men drivers are jealous because they know I can drive better than they can. They're dogs, and that's just what I call them—dogs."

The hornblowing cab suddenly swooped around us, and the young driver leaned out, grinned, waved at the old lady and shouted, "How's it going, honey?"

The old lady peered uncertainly at him through her spectacles as he drove off, then looked at herself in the mirror and said grudgingly:

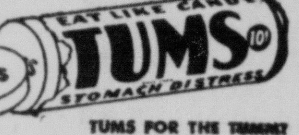
"Of course, you understand I don't mean to say that all men are dogs. Some are nice—but just a few."

He Sleeps Like a Top

TUMS Quieted His Acid Stomach

No longer does he lie awake because of excess stomach acid. No longer does he toss and turn with that queasy, restless feeling. He just takes 1 or 2 Tums as a "night-cap" before he goes to bed. Then sleeps like a top—wakes up fresh and "rarin' to go." Always keep Tums handy to counteract gas, heartburn, acid indigestion. Get a roll to have on hand tonight.

Still only 10¢ a Roll



TUMS FOR THE TUMMY

Several Hundred Attend Rites For Kind Dogcatcher

COUNCIL BLUFFS (AP)—Several hundred persons attended funeral services for Chris M. Christensen, 63—the dogcatcher who was nationally known for his kindness to animals.

City and county officials, business and professional men and many personal friends were among those who attended the rites for Christensen, who died Saturday.

During his long career as Council Bluffs dogcatcher, Christensen conducted a personal campaign to see that every child had a dog.

When the cost of buying licenses for them with his own money became too expensive, Christensen organized an annual Dogcatcher's Ball. The proceeds were used to bail friendless dogs out of the pound, license them and find them a home.

Coffee $1 A Pound, But Nickel Cup Still To Be Had In Norfolk

NORFOLK, Neb. (AP)—The nickel cup of coffee still prevails in Norfolk despite the fact coffee costs $1 a pound or more at grocery stores.

One Norfolk cafe has charged 10 cents for a cup of coffee for some time and another applies the 10-cent price only between 6 p.m. and 6 a.m.

Grocerymen said coffee costs them $1.02½ cents a pound, so those selling at $1.01 a pound are losing 1½ cents per pound on it.

Paarlberg Will Speak At Omaha P-F-L Meet

OMAHA (AP) — Don Paarlberg, assistant to Secretary of Agriculture Benson, will be one of the speakers at the National Pasture-Forage-Livestock conference here March 11. He will speak on "An Up-to-Date Appraisal of the Farm Situation."

Oil Pipeline Rate Hike Hearing Set

The Railway Commission has scheduled a hearing for March 11 on application of the Ohio Oil Co. for authority to increase its rate for transmission of oil through its pipelines.

The present rate is five cents a barrel. The company seeks to raise this to seven and one-half cents.

The hearing will be held in Lincoln.

State Third In U.S. In Total Corn Stocks

Nebraska ranked third in the nation in total stocks of corn in all positions on Jan. 1. The Nebraska total was 232,217,000 bushels.

The State and Federal Crop Reporting Service said farm stocks were 157,115,000 of the total, or 68 per cent below the 190,587,000 bushels of a year earlier.

Corn movement from farms in the last quarter of 1953 totaled 72,314,000 bushels, the lowest since 1948.

In total stocks of wheat Jan. 1 Nebraska was fourth highest in the nation with 84,204,000 bushels.

Farm stocks were 39,551,000 or 47 per cent of the total and some two million over a year earlier. Movement from farms in the last quarter totaled 13,757,000 bushels, the largest for the period since 1951 and the third highest since records were started in 1925.

Other reports:

Rye Total 590 000 bushels 9 per cent below 1953 Farm stocks 514 000 or 87 per cent of the total

Oats Total 28 963 000, 10 per cent below 1953 Farm stocks 27 599 000 or 95 per cent of the total, but 9 per cent less than 1952

Barley Total 2 024 000 bushels compared to 2 610 000 in 1953 Farm total 1 887,000 bushels

Grain sorghums Total 2 456 000, up 58 per cent from 1953 Farm stocks 2 213 000 compared to 1 425 000 in 1953

For the nation the report said the 1,332 million bushels of wheat stored Jan. 1 in all positions was the largest since 1935. The total was 20 per cent higher than in 1953. Off farm stocks of 908 million bushels was the largest of record while the farm stocks were the third largest.

Sailors Fed Up?

British Navy Hit By Wave Of Sabotage

LONDON (AP)—A wave of minor sabotage aboard British warships is plainly worrying the Admiralty.

The aircraft carrier Ocean was disclosed Wednesday as the victim of the Navy's 14th case of malicious damage in the past eight months.

Somebody smashed about 40 of the glass engine room gauges of the Ocean, a 13,190-ton veteran of the Korean War now being refitted at a Devonport dockyard.

Enlisted Man Held

Admiralty police investigators detained an enlisted sailor of the carrier's 1,076-man crew

"There is no indication of any organized sabotage, Communist or otherwise," an informed naval source told a reporter.

Past cases are attributed to sailors fed up with the Royal Navy, the pride of this maritime nation.

Penalties up to two years in prison have been levied for such things as breaking gauges, spilling fuel oil and cutting telephone lines on vessels ranging from destroyers to heavy aircraft carriers.

'Morale Not Low'

Some courts-martial have stopped handing out dishonorable discharges and ordered the offenders to serve out the rest of their enlistments after release This, the naval source commented, is just in case any of the guilty parties did the damage to get out of the Navy

He said the incidents do not indicate any lowering of morale generally and "offenders, when discovered, have to be removed from their ships for their own personal safety"

The Daily Sketch, a London tabloid, discussed the situation Wednesday in a full page article titled "What's Wrong With the Navy?

The Sketch suggested the answer lies in too much elaborate ceremonial aboard warships, out-dated disciplinary methods and uncomfortable living conditions for the rank-and-file

York College Clear Title Is Opposed In State's Brief

The Attorney General's office told the Supreme Court in a brief filed Wednesday that if York College is granted clear title to the land on which it stands, power to prevent sale of the property and abandonment of the college will be gone.

The brief, prepared by Assistant Atty. Gen. Homer Kyle, asks the High Court to uphold the District Court, which denied clear title.

Oral agruments in the case will be heard Feb 5.

Trustees of the college seek clear title on the grounds they need it to keep the college going They contend the Evangelical United Brethren Denomination, which sponsors the college, will withdraw support unless clear title is granted.

4 Of State Legion Auxiliary To Serve On National Forum

Four Nebraska members of the American Legion Auxiliary will take part in the 1954 Women's Forum on National Security Thursday and Friday in Washington, D. C

Mrs Oscar Hahn of Omaha, vice-chairman of the forum

The Nebraska women include

Mrs Franklin P Bowersox of Fremont member of the national committee on national security

Mrs G. H. Harms of Bancroft, national executive committeewoman and national security chairman for Nebraska

Mrs Luther Johnson of Valley, Nebraska auxiliary president

The forum, which represents approximately 30 women's organizations with a combined membership of 2,000,000, will consider all phases of the question of keeping the U. S secure against the danger of atomic war.

Among the speakers will be Val Peterson, former governor of Nebraska, now director of the Federal Civil Defense Administration

Other speakers will include Arthur S Fleming, director of Defense Mobilization, Harold Stassen, director of the Foreign Operations Administration; Rep. W. Sterling Cole (R-NY), chairman of the Joint Committee on Atomic Energy; C D. Jackson, publisher of Fortune magazine, Gov. J Caleb Boggs of Delaware; Harold Fellows, president of the National Association of Radio and Television Broadcasters, and Joseph Clark Grew, chairman of the National Committee for a Free Europe.

'Operation Honesty' Comments Growing

State Tax Commissioner George Peterson said Wednesday Cherry County Assessor Ernest Foster has "a growing file of taxpayer comments" on "Operation Honesty," the campaign for better assessment of personal property.

"The Sandhills ranchers by their written expressions to the assessor's office have indicated they think it is about time Nebraskans consider their tax problems seriously," Peterson said

Among the comments were these

George F. Kreycik, Wood Lake, "I feel that everyone should take this seriously."

Don Hanna Jr., Brownlee, "I have always preached honest tax returns."

Peterson said Gov. Crosby previously received a resolution of endorsement of "Operation Honesty" from the Valentine Chamber of Commerce.

State Third In U.S. In Total Corn Stocks

Nebraska ranked third in the nation in total stocks of corn in all positions on Jan. 1. The Nebraska total was 232,217,000 bushels.

The State and Federal Crop Reporting Service said farm stocks were 157,115,000 of the total, or 68 per cent below the 190,587,000 bushels of a year earlier.

Corn movement from farms in the last quarter of 1953 totaled 72,314,000 bushels, the lowest since 1948.

In total stocks of wheat Jan. 1 Nebraska was fourth highest in the nation with 84,204,000 bushels.

Farm stocks were 39,551,000 or 47 per cent of the total and some two million over a year earlier. Movement from farms in the last quarter totaled 13,757,000 bushels, the largest for the period since 1951 and the third highest since records were started in 1925.

Other reports:

Rye: Total 590,000 bushels, 9 per cent below 1953. Farm stocks 514,000 or 87 per cent of the total.

Oats: Total 28,969,000, 10 per cent below 1953. Farm stocks 27,599,000 or 95 per cent of the total, but 9 per cent less than 1952.

Barley: Total 2,024,000 bushels compared to 2,616,000 in 1953. Farm total 1,887,000 bushels.

Grain sorghums: Total 2,456,000, up 58 per cent from 1953. Farm stocks 2,213,000 compared to 1,428,000 in 1933.

For the nation the report said the 1,332 million bushels of wheat stored Jan. 1 in all positions was the largest since 1935. The total was 20 per cent higher than in 1953. Off farm stocks of 908 million bushels was the largest of record while the farm stocks were the third largest.

Sailors Fed Up?

British Navy Hit By Wave Of Sabotage

LONDON (AP)—A wave of minor sabotage aboard British warships is plainly worrying the Admiralty.

The aircraft carrier Ocean was disclosed Wednesday as the victim of the Navy's 14th case of malicious damage in the past eight months.

Somebody smashed about 40 of the glass engine room gauges of the Ocean, a 13,190-ton veteran of the Korean War now being refitted at a Devonport dockyard.

Enlisted Man Held

Admiralty police investigators detained an enlisted sailor of the carrier's 1,076-man crew.

"There is no indication of any organized sabotage, Communist or otherwise," an informed naval source told a reporter.

Past cases are attributed to sailors fed up with the Royal Navy, the pride of this maritime nation.

Penalties up to two years in prison have been levied for such things as breaking gauges, spilling fuel oil and cutting telephone lines on vessels ranging from destroyers to heavy aircraft carriers.

'Morale Not Low'

Some courts-martial have stopped handing out dishonorable discharges and ordered the offenders to serve out the rest of their enlistments after release. This, the naval source commented, is just in case any of the guilty parties did the damage to get out of the Navy.

He said the incidents do not indicate any lowering of morale generally and "offenders, when discovered, have to be removed from their ships for their own personal safety."

The Daily Sketch, a London tabloid, discussed the situation Wednesday in a full page article titled "What's Wrong With the Navy?

The Sketch suggested the answer lies in too much elaborate ceremonial aboard warships, out-dated disciplinary methods and uncomfortable living conditions for the rank-and-file.

York College Clear Title Is Opposed In State's Brief

The Attorney General's office told the Supreme Court in a brief filed Wednesday that if York College is granted clear title to the land on which it stands, power to prevent sale of the property and abandonment of the college will be gone.

The brief, prepared by Assistant Atty. Gen. Homer Kyle, asks the High Court to uphold the District Court, which denied clear title.

Oral agruments in the case will be heard Feb. 5.

Trustees of the college seek clear title on the grounds they need it to keep the college going. They contend the Evangelical United Brethren Denomination, which sponsors the college, will withdraw support unless clear title is granted.

4 Of State Legion Auxiliary To Serve On National Forum

Four Nebraska members of the American Legion Auxiliary will take part in the 1954 Women's Forum on National Security Thursday and Friday in Washington, D. C.

Mrs. Oscar Hahn of Omaha, vice-chairman of the forum.

The Nebraska women include:

Mrs. Franklin P. Bowersox of Fremont, member of the national committee on national security.

Mrs. G. H. Harms of Bancroft, national executive committeewoman and national security chairman for Nebraska.

Mrs. Luther Johnson of Valley, Nebraska auxiliary president.

The forum, which represents approximately 30 women's organizations with a combined membership of 2,000,000, will consider all phases of the question of keeping the U. S. secure against the danger of atomic war.

Among the speakers will be Val Peterson, former governor of Nebraska, now director of the Federal Civil Defense Administration.

Other speakers will include Arthur S. Fleming, director of Defense Mobilization; Harold Stassen, director of the Foreign Operations Administration; Rep. W. Sterling Cole (R-NY), chairman of the Joint Committee on Atomic Energy; C. D. Jackson, publisher of Fortune magazine; Gov. J. Caleb Boggs of Delaware; Harold Fellows, president of the National Association of Radio and Television Broadcasters; and Joseph Clark Grew, chairman of the National Committee for a Free Europe.

'Operation Honesty' Comments Growing

State Tax Commissioner George Peterson said Wednesday Cherry County Assessor Ernest Foster has "a growing file of taxpayer comments" on "Operation Honesty," the campaign for better assessment of personal property.

"The Sandhills ranchers by their written expressions to the assessor's office have indicated they think it is about time Nebraskans consider their tax problems seriously," Peterson said.

Among the comments were these:

George F. Kreycik, Wood Lake, "I feel that everyone should take this seriously."

Don Hanna Jr., Brownlee, "I have always preached honest tax returns."

Peterson said Gov. Crosby previously received a resolution of endorsement of "Operation Honesty" from the Valentine Chamber of Commerce.

Small Bus 'Feeders' Feeling Squeeze

Small feeder bus lines are finding the going increasingly difficult because of high operating costs in the face of declining revenue, according to reports reaching the State Railway Commission.

Eager Bus Line of Louisville, Neb., asked the commission Wednesday for permission to curtail part of its service temporarily for a 120-day period.

Earlier this week the Elkhorn Valley Stages notified the commission it was suspending operations, although part of the route has been taken over by a former owner of the line.

There are 15 feeder bus lines in Nebraska, operating from one to twenty units.

Almost all of these operators have talked to the Railway Commission in recent months about their problems, according to Don Boyd, director of the motor transportation department.

Increased labor costs, for drivers and mechanics, are the most frequent reason given for the financial "squeeze."

But patronage has fallen off, too, Boyd said. One line reported its gross take in December was $500 less than in the corresponding month of 1952.

The private passenger car is blamed for these inroads.

Fares charged by the feeder lines generally are somewhat higher than those charged by the big "through" lines because the feeder routes operate over comparatively short distances, Harry King of the commission's rate department explained.

Curtailment of service has been the relief which some operators have sought for their difficulties.

When United Motor Ways asked last summer for permission to reduce its service between Grand Island and Norfolk from two round trips a day to one, the commission denied the request.

Popcorn Trail Stages of Grand Island has a request pending now to discontinue operations between Loup City and Sargent, Boyd said.

"If the big bus companies want feeders they may have to subsidize them in some way. And an effort may have to be made to enlist support of civic groups in communities served by the feeders. A town shouldn't be left entirely without public transportation facilities," Boyd commented.

Lincolnite Thinks Law Is Wrong; Pays $10 For 1,220-Pound Truck

"The law oughta be changed," says a Lincoln owner of 1,220-pound Crosley pickup truck who pays a license registration fee of $10.

Plates for passengers cars with twice the weight of the Crosley cost only $6 and $8 for those weighing 3,000 pounds or over

However, the Crosley pickup truck which will carry two persons and haul a 500-pound load is assessed a $10 registration fee—the same as for any commercial truck with a rated hauling capacity up to a half-ton.

"There's something wrong somewhere with the law," says its owner.

Easy To Park

County officials told him he could get a local truck license for $8, but that the vehicle would not be licensed for operation outside the limits of Lincoln.

The owner, who likes the Crosley because "I can park it anywhere," uses the little truck to commute to work and does not do any commercial hauling for which it is licensed.

Until the 1953 legislature, registration fees for passenger cars were $3 and $5 and for trucks up to a half-ton capacity, $4

The Crosley owner hopes the Legislature will do something about this situation. At least a quarter-ton truck license should be provided with a registration fee of $5—just half the $10 fee for half-ton trucks, the Lincoln man suggests.

'53 Record Year For Loup City Creamery

LOUP CITY, Neb. (AP) — The Loup City Co-operative Creamery has reported 1953 as the biggest year in its 24-year history.

At the annual rebate day a patronage rebate of 9½ cents per pound on butterfat or $58,192.63 was returned. A total of 763,908 pounds of butter were made during the year.

Small Bus 'Feeders' Feeling Squeeze

Small feeder bus lines are finding the going increasingly difficult because of high operating costs in the face of declining revenue, according to reports reaching the State Railway Commission.

Eager Bus Line of Louisville, Neb., asked the commission Wednesday for permission to curtail part of its service temporarily for a 120-day period.

Earlier this week the Elkhorn Valley Stages notified the commission it was suspending operations, although part of the route has been taken over by a former owner of the line.

There are 15 feeder bus lines in Nebraska, operating from one to twenty units.

Almost all of these operators have talked to the Railway Commission in recent months about their problems, according to Don Boyd, director of the motor transportation department.

Increased labor costs, for drivers and mechanics, are the most frequent reason given for the financial "squeeze."

But patronage has fallen off, too, Boyd said. One line reported its gross take in December was $500 less than in the corresponding month of 1952.

The private passenger car is blamed for these inroads.

Fares charged by the feeder lines generally are somewhat higher than those charged by the big "through" lines because the feeder routes operate over comparatively short distances, Harry King of the commission's rate department explained.

Curtailment of service has been the relief which some operators have sought for their difficulties.

When United Motor Ways asked last summer for permission to reduce its service between Grand Island and Norfolk from two round trips a day to one, the commission denied the request.

Popcorn Trail Stages of Grand Island has a request pending now to discontinue operations between Loup City and Sargent, Boyd said.

"If the big bus companies want feeders they may have to subsidize them in some way. And an effort may have to be made to enlist support of civic groups in communities served by the feeders. A town shouldn't be left entirely without public transportation facilities," Boyd commented.

Lincolnite Thinks Law Is Wrong; Pays $10 For 1,220-Pound Truck

"The law oughta be changed," says a Lincoln owner of 1,220-pound Crosley pickup truck who pays a license registration fee of $10.

Plates for passengers cars with twice the weight of the Crosley cost only $6 and $8 for those weighing 3,000 pounds or over.

However, the Crosley pickup truck which will carry two persons and haul a 500-pound load is assessed a $10 registration fee—the same as for any commercial truck with a rated hauling capacity up to a half-ton.

"There's something wrong somewhere with the law," says its owner.

Easy To Park

County officials told him he could get a local truck license for $8, but that the vehicle would not be licensed for operation outside the limits of Lincoln.

The owner, who likes the Crosley because "I can park it anywhere," uses the little truck to commute to work and does not do any commercial hauling for which it is licensed.

Until the 1953 legislature, registration fees for passenger cars were $3 and $5 and for trucks up to a half-ton capacity, $4.

The Crosley owner hopes the Legislature will do something about this situation. At least a quarter-ton truck license should be provided with a registration fee of $5—just half the $10 fee for half-ton trucks, the Lincoln man suggests.

'53 Record Year For Loup City Creamery

LOUP CITY, Neb. (AP) — The Loup City Co-operative Creamery has reported 1953 as the biggest year in its 24-year history.

At the annual rebate day a patronage rebate of 9½ cents per pound on butterfat or $58,192.63 was returned. A total of 763,908 pounds of butter were made during the year.

County Agrees To Quit Some Roads Near Base

The Lancaster County Commissioners have informally agreed with United States representatives to the vacating of certain county roads near the Lincoln Air Base by federal condemnation.

The 2½ miles of county road involved are west of Capitol Beach Lake and in the path of the land to be acquired by the Federal government in connection with the lengthening of air base runways.

County officials agreed that federal government condemnation would be a more expedient and easier method of vacating the roads than by the county's petition method, which requires the signature of a majority of residents within two miles of the roads to be vacated.

No Private Property

It was pointed out that that the roads would serve no private property owners after acquisition of the land by the government.

County Engineer Louis Weaver said the county would remove its bridge when the road is vacated and after the city removes a gas line attached to the bridge.

It was pointed out that creek would be re-routed in connection with federal development of the land and the bridge would no longer serve any purpose.

Federal representatives said a resolution consenting to the suit and waiving compensation would be presented to the board for its consideration at a later date.

31 Graduate Insurance Short Course

Twenty seven men and four women from Nebraska, Iowa, and South Dakota were graduated from a five-day insurance short course conducted by the Nebraska Association of Insurance Agents at the University of Nebraska.

The course provided instruction in latest underwriting techniques and offered professional training for improved insurance service to home communities.

Dr. Earl S. Fullbrook, dean of the College of Business Administration, and Dr. Curtis M. Elliott, professor of insurance, both took part as representatives of the University.

Those graduating were:

Edward Copple, Lincoln
George X. Smith, Lincoln
James Holahan, Lincoln
Thomas P. Blinn, Omaha
Frank E. Gleeson, Omaha
William E. Ament, Sioux Falls
Lawrence E. Baron, Grand Island
W. W. Burt, Sioux Falls
John P. Curran, Ogallala

'Try Impossible,' Religious Speaker Urges Students

A Sioux City, Ia., pastor Wednesday night told Nebraska Wesleyan University students that "great churches, famous colleges and great character are nothing more than some man's impossible dream come true."

Dr. Charles E. Mason made this statement as he addressed the second in a series of three evening meetings on the Wesleyan campus in connection with Religious Emphasis Week activities.

"God wants us to attempt the impossible because it is possible in His sight," the pastor declared. "The architect of the Cathedral of Seville said, 'Let us build a cathedral so great that future centuries will think us mad for ever dreaming of it.'"

Using as his subject, "What Does God Want Us To Do?" the speaker answered his own question:

"First he wants us to open our minds, to listen to what he has to say. Then open our hearts—make changes in our personal lives. Finally, open our hands and indicate a willingness to make some form of Christian service.

"The disciples' experience on Pentecost Day transformed them into brave men," he concluded. "We should not always be looking for the easy way out, nor for the socially expedient. But in too many cases it characterizes the modern church. And Pentecost is a reproducible experience."

Earlier in the day, Dr. Mason spoke at a convocation where he declared that the "most courageous man is the one who will unashamedly and publicly acknowledge his dependence upon God."

"Self criticism is a rare virtue," he told the students. It is a courageous man who can bring himself to say, "I was wrong."

Omahan Gets 12 Years For Killing His Girl Friend

OMAHA (AP)—Virl H. Robinson, 39, Omaha was sentenced Tuesday to a 12 year term in the Penitentiary for the slaying of his girl friend.

A District Court jury found Robinson quilty of second degree murder for the Aug. 9 shooting of Johnny Moore, 19, of Omaha, Robinson was out on bond on a burglary charge at the time.

District Judge Carroll O. Stauffer also sentenced Robinson to seven years on the burglary charge, the two sentences to run concurently.

Reynolds Renamed Head

LOUP CITY, Neb. (AP) — Clark S. Reynolds has been re-elected chairman of the Sherman County Board of Supervisors for his fifth consecutive term.

'Godfrey Operation' Not Only Old Stuff, Also Outdated To Fremonter

OMAHA (AP)—The now well-known "Godfrey operation" by which entertainer Arthur Godfrey had a damaged hip joint repaired, is old hat to Jack Bokowski, 41, Fremont, Neb., salesman.

Bokowski found the operation unsatisfactory and now has undergone an operation described as even more advanced. He said he expects to be walking without crutches in a couple of months.

Bokowski was in an auto-truck collision 28 months ago. The ball joint of his left hip, where it fits into the thigh socket, was broken off.

Newer Technique

A hollow metal cap was fitted over the broken bone to serve as the ball joint and torn leg muscles were attached to the bone by a screw. Bokowski said this left his leg out of joint and made it 1½ inches shorter. The leg also began to pain him.

Bokowski said his doctor decided to try a newer technique, first used by a French surgeon in 1946.

It consisted of fitting another metal cap on top of the hip bone. But this time the cap was solid metal and shaped exactly like the hip bone, which has a slight angle where it fits into the thigh.

Bokowski said the leg already is back to normal length and he is confident the latest operation will be a success.

Pig Takes Over Where O'Leary Cow Left Off

Fire, evidently starting from heating lamps knocked over by a pig, destroyed a litter of nine pigs and burned the sow severely.

Owner of the animals, A. L. Griffiths of Rt. 3, guessed that the sow knocked over one of the stands holding up the lamps or brooders that keep the animals warm. The heat from the lamps, according to Griffiths, set fire to the straw floor of the pen.

Griffiths estimated damage was about $200 to $300.

Weaver Is Elected Head Of Falls City Chamber

FALLS CITY, Neb. (AP)—Archibald J. Weaver, an attorney, has been named president of the Falls City Chamber of Commerce succeeding Henry Hartman.

Against Pay Raise

Rep. Usher L. Burdick (R-ND), shown signing a check in his Washington office, says he is firmly against the proposed congressional pay increase and does not believe any congressman needs an increase in salary. (International)

State Temperance Group To Sponsor Essay Competition

The Nebraska Temperance League will sponsor a statewide 1,000 word essay starting Feb. 15.

A total of $300 in prizes are available for high school students who enter the contest, writing on the subject, "A Good Citizen Doesn't Drink Narcotic Alcohol."

There will be a $100 savings bond for first place, plus two $50 bonds and four $25 bonds. In addition 25 other winners will receive certificates of award and all 33 place winners will take part in "Citizenship Day" at the State Capitol, May 15. The contest closes April 15.

On "Citizenship Day" the winners will tour the capitol, visit with the State Liquor Commission, receive their awards from Gov. Crosby, have lunch with Mayor Jeary, participate in a parade through downtown Lincoln and tour the city.

The contest is under the direction of the Education Committee of the Temperance League. Committee members are the Rev. Gale Moon, Kearney, chairman; Dr. E. E. Smith, First Baptist Church, Omaha; the Rev. Howard Holverson, Bethany Christian Church, Lincoln; and the Rev. Dale Ammon, EUB Church, Grand Island.

Sen. Syas Files

State Sen. George Syas of Omaha, filed with the Secretary of State Wednesday for a third term in the Legislature. Sen. Syas represents the Fourth district.

Lincoln High Parents To Discuss Guidance

The Lincoln High Parents Group will meet Wednesday, Feb. 2, at 7:30 p.m. in the Lincoln High auditorium. Julius A. Humann, director of guidance and pupil accounting in the Lincoln schools, will speak on guidance in the high school. Parents will also attend their own child's "problems" class and return to the auditorium for further discussion with Walter Wright as moderator.

THE GREATEST ADVANCEMENT IN GASOLINE SINCE ETHYL FLUID

DERBY FLEXGAS ETHYL with DPC*

DERBY POWER CONTROL

Boosts your car's performance and cuts your driving costs in 8 important ways:

The new combination of Derby Flexgas Ethyl premium fuel with DPC* not only maintains or restores new power to your engine, but also acts as a power stabilizer to:

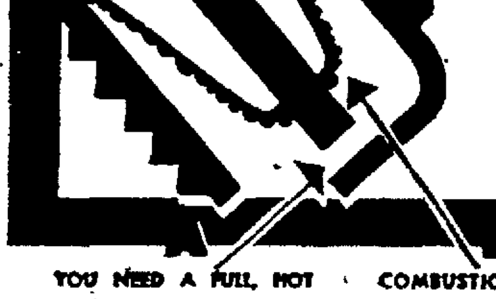
1. Reduce the bad effects of combustion deposits on spark plugs and in combustion chamber.
2. Reduce engine wear.
3. Minimize rust and corrosion.
4. Reduce misfiring or preignition caused by short-circuits and hot spots.
5. Double the life of your spark plugs.
6. Give greater power seal between pistons and cylinder walls.
7. Give remarkable increase in miles per gallon.
8. Increase fuel stability for constant power output.

What DPC* is . . . how it works

DPC* (Derby Power Control) is an additive, new refinery-blended into every gallon of Derby Flexgas Ethyl premium gasoline. Recent research work with both high-compression and older types of automotive engines has proved its remarkable ability to phosphorize present-day motor fuels, producing amazing and highly desirable results.

The use of Tri Cresyl Phosphate as a Power stabilizer to combat engine and spark plug deposit was developed as early as 1936 by Derby technicians, in cooperation with E. I. duPont technicians.

Derby Flexgas Ethyl with DPC* neutralizes spark plug fouling



YOU NEED A FULL, HOT SPARK HERE TO IGNITE THE FUEL-AIR MIXTURE THAT GIVES YOUR ENGINE FULL POWER

COMBUSTION DEPOSITS LET PART OF YOUR SPARK "LEAK" AWAY — UNLESS NEUTRALIZED BY FLEXGAS WITH DPC*

Spark plug fouling is one of the most common causes of poor performance, lack of power, hard starting and low gasoline mileage. DPC* neutralizes most fouling to end these troubles and give you "new-car" performance. You will feel the difference within just a few miles after your engine is fueled with DPC* — treated Flexgas Ethyl. You'll continue to enjoy peak performance as long as you go on using Flexgas Ethyl — no matter if your car is old or new, your engine high-compression or not.

DERBY

YOUR BENEFITS DEPEND ON GASOLINE QUALITY

The all-around benefits that you get from any additive depend largely on the quality of the gasoline itself. That is why you can expect the most brilliant performance of all from new Derby Flexgas Ethyl with DPC*. This outstanding premium quality fuel is custom-blended from Kansas crudes, right in the heart of Kansas, to meet the specific needs of motorists in the plains states. You get a fuel that's exactly right for your own operating conditions when you fill up with the newest, most advanced premium quality gasoline — new Derby Flexgas Ethyl with DPC* — at the sign of the Derby Star.

DPC* . . . Another Derby "First"

The introduction of DPC* marks another great step in Derby's pioneering of better petroleum products for every user. Now, DPC* brings you the highest benefits of all modern fuel additives.

Riley Lintz Killed In Leyte Blast

Lincoln Star Special

BIG SPRINGS, Neb. — Big Springs may have a new swimming pool this summer because Mr. and Mrs. Mark Lintz are "trying to do what we think Riley would have wanted to do with his money if he could have foreseen what was to happen."

Riley, the Lintz' 22-year-old son, was killed Oct. 16, 1953, in an explosion on the carrier, USS Leyte. He had served in the Navy for about three and one-half years.

Mr. and Mrs. Lintz have given $30,000 from Riley's estate to the George S. Johnson American Legion Post in Big Springs. The Legion post is having the plans drawn for the swimming pool and have contracted with the Ogallala Engineering Company for the engineering.

The town owns a tract of land adjoining the city park here and the pool will be built at that site if the engineers find the base satisfactory.

Lintz said that local business firms have offered to sell the necessary construction items at cost and Big Springs residents have offered their labor and trucks free of charge.

The Legion post will handle all payments from the bequest.

Ready In June

If plans go according to schedule, Lintz said the pool will be completed in June and the Legion will present it to the town and it is hoped the town will accept and maintain the pool, to be named the "Riley Gene Lintz Pool."

The plans call for a pool, a wading pool, and bathhouse. Lintz says the only rider on the gift will be a stipulation that children under high school age must be admitted free of charge.

"He (Riley) loved children . . . he liked to swim, fish and hunt . . . Well, we think he would have liked to have given something to the town and community of Big Springs, to children and young people," Lintz said.

Melchiorsen Dies; Ex-Douglas Jailer

OMAHA (INS) — Manus Melchiorsen, 65-year-old former Douglas County jailer and a candidate for county sheriff in the coming election, died suddenly Wenesday at his home in Omaha.

Death was attributed to a heart attack.

Melchiorsen was chief jailer under the late Sheriff William Dorrance from 1939 to 1943. He was also a longtime employee of the Union Pacific railroad.

He was a veteran of World War I and a member of the American Legion.

His wife, Frances, survives. Funeral services will be Friday morning.

Gabelman Resigns As Rural School Board President

NORFOLK, Neb. (AP)—For the first time since it was organized 11 years ago, the Nebraska Rural School Boards Association is going to have to pick a new president.

Alfred Gabelman, Madison, announced his resignation effective Feb. 11, date of the association convention.

Gabelman has headed the organization since its organization. He said he was resigning to devote more time to his business.

The association convention will be held in Norfolk with Dr. Allen P. Burkhardt, Norfolk superintendent of schools, as main speaker.

Seefus Heads Jaycees

NEBRASKA CITY, Neb. — Deryle Seefus is the new president of the Nebraska City Junior Chamber of Commerce. He succeeds Jerry Livingston. Other officers are Dr. George Mann, first vice president; Allison Gibbs, second vice president; Walter Wenzel, secretary; Dr. B. J. Sanchez, treasurer; and Lloyd Wymore, state director.

Jaycees At Alliance Elect Gladson As Head

ALLIANCE, Neb. — New president of the Alliance Junior Chamber of Commerce is Lloyd Gladson, who succeeds Willard Lynch.

Other officers are Bob Dreher, internal vice president; Dale Borg, external vice president; and LaVern Faber. Loren Solberg and Marvin Bowhay, directors.

Students Contribute $27 To March Of Dimes

Lincoln Star Special

LEWISTON, Neb. — Lewiston Consolidated School students contributed a total of $27.19 to the March of Dimes campaign.

High school students contributed $10.13 of the total; grades four through six, $6.30; grades two and three, $5.50; and kindergarten and first grade, $5.26.

Superior Power Substation Will Open Next Month

Lincoln Star Special

COLUMBUS, Neb. — The Nebraska Public Power System plans to open its new substation one mile east of Superior for operation about Wednesday, Feb. 10.

Work began on the substation on Aug. 1, 1953. The Elliott Construction Company of Omaha was awarded the $283,582 contract.

The steel building will house some $30,830 worth of control panels, batteries, racks, and other equipment.

Palmer Ends 5-Day Term In County Jail

OMAHA (AP)—Municipal Judge Lester Palmer, former head of Omaha's traffic court, was released from the county jail Wednesday after serving a five-day sentence for hit-run driving.

Judge Palmer was sentenced Dec. 10 on a charge of leaving the scene of a property damage accident. He appealed the sentence but later withdrew the appeal and appeared at the jail to serve his sentence.

Following the accident Judge Palmer gave the county attorney's office a statement saying the car was driven by a friend, but he gave a new statement later saying he was the driver.

Jail officials said Judge Palmer did some work in the kitchen and laundry during the daytime but at night he was locked up in a separate cell. The judge was not confined with other prisoners because the sheriff's office feared some one who had been sentenced by the judge might seek revenge.

Rev. Brunn Resigns As Minatare Pastor

MINATARE, Neb. — The Rev. John Brunn, pastor of the Federated Churches of Minatare for the past four years, has resigned to accept a call to the First Presbyterian Church at Monte Vista, Colo.

Earl Ray Is Dead; Realtor At Norfolk

NORFOLK, Neb. (AP)—Earl R. Ray, 68, well known Norfolk real estate broker, died Wednesday afternoon at a hospital after an illness of a year and a half.

Ray had spent his entire life in this community. Son of Mr. and Mrs. John Ray, early day Madison County residents, he was born on a farm six miles west of here.

Surviving are his widow, the former Gussie Ohlund, two daughters, Mrs. Al Baldridge of Norfolk and Mrs. Jack Lavender of George, Ia.; four grandchildren, and one brother, Harry, of Norfolk.

Bid Opening For Parochial School Set For Feb. 10

BEATRICE, Neb. (AP) — Bids will be opened here Feb. 10 for a $100,000 addition to the St. Joseph parochial school.

The church finance committee said about 90 per cent of the estimated cost has been pledged.

Robert Vondehaar, chairman of the building committee, said the addition of six school rooms in the new addition will give each elementary grade a room of its own although some of the high school classes will be combined. The addition will have 13 rooms in all.

At present there are 179 pupils in the school proper and 38 are attending classes in the Knights of Columbus Hall.

Omaha-Bluffs Intercity Bus Rates Boosted

WASHINGTON (AP) — Interstate Commerce Commission officials said Wednesday an increase in intercity bus fares between Omaha, Neb., and Council Bluffs, Iowa, go into effect at midnight Wednesday night.

The Omaha and Council Bluffs Street Railway Co., which operates the service, gave public notice last month of its plan to advance the present one-way cash fare from 15 cents to 18 cents. and offer tokens under which two rides could be taken for 35 cents. The effective date was announced as Jan. 28.

The child fare of five cents and the student fares of 10 cents or three token rides for 25 cents will not be changed.

Members of the ICC suspension board, which has the power to block any fare change upon protest, said no protest had been placed before it.

In Omaha, Attorney Roy M. Harrop said he had sent a protest to the commission late last week. Board members said Wednesday they had not seen it.

Officials said, however, that unless the protest had been received 10 days before the scheduled effective date, it could not have been considered anyway. The commission has sometimes suspended rate changes on protests filed during the last 10 days before effective date, but officials said the ICC recently had adherred strictly to the 10-day rule.

JOURNAL-STAR WANT ADS BRING RESULTS

Rev. Hadley Will Leave Omaha For Minnesota

OMAHA (AP)—The Rev. W. Bruce Hadley, executive secretary of the Omaha Council of Churches, has resigned effective March 1 to take a similar position with the St. Paul (Minn.) Council of Churches. The Rev. Hadley, has been executive secretary of the council the past seven years.

Fred Blair, Wayne Civic Leader, Dies

WAYNE, Neb.—Funeral services will be held here for Fred L. Blair, 76, owner of a men's clothing store here from 1912 until 1952. He was active in many civic and church groups.

Surviving are his wife; two daughters, Mrs. L. E. Seiberling of Tulsa and Mrs. Harlan Ralston of Rock Island, Ill.; and a brother, Murray of Los Angeles, Calif.

Henry C. Ficke, 62, Pleasant Dale, Dies

Lincoln Star Special

PLEASANT DALE, Neb. — Funeral services for Henry C. Ficke, 62-year-old farmer and lifetime resident of this vicinity, will be held at 2 p.m. Saturday at Bethlehem Lutheran Church here. He died in a Seward hospital.

Surviving are his wife, Laura; two sons, Lester and Wayne, both at home; his parents, Mr. and Mrs. Herman Ficke of Seward; three brothers, Fred, Frank and Adolph, all of Pleasant Dale; two sisters, Mrs. Cobe VanAndel of Pleasant Dale and Mrs. Elmer Mowitz of Hampton.

Gillen Sells His York Republican

Lincoln Star Special

YORK, Neb.—Donald I. Gillen, editor and publisher of the York Republican weekly newspaper, has sold the paper to Arthur J. Riedesel, former editor of the Sherman County Times in Loup City.

Riedesel will take over the paper on Feb. 1.

Gillen has not announced his future plans. He is the son of Mr. and Mrs. Frank Gillen of Lincoln and was a former staff writer for The Lincoln Star.

His wife is the former Marilyn Petersen of Julesburg, Colo.

Sailor's Estate To Bring Big Springs Swimming Pool

Riley Lintz Killed In Leyte Blast

Lincoln Star Special

BIG SPRINGS, Neb. — Big Springs may have a new swimming pool this summer because Mr. and Mrs. Mark Lintz are "trying to do what we think Riley would have wanted to do with his money if he could have foreseen what was to happen."

Riley, the Lintz' 22-year-old son, was killed Oct. 16, 1953, in an explosion on the carrier, USS Leyte. He had served in the Navy for about three and one-half years.

Mr. and Mrs. Lintz have given $30,000 from Riley's estate to the George S. Johnson American Legion Post in Big Springs. The Legion post is having the plans drawn for the swimming pool and have contracted with the Ogallala Engineering Company for the engineering.

The town owns a tract of land adjoining the city park here and the pool will be built at that site if the engineers find the base satisfactory.

Lintz said that local business firms have offered to sell the necessary construction items at cost and Big Springs residents have offered their labor and trucks free of charge.

The Legion post will handle all payments from the bequest.

Ready In June

If plans go according to schedule, Lintz said the pool will be completed in June and the Legion will present it to the town and it is hoped the town will accept and maintain the pool, to be named the "Riley Gene Lintz Pool."

The plans call for a pool, a wading pool, and bathhouse. Lintz says the only rider on the gift will be a stipulation that children under high school age must be admitted free of charge.

"He (Riley) loved children . . . he liked to swim, fish and hunt . . . Well, we think he would have liked to have given something to the town and community of Big Springs, to children and young people," Lintz said.

Melchiorsen Dies; Ex-Douglas Jailer

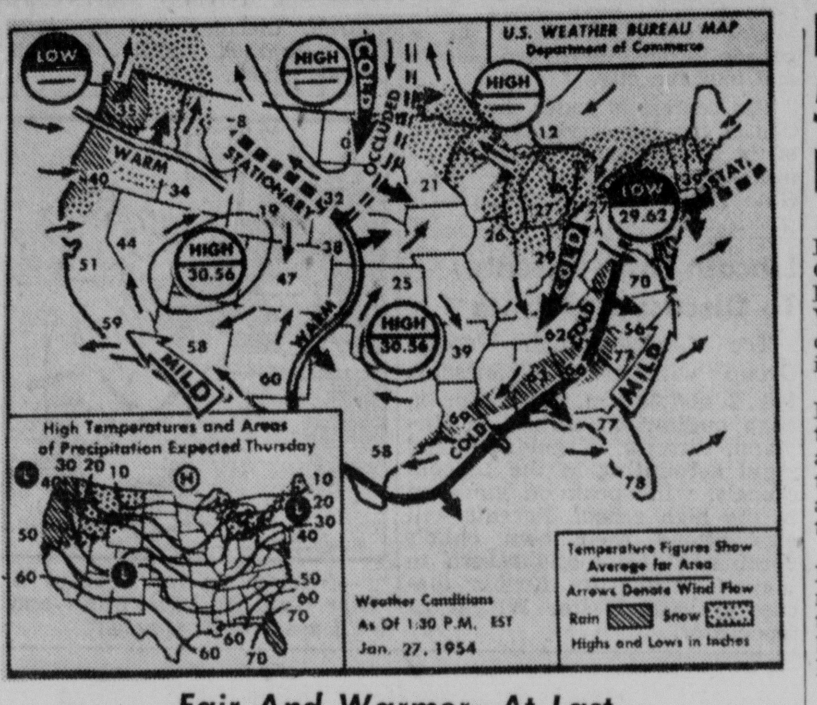
OMAHA (INS) — Manus Melchiorsen, 65-year-old former Douglas County jailer and a candidate for county sheriff in the coming election, died suddenly Wenesday at his home in Omaha.

Death was attributed to a heart attack.

Melchiorsen was chief jailer under the late Sheriff William Dorrance from 1939 to 1943. He was also a longtime employee of the Union Pacific railroad.

He was a veteran of World War I and a member of the American Legion.

His wife, Frances, survives. Funeral services will be Friday morning.



Fair And Warmer—At Last

It will be generally fair over the eastern two-thirds of the country Thursday except for snow flurries in northern New England, the northern Appalachians and the eastern Great Lakes area. The western third of the country will be fair except for the northwest quadrant where rain and snow is expected. It will turn colder along the middle and north Atlantic east and northern Florida, and it will continue cold in the Dakotas. A warming trend wll take place in the central and southern Plains. **(AP Wirephoto Map Wednesday Night.)**

Gabelman Resigns As Rural School Board President

NORFOLK, Neb. (AP)—For the first time since it was organized 11 years ago, the Nebraska Rural School Boards Association is going to have to pick a new president.

Alfred Gabelman, Madison, announced his resignation effective Feb. 11, date of the association convention.

Gabelman has headed the organization since its organization. He said he was resigning to devote more time to his business.

The association convention will be held in Norfolk with Dr. Allen P. Burkhardt, Norfolk superintendent of schools, as main speaker.

Palmer Ends 5-Day Term In County Jail

OMAHA (AP)—Municipal Judge Lester Palmer, former head of Omaha's traffic court, was released from the county jail Wednesday after serving a five-day sentence for hit-run driving.

Judge Palmer was sentenced Dec. 10 on a charge of leaving the scene of a property damage accident. He appealed the sentence but later withdrew the appeal and appeared at the jail to serve his sentence.

Following the accident Judge Palmer gave the county attorney's office a statement saying the car was driven by a friend, but he gave a new statement later saying he was the driver.

Jail officials said Judge Palmer did some work in the kitchen and laundry during the daytime but at night he was locked up in a separate cell. The judge was not confined with other prisoners because the sheriff's office feared some one who had been sentenced by the judge might seek revenge.

Bid Opening For Parochial School Set For Feb. 10

BEATRICE, Neb. (AP) — Bids will be opened here Feb. 10 for a $100,000 addition to the St. Joseph parochial school.

The church finance committee said about 90 per cent of the estimated cost has been pledged.

Robert Vondehaar, chairman of the building committee, said the addition of six school rooms in the new addition will give each elementary grade a room of its own although some of the high school classes will be combined. The addition will have 13 rooms in all.

At present there are 179 pupils in the school proper and 38 are attending classes in the Knights of Columbus Hall.

Omaha-Bluffs Intercity Bus Rates Boosted

WASHINGTON (AP) — Interstate Commerce Commission officials said Wednesday an increase in intercity bus fares between Omaha, Neb., and Council Bluffs, Iowa, go into effect at midnight Wednesday night.

The Omaha and Council Bluffs Street Railway Co., which operates the service, gave public notice last month of its plan to advance the present one-way cash fare from 15 cents to 18 cents, and offer tokens under which two rides could be taken for 35 cents. The effective date was announced as Jan. 28.

The child fare of five cents and the student fares of 10 cents or three token rides for 25 cents will not be changed.

Members of the ICC suspension board, which has the power to block any fare change upon protest, said no protest had been placed before it.

In Omaha, Attorney Roy M. Harrop said he had sent a protest to the commission late last week. Board members said Wednesday they had not seen it.

Officials said, however, that unless the protest had been received 10 days before the scheduled effective date, it could not have been considered anyway. The commission has sometimes suspended rate changes on protests filed during the last 10 days before effective date, but officials said the ICC recently had adherred strictly to the 10-day rule.

Farm Support Program OKd By House

Measure Now Goes To Senate

WASHINGTON (INS) — The House Wednesday passed emergency legislation designed to keep the government's farm price support program going for another month.

The measure allows the treasury department to cancel about 750 million dollars in debts owed by the Commodity Credit Corporation which handles the government's support program.

The vote on the bill was 323 to 27. It now goes to the Senate for consideration.

Supporters of the legislation argued that the bookkeeping procedure is done every year in the agriculture department's appropriation bill. They said the administration simply wants to carry out the transaction now to give the CCC money with which to work.

The administration meanwhile, has asked Congress to increase CCC's borrowing authority from six billion, 750 million dollars to eight and one-half billion. This proposal was approved Wednesday by the Senate Agriculture Committee.

Agriculture officials said earlier this week that only 16 million dollars was available on which to make loans on crops.

Department officials said the debt cancellation may be enough to allow the CCC to operate through February but no later.

Larson Named President Of Range Group

OMAHA (AP)—Floyd D. Larson of Billings, Mont., Wednesday became president of the American Society of Range Management which is holding its annual meeting here.

Results of the election, which was conducted by mail, were announced at Wednesday's convention sessions. A. P. Adkins of Guymon, Okla., was named vice president; and two new directors were chosen: M. H. Saunderson, Bozeman, Mont.; and George E. Weaver, Fort Collins, Colo.

Sid Salzman of Ainsworth, Neb., was announced as new chairman of the Nebraska section of the association. He succeeds L. F. Bredemeier of North Platte.

Lt. Col. Omar Draz, an Egyptian army officer, told the range management experts that a nursery located on the El Alamein battlefield of World War II represents "new hope for future generations of Egyptians."

Col. Draz, operator of the nursery, described the experiment in reclamation of semiarid lands.

"Unless we can experiment and find uses for dry lands, there just isn't going to be enough food," Col. Draz said.

He said if Egypt's experiments are successful, about three million acres of this barren land would be made to support legumes and grasses for grazing purposes.

asketball Betting vidence Found

OMAHA (AP) — Omaha police wednesday reported the first vidence discovered this year of sketball betting in Omaha.

Morals squad members said ey seized a basketball bet slip, marked basketball odds sheet nd three rundown sheets on sketball at a cigar store here.

Joseph Mangiamelli was ooked as keeper of a disorderly ouse and four others were ooked as inmates.

Rites At Wilcox For Mrs. Victor Farm

WILCOX—Funeral services were held here Wednesday afternoon for Mrs. Victor Farm, who died in a Holdrege hospital. She resided in the Wilcox vicinity for many years before moving to Holdrege and later to Loomis. Surviving are a daughter, Mrs. George Winkler of Loomis, and two sons, Wesley and Vernon, both of Wilcox.

MRS. HERMAN LEMP

DUNCAN—Funeral services were held at the Evangelical and Reformed Church for Mrs. Herman Lemp, 58, who died at her home west of Duncan. Born in Switzerland, she came to the U.S. in 1920 and lived for a time in Lincoln. Surviving are her husband; two daughters, Mrs Robert Killham and Mrs. Carroll Mellizer, both of Columbus; four sons, Harold, Kenneth, Herman Jr., and Donald, all at home; one brother, a sister and four grandchildren.

WILBUR RAY FILLMORE

GRAND ISLAND—Wilbur Ray Fillmore, resident of Grand Island for 40 years, died in a local hospital. He was a retired Union Pacific employee. Surviving are his wife, Marie; a son, Raymond W. of Grand Island; two daughters, Mrs. Frank Hruza of Grand Island and Mrs. J. H. Christensen of Vallejo, Calif.; one grandchild, four great grandchildren.

ED CASKEY

NEBRASKA CITY — Funeral services were held here for Ed Caskey, 87, who at one time operated the Overman Hotel in Stella. Surviving are his wife; a son, Claude of Lincoln, and two daughters, Mrs. Jack Baker of Vancouver, Wash., and Mrs. Amel Rears of Stella.

MRS. ROBERT FOLEY

BLAIR—Mrs. Robert Foley, 60, prominent Blair farm woman, died in a local hospital. She was president of the Washington County Council of Home Extension Clubs. Surviving are her husband, four sons and three daughters.

Omaha Trucker Injured In Crash

HOMESTEAD, Ia. (AP) — The collision of two semi-trailer trucks a half mile west of the scene of a fatal Highway 6 two-truck crash near here sent a young Omaha trucker to a Marengo hospital with a fractured hip and several cracked ribs Wednesday.

The injured man, Sidney Harder, 26, an independent trucker, was carrying a load of peanut butter and lamb brains which was scattered when the truck went into the ditch and overturned.

Iowa county authorities said the two trucks sideswiped on the icy highway, sending Harder's westbound truck into the ditch.

York School Head Will Give Up Post

YORK, Neb. (AP)—T. R. McNickle, superintendent of York schools for the last 12 years, has notified the board of education he does not wish to be considered for re-election.

McNickle

McNickle did not announce his future plans.

He served four years as principal of York High School before being elected superintendent. Although only 48, McNickle has been teaching for 32 years. Before coming to York he taught at Farnam, Elmwood, Fremont and Norfolk.

75 Head Of Sheep Are Lost In Fire

Lincoln Star Special

WILBER, Neb. — Seventy-five head of sheep, the barn in which they were housed, three tons of hay and tools were destroyed by flames at the Stanley Bartos farm south of Wilber.

Cause of the fire has not been determined, according to Fire Chief Charles Shimonek.

A neighbor turned in the alarm after he was unable to arouse anyone in the Bartos home. Mrs. Bartos and her daughter-in-law, Mrs. Stanley Bartos Jr., were home at the time of the blaze but were unaware of the fire for some time. Mr. Bartos and his son were out of town. The farm is owned by District Judge Stanley Bartos and is farmed by his son, Stanley Jr.

'Tired Teachers Revue' Planned

Lincoln Star Special

SEWARD, Neb. — Seward County teachers will join forces Thursday night to present "The Tired Teachers Revue" at the Seward High School gymnasium here.

Receipts from the program will be used to establish a scholarship fund for a graduate of the county who plans to become a teacher and wishes to enter college in September.

For the program Thursday, the county was divided into five centers—Milford, Garland, Seward, Utica, and Beaver Crossing and each center is responsible for 20 minutes of the revue.

Included on the program are the Spamel All Girl Orchestra from Beaver Crossing, and Cheery Chums from Utica, Orville and His Royal Bohemians of Garland, the Atomic Eight Toast of the Town from Seward.

The Milford group, planning a surprise, refuse to allow any advance publicity on their share of the program.

Water Well Bond Issue Is Approved

ST. EDWARD, Neb. (AP)—St. Edward citizens approved by a 144-8 vote an $11,000 bond issue to provide funds for a new well for the town water system.

St. Edward has only one well and after last summer's water shortage it was considered advisable to provide an emergency source for the town water supply.

Because of the day long snow a considerably smaller than normal vote was recorded

To Wed Donald Bock

MISS LILA BAUER

Mr. and Mrs. Leonard Bauer of Villisca, Ia., this morning announce the engagement of their daughter, Lila, to Donald Bock, son of Mr. and Mrs. M. G. Bock of Storm Lake, Ia.

No wedding date is named.

Miss Bauer attended Northwest Missouri State College and is a member of Alpha Sigma Alpha sorority. She now is a member of the public schools faculty in Council Bluffs, Ia.

Mr. Bock was graduated from the University of Nebraska where he is a member of Sigma Alpha Epsilon Fraternity.

A LAZY MORNING

WE DON'T like the idea of maligning a beautiful Thursday morning such as this one is—but we think it's lazy—Of course it could be that we have talked ourselves completely out of news the past few days—or maybe we didn't listen at the right keyholes—or perhaps the town is tired. But whatever the why or the what, all is not lost for we did manage to pick up a paragraph or two that may save the day.

* * *

MOST of our news concerns homecomers, but we also learned of some travelers—Mrs. Walton C. Ferris and her mother, Mrs. John Armstrong, who will be leaving early next week for the west coast. Mrs. Ferris and Mrs. Armstrong, who are driving to Los Angeles, plan stops in a few interesting places along the way. In California they will visit friends and relatives in Los Angeles, and in the extreme southern part of the state.

* * *

BACK in town again are Mr. and Mrs. Harold Bookstrom, their son, Ricky, and daughter, Sara, who returned late Tuesday evening after a three weeks' holiday in Sarasota, Fla.

* * *

AND expected home today from Ft. Lauderdale, Fla., are Mr. and Mrs. John Morrow who have been away for several days.

* * *

HEAR that the week-end will bring Miss Dorris Newman home from Pueblo, Colo., where she has been teaching the past semester, and we suspect that after the bride-elect (she is to marry Robert Kinsey in the spring) has time to catch her breath the prenuptial courtesies in her honor will begin.

* * *

THE Faulkners—Mr. and Mrs. E. J.—arrived home in the wee small hours this morning from San Francisco where they spent a week involving business—and a bit of pleasure.

* * *

DID you know that the Willis DeVriendts and their family were leaving Lincoln? They are. In fact Mr. DeVriendt leaves Sunday for Atlantic, Ga., where the DeVriendts are to reside, but Mrs. DeVriendt and the younger generation in the family will not go until June.

Mr. DeVriendt, so someone told us, is to be general sales manager for the Ad-Gift division of Scripto.

* * *

TOOK a look at next week's calendar and found that the Lancaster County Medical Society auxiliary had plans for Monday—a luncheon at the Lincoln General hospital nurses' home when the group entertains the nurses' training classes of Bryan Memorial hospital, St. Elizabeth hospital, Lincoln General, and the training class from Union college.

Following luncheon Mrs. Norman Shaw and David Andrews will present, "The White Cliffs."

* * *

FROM now on birthday greetings will be in order on every Jan. 27, for Miss Kathryn Jane Wilson who arrived yesterday at St. Elizabeth hospital. The future deb is the daughter of Mr. and Mrs. John E. Wilson, and her mother is the former Joan Forbes, daughter of Mrs. O. T. Forbes of Chadron, and a Delta Gamma at Nebraska. Miss Kathryn's paternal grandparents are Dr. and Mrs. Frank Edmund Wilson of Glenwood, Ia.

Mr. Wilson is a student at the University of Nebraska college of law, and a member of Sigma Nu.

* * *

THE RED carpet also was dusted off on Tuesday, Jan. 26, for John Robert Windle, son of Dr. and Mrs. Robert Windle (Dorothy Wind), who is getting plenty of attention in the nursery at Lincoln General. John Robert's official welcoming committee—his sisters, Susan and Ann, and his brother, Richard, are awaiting his arrival home.

Madam Chairman

Lincoln Woman's Club physical education department, 11 o'clock at the YWCA.

Camp Fire Girls, leaders of fourth grade Blue Birds, 9:30 o'clock training class at the YWCA.

Alexandrian Chautauqua Reading Circle, 10 o'clock at the YWCA.

YWCA metal and jewelry class, 1 o'clock at the YW.

Lincoln PTA Mothersingers, 1:30 o'clock at the Board of Education.

Lincoln Homemakers Section, National Home Economics Association, 1:30 o'clock in the Rogers room of the YWCA.

Cambridge-Lincoln Club, 1 o'clock luncheon at the home of Mrs. A. C. Easton, 418 South 27.

Ladies Day Out, 1:15 o'clock at the YWCA.

YWCA metal and jewelry class, 7 o'clock at the YW.

Lincoln B, PW Club, dinner-meeting at the club rooms.

THE WAY MY FAMILY LIKES IT

The people out on Woodsdale boulevard remember when Mrs. Harry Meginnis Sr. made her notorious potato doughnuts for all the neighborhood children. This recipe was first made by Mr. Meginnis' mother in Iowa and in order to maintain her culinary standing in the family, Mrs. Meginnis, as a new bride, had to learn this recipe. It made a big batch . . . enough to serve young Harry Meginnis and all his young pals when they used to troop home from Irving junior high school after classes.

POTATO DONUTS

Combine 2 c. unseasoned, warm mashed potatoes with 2 c. granulated sugar. Add 3 eggs, beaten whole, and soft butter the size of an egg. Add 6 c. bread flour, sifted with 2 T. baking powder, 1 t. salt, and nutmeg to taste, alternately to the first mixture with 1 c. sweet milk. Proceed according to rule in any cookbook.

Anniversary

Mr. and Mrs. Stanley Nemecek observed their 22nd wedding anniversary at a family dinner at Lone Oak Tuesday, Jan. 26. Included in the guest list were their daughter, Annabelle; their son-in-law and daughter, Mr. and Mrs. Raymond Svoboda; Mr. and Mrs. Ralph Knox, and children Judy and Rodney, and Mr. and Mrs. L. J. Vosika and son.

Entertained By Omaha Club

A group of 15 members of the Lincoln chapter of the American Business Women's Association went to Omaha on Sunday when they were the guests of the Omaha chapter of the association. The informal program of music and games was followed by a buffet supper.

Girl Scouts Plan Election

The Lincoln Girl Scout Council will have its annual meeting and election of officers at 9:30 o'clock, Friday, Jan. 29, at the First Presbyterian Church. An election of officers for the forthcoming year will be the feature event.

The Brides' Book Says:

Miss Gayle Woods and Miss Norma Jean Drake will entertain on Saturday evening, Feb. 6, honoring Miss Eleanor Hartsook whose marriage to Donald Fagan will be solemnized Saturday, Feb. 20 at St. Patrick's Church. The bride-elect will receive a miscellaneous shower.

Miss Hartsook has chosen the bridegroom's sister, Miss Darlene Fagan, as her maid of honor and the bridesmaid will be Miss Mary Lee.

Robert Lee will serve his cousin as best man and the ushers include Paul Nelson, Ceresco; Arthur Althouse and James Lee.

A bride of Jan. 31 is Miss Marvel Templeton, whose marriage to Donald Ruhl will be solemnized at 7 o'clock, Sunday evening at the First Presbyterian Church. Miss Templeton was the guest of honor at a miscellaneous shower on Monday evening when Mrs. C. V. Carlson, Mrs. Gus Zipp, Mrs. Frank Durst, Mrs. Ernest Isaacson, and Miss Joyce Rickert entertained 51 guests at the Highland Park Chapel.

Mr. and Mrs. Ford Templeton will entertain at a party at their home following the wedding rehearsal on Friday evening, honoring their daughter, her fiance, and the members of the bridal party and families.

Another bride of late February is Miss Marjorie Vogel who will become the bride of Harold Stimbert at a 7 o'clock ceremony Saturday, Feb. 27, at the United Brethren Church.

For her matron of honor and only attendant, Miss Vogel has chosen her aunt, Mrs. Edward Vogel. Miss Joann Vogel, sister of the bride-to-be, and Miss Gloria Voss will light the candles.

Ray Stimbert will serve his brother as best man and the ushers include Raymond Walin and Roger Walin.

February Bride-Elect

MISS BEVERLY JEAN CALDER

The announcement of the engagement and approaching marriage of Miss Beverly Jean Calder to Robert Richard Kutcher, son of Mr. and Mrs. Frank J. Kutcher, is made this morning by the bride-elect's parents, Mr. and Mrs. Gale Evans Calder.

The wedding will take place on Monday, Feb. 22, and the ceremony will be solemnized in the chapel of the Second Presbyterian Church.

Both Miss Calder and her fiance are former students at the University of Nebraska. Mr. Kutcher has just returned from 17 months duty in Korea.

The Star Welcomes:

The Robert J. Kollmans and their children Judy, 9, Jane, 5, and four-year-old Robbie Jr., who are living in Lincoln at 3727 O street. Mr. Kollman is the chief of special services with the Veterans' Administration and he was transferred here for an indefinite time from Seattle, Wash.

Mr. Kollman is an alumnus of the teachers' college in his home town of St. Cloud, Minn., and his wife is a native of Portland, Ore. Although Mrs. Kollman doesn't call herself the hobby-type, she hopes to become active in Girl Scouting when her eldest becomes "of age" next year.

★

A native son has returned and brought his family with him! Mr. and Mrs. F. E. Watts and their youngsters, Kathleen, a second grader at Prescott school, and Dennis, 5, have moved to *1801 South 16* from Kew Gardens, Long Island, N. Y. and Mr. Watts *is opening his new service station in the immediate future.* His parents have moved to Lincoln from Corning, Ia., so he and his family should have little trouble becoming acquainted rapidly.

★

May we extend a welcome to Mr. and Mrs. Robert Wilson from St. Louis who have 3409 South 29th as their new Lincoln address. The Wilsons and their three daughters, Mary Ann, 14, Kitty, 11, and Judy, 9, all of whom attend Blessed Sacrament School, are to be permanent residents, fortunately for us, since Mr. Wilson is a district manager in this locale for an insurance company. They have drawn up plans for a house and hope to find a suitable lot or acreage soon.

The new home will undoubtedly include a large room with plenty of mirrors for the three Wilson danseuses, for the girls are very interested in ballet. They studied under a protege of Mme. Cassand, in St. Louis and have shown a marked talent. Mrs. Wilson has always been enthusiastic about the theatre and ballet and some community time will probably be devoted to such pursuits when their lives straighten out a bit.

A native of Wichita, Kan., Mrs. Wilson attended the university there. Her husband is a Sigma Chi at Butler University in Indianapolis, his native city.

Red Cross Classes Begin

A new series of Red Cross home nursing classes began this week with Mrs. Gracia Campbell as instructor. On Wednesday afternoon at 1:30 o'clock a beginning class was held in the auditorium of Huntington School.

Wednesday evening a series opened at 7 o'clock and the class was held in the bicycle room of Randolph School.

YWCA Textile Class Changed

The newly-scheduled YWCA class in textile painting has changed from afternoon to evening meetings. The class will begin at 7 o'clock, Tuesday evening, Feb. 2, and will continue for 12 weeks.

Mrs. Raymond Williamson will be the class instructor and those interested in attending may call the YWCA for further information.

Betrothals Announced

MISS RUBY ROSANNE HAGER

MISS DELORES SORENSEN

Announcement is made this morning by Mr. and Mrs. Wayne Hager of York of the engagement and approaching marriage of their daughter, Miss Ruby Rosanne Hager of Lincoln, to Bernard Arnold Milton, son of Mr. and Mrs. Harry Milton of Friend.

The wedding will take place on Saturday, Feb. 6 and the ceremony will be solemnized at the First-Plymouth Congregational Church in Lincoln.

Mr. Milton is a former student at Wayne State Teachers' College.

Mr. and Mrs. Norman Sorensen of St. Libory announce the engagement of their daughter, Miss Delores Sorensen of Lincoln, to Darold Goering, son of Mr. and Mrs. Henry Goering of Cushing.

Mr. Goering now is serving with the military forces in Austria.

Mrs. Jaycees Activities

The activity groups of the Mrs. Jaycees have scheduled regular meeting dates for the month of February.

The three bridge groups of the club will meet at 8 o'clock Monday evening, Feb. 1, and the hostesses will be Mrs. Willard R. Beckman, 1045 So. 34th; Mrs. Gene Eno, 1801 Stockwell; and Mrs. E. R. Brinkman, 611 D.

Members of the swimming group will meet at the YWCA pool from 7 o'clock to 8:15 o'clock, Wednesday evenings, Feb. 3, 17 and 24. The regular monthly meeting of the sewing club will be held at 8 o'clock the evening of Feb. 16, at the home of Mrs. Gaylord Core, 3709 Everett.

To Wed Donald Bock

MISS LILA BAUER

Mr. and Mrs. Leonard Bauer of Villisca, Ia., this morning announce the engagement of their daughter, Lila, to Donald Bock, son of Mr. and Mrs. M. G. Bock of Storm Lake, Ia.

No wedding date is named.

Miss Bauer attended Northwest Missouri State College and is a member of Alpha Sigma Alpha sorority. She now is a member of the public schools faculty in Council Bluffs, Ia.

Mr. Bock was graduated from the University of Nebraska where he is a member of Sigma Alpha Epsilon Fraternity.

A LAZY MORNING

WE DON'T like the idea of maligning a beautiful Thursday morning such as this one is—but we think it's lazy—Of course it could be that we have talked ourselves completely out of news the past few days—or maybe we didn't listen at the right keyholes—or perhaps the town is tired. But whatever the why or the what, all is not lost for we did manage to pick up a paragraph or two that may save the day.

* * *

MOST of our news concerns homecomers, but we also learned of some travelers—Mrs. Walton C. Ferris and her mother, Mrs. John Armstrong, who will be leaving early next week for the west coast. Mrs. Ferris and Mrs. Armstrong, who are driving to Los Angeles, plan stops in a few interesting places along the way. In California they will visit friends and relatives in Los Angeles, and in the extreme southern part of the state.

* * *

BACK in town again are Mr. and Mrs. Harold Bookstrom, their son, Ricky, and daughter, Sara, who returned late Tuesday evening after a three weeks holiday in Sarasota, Fla.

* * *

AND expected home today from Ft. Lauderdale, Fla., are Mr. and Mrs. John Morrow who have been away for several days.

* * *

HEAR that the week-end will bring Miss Dorris Newman home from Pueblo, Colo., where she has been teaching the past semester, and we suspect that after the bride-elect (she is to marry Robert Kinsey in the spring) has time to catch her breath the prenuptial courtesies in her honor will begin.

* * *

THE Faulkners—Mr. and Mrs. E. J.—arrived home in the wee small hours this morning from San Francisco where they spent a week involving business—and a bit of pleasure.

* * *

DID you know that the Willis DeVriendts and their family were leaving Lincoln? They are. In fact Mr. DeVriendt leaves Sunday for Atlantic, Ga., where the DeVriendts are to reside, but Mrs. DeVriendt and the younger generation in the family will not go until June.

Mr. DeVriendt, so someone told us, is to be general sales manager for the Ad-Gift division of Scripto.

* * *

TOOK a look at next week's calendar and found that the Lancaster County Medical Society auxiliary had plans for Monday—a luncheon at the Lincoln General hospital nurses' home when the group entertains the nurses' training classes of Bryan Memorial hospital, St. Elizabeth hospital, Lincoln General, and the training class from Union college.

Following luncheon Mrs. Norman Shaw and David Andrews will present, "The White Cliffs."

* * *

FROM now on birthday greetings will be in order on every Jan. 27, for Miss Kathryn Jane Wilson who arrived yesterday at St. Elizabeth hospital. The future deb is the daughter of Mr. and Mrs. John E. Wilson, and her mother is the former Joan Forbes, daughter of Mrs. O. T. Forbes of Chadron, and a Delta Gamma at Nebraska. Miss Kathryn's paternal grandparents are Dr. and Mrs. Frank Edmund Wilson of Glenwood, Ia.

Mr. Wilson is a student at the University of Nebraska college of law, and a member of Sigma Nu.

* * *

THE RED carpet also was dusted off on Tuesday, Jan. 26, for John Robert Windle, son of Dr. and Mrs. Robert Windle (Dorothy Wind), who is getting plenty of attention in the nursery at Lincoln General. John Robert's official welcoming committee—his sisters, Susan and Ann, and his brother, Richard, are awaiting his arrival home.

Madam Chairman

Lincoln Woman's Club physical education department, 11 o'clock at the YWCA.

Camp Fire Girls, leaders of fourth grade Blue Birds, 9:30 o'clock training class at the YWCA.

Alexandrian Chautauqua Reading Circle, 10 o'clock at the YWCA.

YWCA metal and jewelry class, 1 o'clock at the YW.

Lincoln PTA Mothersingers, 1:30 o'clock at the Board of Education.

Lincoln Homemakers Section, National Home Economics Association, 1:30 o'clock in the Rogers room of the YWCA.

Cambridge-Lincoln Club, 1 o'clock luncheon at the home of Mrs. A. C. Easton, 418 South 27.

Ladies Day Out, 1:15 o'clock at the YWCA.

YWCA metal and jewelry class, 7 o'clock at the YW.

Lincoln B, PW Club, dinner-meeting at the club rooms.

THE WAY MY FAMILY LIKES IT

The people out on Woodsdale boulevard remember when Mrs. Harry Meginnis Sr. made her notorious potato doughnuts for all the neighborhood children. This recipe was first made by Mr. Meginnis' mother in Iowa and in order to maintain her culinary standing in the family, Mrs. Meginnis, as a new bride, had to learn this recipe. It made a big batch . . . enough to serve young Harry Meginnis and all his young pals when they used to troop home from Irving junior high school after classes.

POTATO DONUTS

Combine 2 c. unseasoned, warm mashed potatoes with 2 c. granulated sugar. Add 3 eggs, beaten whole, and soft butter the size of an egg. Add 6 c. bread flour, sifted with 2 T. baking powder, 1 t. salt, and nutmeg to taste, alternately to the first mixture with 1 c. sweet milk. Proceed according to rule in any cookbook.

Anniversary

Mr. and Mrs. Stanley Nemecek observed their 22nd wedding anniversary at a family dinner at Lone Oak Tuesday, Jan. 26. Included in the guest list were their daughter, Annabelle; their son-in-law and daughter, Mr. and Mrs. Raymond Svoboda; Mr. and Mrs. Ralph Knox, and children Judy and Rodney, and Mr. and Mrs. L. J. Vosika and son.

The Brides' Book Says:

Miss Gayle Woods and Miss Norma Jean Drake will entertain on Saturday evening, Feb. 6, honoring Miss Eleanor Hartsook whose marriage to Donald Fagan will be solemnized Saturday, Feb. 20 at St. Patrick's Church. The bride-elect will receive a miscellaneous shower.

Miss Hartsook has chosen the bridegroom's sister, Miss Darlene Fagan, as her maid of honor and the bridesmaid will be Miss Mary Lee.

Robert Lee will serve his cousin as best man and the ushers include Paul Nelson, Ceresco; Arthur Althouse and James Lee.

A bride of Jan. 31 is Miss Marvel Templeton, whose marriage to Donald Ruhl will be solemnized at 7 o'clock, Sunday evening at the First Presbyterian Church. Miss Templeton was the guest of honor at a miscellaneous shower on Monday evening when Mrs. C. V. Carlson, Mrs. Gus Zipp, Mrs. Frank Durst, Mrs. Ernest Isaacson, and Miss Joyce Rickert entertained 51 guests at the Highland Park Chapel.

Mr. and Mrs. Ford Templeton will entertain at a party at their home following the wedding rehearsal on Friday evening, honoring their daughter, her fiance, and the members of the bridal party and families.

Another bride of late Fedruary is Miss Marjorie Vogel who will become the bride of Harold Stimbert at a 7 o'clock ceremony Saturday, Feb. 27, at the United Brethren Church.

For her matron of honor and only attendant, Miss Vogel has chosen her aunt, Mrs. Edward Vogel. Miss Joann Vogel, sister of the bride-to-be, and Miss Gloria Voss will light the candles.

Ray Stimbert will serve his brother as best man and the ushers include Raymond Walin and Roger Walin.

Mrs. Jaycees Activities

The activity groups of the Mrs. Jaycees have scheduled regular meeting dates for the month of February.

The three bridge groups of the club will meet at 8 o'clock Monday evening, Feb. 1, and the hostesses will be Mrs. Willard R. Beckman, 1045 So. 34th; Mrs. Gene Eno, 1801 Stockwell; and Mrs. E. R. Brinkman, 611 D.

Members of the swimming group will meet at the YWCA pool from 7 o'clock to 8:15 o'clock, Wednesday evenings, Feb. 3, 17 and 24. The regular monthly meeting of the sewing club will be held at 8 o'clock the evening of Feb. 16, at the home of Mrs. Gaylord Core, 3709 Everett.

February Bride-Elect

MISS BEVERLY JEAN CALDER

The announcement of the engagement and approaching marriage of Miss Beverly Jean Calder to Robert Richard Kutcher, son of Mr. and Mrs. Frank J. Kutcher, is made this morning by the bride-elect's parents, Mr. and Mrs. Gale Evans Calder.

The wedding will take place on Monday, Feb. 22, and the ceremony will be solemnized in the chapel of the Second Presbyterian Church.

Both Miss Calder and her fiance are former students at the University of Nebraska. Mr. Kutcher has just returned from 17 months duty in Korea.

The Star Welcomes:

The Robert J. Kollmans and their children Judy, 9, Jane, 5, and four-year-old Robbie Jr., who are living in Lincoln at 3727 O street. Mr. Kollman is the chief of special services with the Veterans' Administration and he was transferred here for an indefinite time from Seattle, Wash.

Mr. Kollman is an alumnus of the teachers' college in his home town of St. Cloud, Minn., and his wife is a native of Portland, Ore. Although Mrs. Kollman doesn't call herself the hobby-type, she hopes to become active in Girl Scouting when her eldest becomes "of age" next year.

★

A native son has returned and brought his family with him! Mr. and Mrs. F. E. Watts and their youngsters, Kathleen, a second grader at Prescott school, and Dennis, 5, have moved to 1801 South 16 from Kew Gardens, Long Island, N. Y. and Mr. Watts is opening his new service station in the immediate future. His parents have moved to Lincoln from Corning, Ia., so he and his family should have little trouble becoming acquainted rapidly.

★

May we extend a welcome to Mr. and Mrs. Robert Wilson from St. Louis who have 3409 South 29th as their new Lincoln address. The Wilsons and their three daughters, Mary Ann, 14, Kitty, 11, and Judy, 9, all of whom attend Blessed Sacrament School, are to be permanent residents, fortunately for us, since Mr. Wilson is a district manager in this locale for an insurance company. They have drawn up plans for a house and hope to find a suitable lot or acreage soon.

The new home will undoubtedly include a large room with plenty of mirrors for the three Wilson danseuses, for the girls are very interested in ballet. They studied under a protege of Mme. Cassand, in St. Louis and have shown a marked talent. Mrs. Wilson has always been enthusiastic about the theatre and ballet and some community time will probably be devoted to such pursuits when their lives straighten out a bit.

A native of Wichita, Kan., Mrs. Wilson attended the university there. Her husband is a Sigma Chi at Butler University in Indianapolis, his native city.

Red Cross Classes Begin

A new series of Red Cross home nursing classes began this week with Mrs. Gracia Campbell as instructor. On Wednesday afternoon at 1:30 o'clock a beginning class was held in the auditorium of Huntington School.

Wednesday evening a series opened at 7 o'clock and the class was held in the bicycle room of Randolph School.

YWCA Textile Class Changed

The newly-scheduled YWCA class in textile painting has changed from afternoon to evening meetings. The class will begin at 7 o'clock, Tuesday evening, Feb. 2, and will continue for 12 weeks.

Mrs. Raymond Williamson will be the class instructor and those interested in attending may call the YWCA for further information.

Betrothals Announced

MISS RUBY ROSANNE HAGER

MISS DELORES SORENSEN

Announcement is made this morning by Mr. and Mrs. Wayne Hager of York of the engagement and approaching marriage of their daughter, Miss Ruby Rosanne Hager of Lincoln, to Bernard Arnold Milton, son of Mr. and Mrs. Harry Milton of Friend.

The wedding will take place on Saturday, Feb. 6 and the ceremony will be solemnized at the First-Plymouth Congregational Church in Lincoln.

Mr. Milton is a former student at Wayne State Teachers' College.

Mr. and Mrs. Norman Sorensen of St. Libory announce the engagement of their daughter, Miss Delores Sorensen of Lincoln, to Darold Goering, son of Mr. and Mrs. Henry Goering of Cushing.

Mr. Goering now is serving with the military forces in Austria.

Entertained By Omaha Club

A group of 15 members of the Lincoln chapter of the American Business Women's Association went to Omaha on Sunday when they were the guests of the Omaha chapter of the association. The informal program of music and games was followed by a buffet supper.

Girl Scouts Plan Election

The Lincoln Girl Scout Council will have its annual meeting and election of officers at 9:30 o'clock, Friday, Jan. 29, at the First Presbyterian Church. An election of officers for the forthcoming year will be the feature event.

21 Americans Cheer As They Leave Free World

Future Is Uncertain For PWs

By GEORGE McARTHUR

PANMUNJOM (Thursday) (AP)—Twenty-one Americans, singing lustily and waving "Peace Dove" banners, rolled in a truck convoy today into the Communist hinterland they have chosen over their homeland.

They were accompanied by 325 South Koreans and one Briton who similarly renounced their homelands while in Red captivity.

A few Allied correspondents watched from nearby vantage points in the Korean neutral zone. It was perhaps their last look at the men whose conversion to Communism had withstood for months appeals from their families, friends and countries to come home.

The former captives were going behind the bamboo curtain, into the vast Communist territory which is cut off from all normal communication with the free world. There was an uncertain future—but it was the one of their choice.

30 Trucks

They stepped briskly out of their unlocked compound in the Korean neutral zone and marched up a slight incline to the line of 30 green Communist trucks sitwith noses pointed north.

The last truck pulled away from the compound with its load of men at 12:15 p.m., (9:15 p.m., CST, Wednesday). The truck convoy moved slowly down a side road to a junction with the main road leading from the dimilitarized zone to Kaesong.

As the convoy rolled along, the men inside cheered, sang and chanted so loudly they could be heard more than a mile away.

The Americans carried flags and banners emblazoned with the Communist "Peace Dove." All have said they wanted to "fight for peace" from the Communist side. All have been dishonorably discharged from the U.S. Army.

Rosters Transferred

A bright winter sun glinted off the frozen rice paddies and the red clay roads outlined starkly against the low brush of the Korean hills. Small patches of snow dotted the landscape.

Also going north were 325 South Koreans and 1 Briton. All refused repatriation while prisoners of the Reds and during five months in the neutral custody of Indian troops.

Earlier, the men had loaded their baggage aboard the trucks and then had returned to the camp for the turnover of rosters.

The Indian Red Cross handed to the Communist Red Cross the rosters and identification records of the men.

Allied correspondents watched the preparations from hilltops in the neutral zone near the unguarded compounds. The Communists had permitted a limited number of them to cross the Korean demarcation line.

Eastridge Presbyterian Minister Installed

Dr. K. O. Broady, Lincoln, (left) moderator of the Nebraska City Presbytery, presided Wednesday night at the installation of the Rev. Thomas C. Huxtable (right) as pastor of Eastridge Presbyterian Church. The Rev. James K. Lyon of Hickman delivered the sermon, while the Rev. Ward Conklin, pastor of Second Presbyterian Church in Lincoln, gave the charge to the minister and the Rev. John Douglas Clyde, pastor of Westminster Presbyterian Church in Lincoln, gave the charge to the congregation. Following the installation a reception was held, with Dr. and Mrs. Broady, the Rev. and Mrs. Huxtable and Mr. and Mrs. Frank Gregg, clerk of the Session in the receiving line. The church, which was started in May of 1953 and officially organized last Oct. 28, meets at Holmes School. **(Star Photo.)**

Funeral Services For Mrs. Hubbard To Be Held Friday

Funeral services for Mrs. Ethel Hubbard, 74, of 1909 F, will be held at 11 a.m. Friday at Roper & Sons Chapel. Dr. Frank Court and the Rev. J. W. Henderson will officiate. Burial will be in Wyuka.

Mrs. Hubbard, mother of Mrs. Fern Hubbard Orme, City Councilwoman, died Wednesday morning at a local hospital. She had been ill nearly four months.

Mrs. Hubbard spent her early life in Nemaha and Otoe Counties. She was married to H. B. Hubbard of Lincoln in 1901 at Nebraska City. They made their home at O'Neill until moving to Lincoln in 1934. Mr. Hubbard died in 1941.

Mrs. Hubbard was a member of St. Paul Methodist Church and Supreme Forest Camp of the Woodmen Circle.

Surviving are Mrs. Orme; one son, Dr. Harry E. of Marinette, Wis.; two brothers, Thomas and Harry Haskin of Franklin; two sisters, Mrs. Henry Mannschreck of Danbury and Mrs. Alvin Row of Franklin; and one granddaughter.

Girl In Coma 16 Months Is Taken Home

DAVENPORT, Ia. (AP)—Pretty Bernadine Pollock was returned home Wednesday still in a coma from which doctors hold little hope she will ever be awakened.

The 13-year-old child has been unconscious since undergoing surgery for a brain abscess in September, 1952.

She was brought Jan. 4 to Wilden Osteopathic Hospital at Des Moines for cranial treatments. It was at the hospital Wednesday the child's parents learned of the improbability their daughter ever will revive.

The parents, Mr. and Mrs. Cecil Pollock, appeared to take the news calmly, said Dr. D. W. Hamilton of the hospital staff.

Dr. Harry L. Kozol, Boston, Mass., neurologist called in for consoltation on the case, said Bernadine has "widespread brain damage" which probably is irreparable." He said "time may permit some slight adjustments or apparent improvement but a large restoration of the brain function is improbable."

Meanwhile, Mr. and Mrs. Pollock, apparently resigned to their daughter's affliction, continued their bedside vigil.

A home-made aspirator, devised by Pollock from scrap parts, was back in operation until a new one, a gift from a New Jersey firm which manufactures the machine, is assembled.

The aspirator is used to keep the child's throat clear and avert the danger of choking. It is used after each feeding of a formula, given hourly by tube.

E. J. Robbins, Fremont, Joins Congress Race

FREMONT, Neb. (AP)—Edward J. Robbins, Fremont attorney, Wednesday announced he would be a candidate for Congress from the Third Congressional District.

The post is held by Rep. Robert Harrison (R-Neb) of Norfolk.

Robbins will seek nomination on the Republican ticket.

He recently returned to Fremont and set up a law office after 10 years with the Civil Aeronautics Administration in Washington. He had been a Fremont attorney from 1916 until he entered federal service in 1943.

Suggests Barter

He said his political belief that "the welfare of all of us in the Third District is so closely associated with the welfare of our farmers that what is best for them is best for all of us."

Robbins would get rid of government surpluses by bartering for non-competitive commodities, such as coffee and certain metals, which this country does not produce in sufficient quantity.

He said he would also stop the flood of imports—meats and grain products—which are now underselling our own farm products."

Would 'Assure Price'

Acreages of corn, wheat, cotton and cattle in non-commercial areas which were brought into production in the war emergency and which have been carried on price supports would be taken out of production under Robbins' plan.

Robbins favors 90 per cent of parity support or better "until the farmer is assured of equal prices in free competitive markets after the danger of surpluses is removed."

Robbins was born and raised near Aberdeen, S. D., attended the University of South Dakota, and graduated from Creighton University's School of Law in 1915.

He is a former member of the Nebraska Aeronautics Commission.

Liquor Suspensions

Robert P. and Aileen Harrop of Roca have been found guilty of violating credit regulations and their package liquor store will be closed for three days beginning Feb. 7 the State Liquor Commission announced Wednesday.

Suspension for three days of the Class "C" license of Martin C. Engelhaupt of Spencer was also announced by the commission on similar charges.

Buffett 'Will Not' Seek Governorship

OMAHA (AP) — Former Representative Howard Buffett of Omaha, a Republican, said he will "definitely not" run for governor.

Buffett said he had "no plans" at present for seeking the Republican nomination for senator against Sen. Dwight Griswold.

Liquor Citations

Sixteen owners of liquor licenses in Omaha have been cited to appear before the State Liquor Commission at a meeting in Omaha Feb. 4, to answer citations charging that they have violated credit regulations.

$100 Ransom Demand Arouses Community

NEW FAIRFIELD, Conn. (AP) — This little community of 1,300 was on a vigilant alert Wednesday over a $100 ransom demand.

School kids, making like posses, are taking the long way home.

The mailman, the milkman, the eggman and the policeman are alerted.

They're all looking for a possible dognaper and for Lady Puggsy, the Ralph L. Baggs' five-month-old boxer puppy who disappeared five days ago.

Baggs offered a reward, and before you could say "Lady Puggsy" a man called up to demand $100 for her return.

Baggs is ready to pay, but he hasn't heard from the man since.

Meanwhile, state police started an investigation.

A nearby radio station broadcast the story.

School officials took note of Lady Puggsy's plight on the elementary school bulletin board.

Police Seek Explosive

Lincoln police were scouring the area behind Leon's Food Mart Wednesdday in search of a small blob of nitro-glycerine tossed away by a passer-by who discovered the detonation wires used to explode it.

The wires and the nitro had been thrown away by Jack Parker, 28, of Dallas, Tex., one of the four men picked up when police discovered the quartet about to blast Leon's safe. A passer-by the next day found the wiring and the blob of nitro, but threw it away as meaningless.

The police theorized, in the meantime, that the nitro is comparatively harmless unless thrown into a fire, and that it likely will be found when the snow covering melts off the ground.

Wednesday afternoon, C. Morris Boyle of 2948 P, a demolition expert, tried without too much success to explode the remaining nitro held by police. The two charges were placed under tree stumps east of town, but failed to give off much of an explosion.

21 Americans Cheer As They Leave Free World

Future Is Uncertain For PWs

By GEORGE McARTHUR

PANMUNJOM (Thursday) (AP)—Twenty-one Americans, singing lustily and waving "Peace Dove" banners, rolled in a truck convoy today into the Communist hinterland they have chosen over their homeland.

They were accompanied by 325 South Koreans and one Briton who similarly renounced their homelands while in Red captivity.

A few Allied correspondents watched from nearby vantage points in the Korean neutral zone. It was perhaps their last look at the men whose conversion to Communism had withstood for months appeals from their families, friends and countries to come home.

The former captives were going behind the bamboo curtain, into the vast Communist territory which is cut off from all normal communication with the free world. There was an uncertain future—but it was the one of their choice.

30 Trucks

They stepped briskly out of their unlocked compound in the Korean neutral zone and marched up a slight incline to the line of 30 green Communist trucks sit- with noses pointed north.

The last truck pulled away from the compound with its load of men at 12:15 p.m., (9:15 p.m., CST, Wednesday). The truck convoy moved slowly down a side road to a junction with the main road leading from the dimilitarized zone to Kaesong.

As the convoy rolled along, the men inside cheered, sang and chanted so loudly they could be heard more than a mile away.

The Americans carried flags and banners emblazoned with the Communist "Peace Dove." All have said they wanted to "fight for peace" from the Communist side. All have been dishonorably discharged from the U.S. Army.

Rosters Transferred

A bright winter sun glinted off the frozen rice paddies and the red clay roads outlined starkly against the low brush of the Korean hills. Small patches of snow dotted the landscape.

Also going north were 325 South Koreans and 1 Briton. All refused repatriation while prisoners of the Reds and during five months in the neutral custody of Indian troops.

Earlier, the men had loaded their baggage aboard the trucks and then had returned to the camp for the turnover of rosters.

The Indian Red Cross handed to the Communist Red Cross the rosters and identification records of the men.

Allied correspondents watched the preparations from hilltops in the neutral zone near the unguarded compounds. The Communists had permitted a limited number of them to cross the Korean demarcation line.

Eastridge Presbyterian Minister Installed

Dr. K. O. Broady, Lincoln, (left) moderator of the Nebraska City Presbytery, presided Wednesday night at the installation of the Rev. Thomas C. Huxtable (right) as pastor of Eastridge Presbyterian Church. The Rev. James K. Lyon of Hickman delivered the sermon, while the Rev. Ward Conklin, pastor of Second Presbyterian Church in Lincoln, gave the charge to the minister and the Rev. John Douglas Clyde, pastor of Westminster Presbyterian Church in Lincoln, gave the charge to the congregation. Following the installation a reception was held, with Dr. and Mrs. Broady, the Rev. and Mrs. Huxtable and Mr. and Mrs. Frank Gregg, clerk of the Session in the receiving line. The church, which was started in May of 1953 and officially organized last Oct. 28, meets at Holmes School. **(Star Photo.)**

Funeral Services For Mrs. Hubbard To Be Held Friday

Funeral services for Mrs. Ethel Hubbard, 74, of 1909 F, will be held at 11 a.m. Friday at Roper & Sons Chapel. Dr. Frank Court and the Rev. J. W. Henderson will officiate. Burial will be in Wyuka.

Mrs. Hubbard, mother of Mrs. Fern Hubbard Orme, City Councilwoman, died Wednesday morning at a local hospital. She had been ill nearly four months.

Mrs. Hubbard spent her early life in Nemaha and Otoe Counties. She was married to H. B. Hubbard of Lincoln in 1901 at Nebraska City. They made their home at O'Neill until moving to Lincoln in 1934. Mr. Hubbard died in 1941.

Mrs. Hubbard was a member of St. Paul Methodist Church and Supreme Forest Camp of the Woodmen Circle.

Surviving are Mrs. Orme; one son, Dr. Harry E. of Marinette, Wis.; two brothers, Thomas and Harry Haskin of Franklin; two sisters, Mrs. Henry Mannschreck of Danbury and Mrs. Alvin Row of Franklin; and one granddaughter.

Police Seek Explosive

Lincoln police were scouring the area behind Leon's Food Mart Wednesdday in search of a small blob of nitro-glycerine tossed away by a passer-by who discovered the detonation wires used to explode it.

The wires and the nitro had been thrown away by Jack Parker, 28, of Dallas, Tex., one of the four men picked up when police discovered the quartet about to blast Leon's safe. A passer-by the next day found the wiring and the blob of nitro, but threw it away as meaningless.

The police theorized, in the meantime, that the nitro is comparatively harmless unless thrown into a fire, and that it likely will be found when the snow covering melts off the ground.

Wednesday afternoon, C. Morris Boyle of 2948 P, a demolition expert, tried without too much success to explode the remaining nitro held by police. The two charges were placed under tree stumps east of town, but failed to give off much of an explosion.

Girl In Coma 16 Months Is Taken Home

DAVENPORT, Ia. (AP)—Pretty Bernadine Pollock was returned home Wednesday still in a coma from which doctors hold little hope she will ever be awakened.

The 13-year-old child has been unconscious since undergoing surgery for a brain abscess in September, 1952.

She was brought Jan. 4 to Wilden Osteopathic Hospital at Des Moines for cranial treatments. It was at the hospital Wednesday the child's parents learned of the improbability their daughter ever will revive.

The parents, Mr. and Mrs. Cecil Pollock, appeared to take the news calmly, said Dr. D. W. Hamilton of the hospital staff.

Dr. Harry L. Kozol, Boston, Mass., neurologist called in for consoltation on the case, said Bernadine has "widespread brain damage" which probably is irreparable." He said "time may permit some slight adjustments or apparent improvement but a large restoration of the brain function is improbable."

Meanwhile, Mr. and Mrs. Pollock, apparently resigned to their daughter's affliction, continued their bedside vigil.

A home-made aspirator, devised by Pollock from scrap parts, was back in operation until a new one, a gift from a New Jersey firm which manufactures the machine, is assembled.

The aspirator is used to keep the child's throat clear and avert the danger of choking. It is used after each feeding of a formula, given hourly by tube.

E. J. Robbins, Fremont, Joins Congress Race

FREMONT, Neb. (AP)—Edward J. Robbins, Fremont attorney, Wednesday announced he would be a candidate for Congress from the Third Congressional District.

The post is held by Rep. Robert Harrison (R-Neb) of Norfolk.

Robbins will seek nomination on the Republican ticket.

He recently returned to Fremont and set up a law office after 10 years with the Civil Aeronautics Administration in Washington. He had been a Fremont attorney from 1916 until he entered federal service in 1943.

Suggests Barter

He said his political belief that "the welfare of all of us in the Third District is so closely associated with the welfare of our farmers that what is best for them is best for all of us."

Robbins would get rid of government surpluses by bartering for non-competitive commodities, such as coffee and certain metals, which this country does not produce in sufficient quantity

He said he would also stop the flood of imports — meats and grain products—which are now underselling our own farm products."

Would 'Assure Price'

Acreages of corn, wheat, cotton and cattle in non-commercial areas which were brought into production in the war emergency and which have been carried on price supports would be taken out of production under Robbins' plan.

Robbins favors 90 per cent of parity support or better "until the farmer is assured of equal prices in free competitive markets after the danger of surpluses is removed."

Robbins was born and raised near Aberdeen, S. D., attended the University of South Dakota, and graduated from Creighton University's School of Law in 1915.

He is a former member of the Nebraska Aeronautics Commission.

Buffett 'Will Not' Seek Governorship

OMAHA (AP) — Former Representative Howard Buffett of Omaha, a Republican, said he will "definitely not" run for governor.

Buffett said he had "no plans" at present for seeking the Republican nomination for senator against Sen. Dwight Griswold.

Liquor Citations

Sixteen owners of liquor licenses in Omaha have been cited to appear before the State Liquor Commission at a meeting in Omaha Feb. 4, to answer citations charging that they have violated credit regulations.

Liquor Suspensions

Robert P. and Aileen Harrop of Roca have been found guilty of violating credit regulations and their package liquor store will be closed for three days beginning Feb. 7 the State Liquor Commission announced Wednesday.

Suspension for three days of the Class "C" license of Martin C. Engelhaupt of Spencer was also announced by the commission on similar charges.

$100 Ransom Demand Arouses Community

NEW FAIRFIELD, Conn. (AP) — This little community of 1,300 was on a vigilant alert Wednesday over a $100 ransom demand.

School kids, making like posses, are taking the long way home.

The mailman, the milkman, the eggman and the policeman are alerted.

They're all looking for a possible dognaper and for Lady Puggsy, the Ralph L. Baggs' five-month-old boxer puppy who disappeared five days ago.

Baggs offered a reward, and before you could say "Lady Puggsy" a man called up to demand $100 for her return.

Baggs is ready to pay, but he hasn't heard from the man since.

Meanwhile, state police started an investigation.

A nearby radio station broadcast the story.

School officials took note of Lady Puggsy's plight on the elementary school bulletin board.

Moore Keeps Title In Easy Decision Over Maxim

Champ's Hard Punching Slowly Wears Out Joey

By MURRAY ROSE

MIAMI, Fla. (AP)—Light Heavyweight Champion Archie Moore floored Joey Maxim twice with smashing rights and handed him a savage beating Wednesday night to score his third straight title victory over the former titleholder.

The 37-year-old king, who entered the ring as a 6-5 underdog in a surprising late shift of odds, sent the 31-year-old Clevelander crashing to the canvas for a six count in the eighth round and a seven count in the 11th.

This was the most impressive of the three wins the ancient St. Louis-born negro has racked up against the light-hitting but dead-game Maxim.

Moore gave Joey a good shellacking when he took the title from Maxim in St. Louis, Dec. 17, 1952, but he never was able to floor him. In their second fight in Ogden, Utah, June 24, 1953, Archie barely squeezed through for a narrow decision win.

The votes of the three officials were unanimous and that came as no surprise to the crowd of 16,375 that paid an estimated $89,000 for the nationally telecast and broadcast 15-rounder.

Referee Cy Gottfried had it 145-137, Judge Marty Monroe, 148-135 and Judge Mark Erwin, 148-134. The AP card had Moore the winner, 148-131.

Points were awarded under the new NBA system calling for ten points for the winner of the round and nine or less to the loser, for an even round, each gets ten points.

It was the 16th straight victory for the muscular-armed champion who hasn't lost in two years.

The switch in the odds from the 2 to 1 favoring Moore to the 6-5 favoring Maxim undoubtedly was prompted by Moore's weight of 175 pounds at the noon weigh-in. It was the highest he has scaled for his fights with the dark-haired Clevelander and seemed to lend support to the rumors that he had been having a tough time making the class limit of 175. Maxim weighed 174¼.

Grim-lipped and determined, Moore stormed after his old rival from the opening bell. He wore him down with thudding blows to the body through the early rounds, softened him up further with power-packed left jabs and hooks and sent Pal Joey on the way with his overhand rights to the head.

Oddly enough, Archie beat Joey at his own specialty. While Maxim couldn't keep Archie off with his stabbing left hands, Moore snapped Joe's head back repeatedly with his left jabs that had all of Moore's power behind them.

Moore started poking Joey with those lefts for real in the sixth round as his handlers yelled at him to "stick him, stick him."

In the eighth, Moore let loose with his dynamite. Just seconds after the fans started clapping for action, Archie shot over a right to Joey's chin and the ex-champion stopped in his tracks, and then fell to the floor. He was up at six, eyes glazed, but game as ever.

Again in the 11th the fans started jeering and once more Archie responded. He lunged after the back-tracking challenger and clipped him with a fast right-left-right flurry to the head that set up Maxim for a savage right that dropped him for a seven count.

Moore staggered the strong-chinned Maxim several times after that but he couldn't put him down again. He had done enough.

The AP scorecard gave Maxim only two rounds, the fifth and 12th, and called one even, the third. The fifth went to Maxim when the referee penalized Moore one point for a low blow. Moore, ever pressing, ever stalking, was warned four times by the referee to keep his blows up.

'He's Good—He's A Great Fighter'—Maxim

'I Think This One Ended Series'—Moore

By MERCER BAILEY

MIAMI, Fla. (AP)—"I think this one ended our series," light heavyweight champion Archie Moore said Wednesday night after beating Joey Maxim in a title match.

With a big grin on his lips and a small mouse under his left eye, the champion said he wants to fight Rocky Marciano for the heavyweight crown, but "I'll fight Hal Johnson if they'll get up some money."

Johnson, from Philadelphia, is the No. 1 light-heavy contender and the NBA has been urging Moore to give him a crack at the crown.

"Hal's a good boy and he deserves a title fight," Moore said. Archie said he hadn't eaten for three days and did four miles of road work this morning to get down to the 175 pound weight limit. He barely made it even then.

Maxim, who lost the title to Moore in December, 1952, and failed to gain it back in a close decision last June, had no plans for the immediate future.

"He's good," he said of Moore. "He's a great fighter."

Was he any better than in their two previous title bouts?

"Yeah," he replied with a wry grin. "I got knocked down, didn't I?" Moore floored Joey twice, something he failed to do in their previous meetings.

Moore said he began to feel effects of his strict diet and extra heavy training late in the fight

"I began to feel tired about the 13th round," the San Diego Negro said. "But I knew I had to stay in there. You know I helped write a song called 'Stay in There' and I just started singing it to myself."

Archie said this was one of the best fights of his 17-year ring career and the best of the three with Maxim.

Asked if he was surprised when Maxim hit the canvas, Moore said no.

"I been trying to get him set for that punch ever since we been fighting. I slammed a left into his stomach and came inside his lead with a right to the head. He was supposed to go down."

And Archie said he wasn't surprised when Joey shook off the knockdown and came back strong.

"He's a game boy."

Asked if his marital troubles affected him any, Moore replied he didn't get any sleep Tuesday night.

Moore's wife filed a separate maintenance suit against him yesterday and tied up tonight's purse, which came to about $46,800. But their attorneys said Wednesday they had reached a settlement and that the agreement would be signed Thursday.

Maxim's manager, the veteran Jack (Doc) Kearns, said his fighter had "an off night. He just couldn't seem to get started swinging right."

Moore earned about $46,800, the largest purse of his career, for his one-sided triumph over Joey Maxim. Maxim collected $23,400 for his 20 per cent. Moore, getting the big end for the first time in the series with Maxim, was down for 40 per cent.

Heres' an unofficial financial breakdown:

Estimated gross gate—$89,900.
Radio and television receipts—$50,000.
State and federal taxes—$22,500.
Moore's share of total—$46,800.
Maxim's share of total—$23,400.

Herman Takes Offutt's Place In Nite Loop

Lincoln Star Special

FREMONT — The Offutt Field entry was dropped from the Pioneer Nite League by unanimous vote of the league directors at their annual meeting.

The team will operate next season with six teams, Wahoo, Columbus, Schuyler, David City, Fremont and Herman.

Failure to have a representative at the meeting was the reason given for the directors' action in dropping the Offutt entry which was the weakest team in the league last season.

Herman, represented by Paul Hancock, made application for a franchise and was accepted by a unanimous vote. The league will have a 30-game schedule and have a Shaughnessey play-off at the end of the season. No date for the opening of the season was set.

Each team will be allowed four players from outside the home-territory of the town. Final plans for the coming season will be made at a meeting in Fremont, Feb. 7.

Iranian Enters GG Contention

Friday night's Midwest Golden Gloves boxing bouts at the Fairgrounds will have an international flavor.

Henry Jacoby, spokesman for the American Legion which is sponsoring the bouts, said Wednesday that Jack Fickler, the Ashland trainer, is bringing an Iranian boxer from Wahoo in for Friday's fistfest.

He is Amir Amehli Biniaz, a lightweight from Teheran, Iran. He was high school champion of his country and fought 18 fights there.

Two additional entries from Lincoln were also announced by Jacoby. They are the Lybarger brothers, Glenn and Roy. Glenn is a 147-pounder while Roy fights at 137.

Fickler has been busy with some other Lincoln fighters, preparing them for the coming matches. Bob McKee, John Wilkinson and Larry Emery, three sluggers known in local fistic circles, have been working under Fickler's supervision.

Fickler and his three proteges have been working in Omaha gyms and in Des Moines.

GAMES THURSDAY

Hickman vs. Bennet at 7 p.m.
Panama vs. Walton at 8:15 p.m.
Malcolm vs. Central at 9:30 p.m.

Lincoln Star Special

WALTON—Jim Wissel, a senior guard who was sharp all night, shot Hallam out of the Lancaster County basketball tournament and his own Bennet team into the quarterfinals with a 57-56 overtime triumph in the meet opener Wednesday night.

Wissel, highest of the Aces with 20 points, connected on a side set shot late in the extra period and his teammates worked a stall which stopped Hallam and ran out the clock.

Hallam came from behind on Dick Messman's terrific scoring to make it a 51-51 game at the end of the fourth quarter. At the half Bennet had led, 24-19. Messman led all scorers with 27 points.

Bennet	14	10	13	14	6—57
Hallam	10	9	15	14	5—56

Hometown Walton lost a halftime lead to Raymond but came through in the last period to win, 38-34.

Dick Wagner's 14 points were high for the winners, and Bob Hardesty clicked for 11 for Raymond.

Walton's last quarter defense checked Raymond with three points in the low scoring game.

Walton	10	12	7	9—38
Raymond	7	10	14	3—34

Central led all the way and nipped Roca, 42-40, with freshman Ray Palmer scoring 14 points.

Ron Hoppes hit 13 for Roca.

Central	9	9	15	9—42
Roca	8	6	7	19—40

Firth stunned Waverly, 43-31, as Roger TeKolste poured in 17 points. Lee Snyder led Waverly with nine.

Waverly	6	7	4	14—31
Firth	10	5	16	12—43

NAIA Rules Claussen Out

Lincoln Star Special

CRETE, Neb.—Don Claussen, veteran Omaha University cager has been declared ineligible for the National Association of Intercollegiate Athletic basketball playoffs, as well as the two remaining contests with NAIA District 11 teams, Doane and Peru.

The announcement was made by Aub Givens, chairman of NAIA District 11, following a meeting of the district committee.

According to rules set up by the NAIA, an athlete may participate in four seasons of competition; and if a boy participates in any game during a season, he has participated in a season of play.

Claussen played varsity basketball at the University of Nebraska during the 1945-46 season; he participated at Omaha U during the second semester of the 1950-51 school year, the first semester of 1951-52, and the entire season of the school year 1952-53.

Omaha University, which is not a member of any organized conference, has operated under the rule which permits an athlete eight semesters of play in basketball. Under this rule, Claussen had played six semesters previous to this season.

In order for Omaha to be considered for the NAIA District 11 playoffs in Grand Island March 1 and 2, Claussen must no longer compete against NAIA District 11 teams.

Huskers To Open Their Baseball Season In South

Nebraska's baseball team will play 22 games this spring, Coach Tony Sharpe announced Wednesday.

The Huskers, second behind Oklahoma in the Big Seven race last spring, open against Tulsa April 9-10 on their annual southern road trip.

First conference game is against Kansas, April 19-20 in Lincoln.

April 9-10 at Tulsa; 12-13 at Houston; 14-15 at Texas at Austin; 19-20 Kansas here; 23-24 Oklahoma at Norman; 26-27 Kansas State at Manhattan; April 30, May 1 Colorado here; 3-4 Kansas State here; 7-8 Oklahoma A&M here; 14-15 Iowa State at Ames; 17-18 Missouri at Columbia.

Marvin Grisson and Don Mueller of the New York Giants have identical off-season hobbies—hunting and fishing.

Meets Rocca, Feb. 4

Sky Hi Lee (above), 290-pound Canadian giant, will meet Argentina Rocca in the feature fairgrounds wrestle attraction, Feb. 4. Lee ranks as one of the top villains in the television realm.

Cubs Lose $500,000 Last Year

CHICAGO (AP)—Nobody pays to see a loser, the Chicago Cubs could ruefully admit Wednesday in announcing nearly a half-million dollar operational loss for 1953.

However, the $410,690 net loss reported by the seventh-place Cubs at the annual meeting of stockholders included $302,277 charged against two of the club's top farm clubs.

The first financial report ever made public by the Cubs did not go into 1953 attendance at Wrigley Field which was said to be 763,658, lowest in nine years.

But the auditors' figures revealed the Cubs took in $987,253 in gate receipts—$811,323 at home, $175,185 from road games and $745 from exhibitions. Another $502,774 came from concessions, radio-TV fees, park rentals and miscellaneous income.

In all, Cub revenue for last year totaled $1,490,027 against $1,987,300 in total expenses, a drag of $497,273. However, an $86,583 profit by the Los Angeles farm club reduced the net loss to $410,690.

Actual operating expenses, including team salaries and travel, and maintenance of Wrigley Field, totaled $1,240,902. To this was added $737,993 in "team replacement expenses," including losses of $302,277 by Springfield, Mass., of the International League and Des Moines, Ia., of the Western League.

The "team replacement" category presumably covered such items as a reported $100,000 layout to buy Outfielder Ralph Kiner from the Pittsburgh Pirates, player purchases and bonus player expenditures.

The Cubs have abandoned the Springfield franchise in the International league.

Stuber Applies For Idaho Post

MOSCOW, Idaho (AP) — Emmett R. (Abe) Stuber, former Iowa State College football coach, is reported to be a candidate for the coaching job at the University of Idaho.

The Daily Idahonian said Wednesday Stuber has applied for the post vacated last month by the resignation of Raymond A. (Babe) Curfman.

University officials here have declined to identify names of applicants, but have said there are many, with guesses ranging up to three dozen.

Stuber, a 1927 graduate of the University of Missouri, quit at Iowa State last fall after his team won only two of nine games. Curfman's vandals won only one of nine.

Teams coached by Stuber have won 118, lost 84 and tied 11. He had been at Iowa State since 1947.

Hot Chester Rolls Past Belvidere '5'

. . . Little Blue Meet

WEDNESDAY SCORES

Chester 56, Belvidere 31.
Alexandria 49, Hubbell 39.
Ruskin 38, Hardy 35.
Carleton 44, Byron 40.

GAMES THURSDAY

Chester vs. Alexandria at 7:30 p.m.
Ruskin vs. Carleton at 9 p.m.

Lincoln Star Special

HEBRON — Chester went by Belvidere easily Wednesday night in the first round of the Little Blue Conference tournament and joned three other teams in the semifinals Friday.

Cecil Hayes' 11 points topped the well-balanced Chester attack which constructed an early lead and added to it throughout the game.

Darrell Hintz had eight points for Belvidere.

Chester	17	16	12	11—56
Belvidere	7	8	6	10—31

Twenty-two points by Delayne Deeke were not sufficient as Hubbell fell before Alexandria, 49-39.

Larry Bowker hit 19 points for the winners.

Alexandria	14	16	10	9—49
Hubbell	6	8	11	14—39

Hardy tied Ruskin at 30-30 in the fourth quarter but slipped and lost, 38-35, in the best game of the night.

Darrel Jensay's 10 points were high for Ruskin while Jerry Thayer hit 12 for Hardy.

Ruskin	8	12	8	10—38
Hardy	6	11	9	9—35

Carleton won an early lead and held it all the way in stopping Byron, 44-40.

Fred Braun's 24 points sparked the winners.

Carleton	18	8	7	11—44
Byron	7	9	14	10—40

Hebron To Meet Minden In New Bear Gymnasium

Moore Keeps Title In Easy Decision Over Maxim

Champ's Hard Punching Slowly Wears Out Joey

By MURRAY ROSE

MIAMI, Fla. (AP)—Light Heavyweight Champion Archie Moore floored Joey Maxim twice with smashing rights and handed him a savage beating Wednesday night to score his third straight title victory over the former titleholder.

The 37-year-old king, who entered the ring as a 6-5 underdog in a surprising late shift of odds, sent the 31-year-old Clevelander crashing to the canvas for a six count in the eighth round and a seven count in the 11th.

This was the most impressive of the three wins the ancient St. Louis-born negro has racked up against the light-hitting but dead-game Maxim.

Moore gave Joey a good shellacking when he took the title from Maxim in St. Louis, Dec. 17, 1952, but he never was able to floor him. In their second fight in Ogden, Utah, June 24, 1953, Archie barely squeezed through for a narrow decision win.

The votes of the three officials were unanimous and that came as no surprise to the crowd of 16,375 that paid an estimated $89,000 for the nationally telecast and broadcast 15-rounder.

Referee Cy Gottfried had it 145-137, Judge Marty Monroe, 148-135 and Judge Mark Erwin, 148-134. The AP card had Moore the winner, 148-131.

Points were awarded under the new NBA system calling for ten points for the winner of the round and nine or less to the loser; for an even round, each gets ten points.

It was the 16th straight victory for the muscular-armed champion who hasn't lost in two years.

The switch in the odds from the 2 to 1 favoring Moore to the 6-5 favoring Maxim undoubtedly was prompted by Moore's weight of 175 pounds at the noon weigh-in. It was the highest he has scaled for his fights with the dark-haired Clevelander and seemed to lend support to the rumors that he had been having a tough time making the class limit of 175. Maxim weighed 174¼.

Grim-lipped and determined, Moore stormed after his old rival from the opening bell. He wore him down with thudding blows to the body through the early rounds, softened him up further with power-packed left jabs and hooks and sent Pal Joey on the way with his overhand rights to the head.

Oddly enough, Archie beat Joey at his own specialty. While Maxim couldn't keep Archie off with his stabbing left hands, Moore snapped Joe's head back repeatedly with his left jabs that had all of Moore's power behind them.

Moore started poking Joey with those lefts for real in the sixth round as his handlers yelled at him to "stick him, stick him."

In the eighth, Moore let loose with his dynamite. Just seconds after the fans started clapping for action, Archie shot over a right to Joey's chin and the ex-champion stopped in his tracks, and then fell to the floor. He was up at six, eyes glazed, but game as ever.

Again in the 11th the fans started jeering and once more Archie responded. He lunged after the back-tracking challenger and clipped him with a fast right-left-right flurry to the head that set up Maxim for a savage right that dropped him for a seven count.

Moore staggered the strong-chinned Maxim several times after that but he couldn't put him down again. He had done enough.

The AP scorecard gave Maxim only two rounds, the fifth and 12th, and called one even, the third. The fifth went to Maxim when the referee penalized Moore one point for a low blow. Moore, ever pressing, ever stalking, was warned four times by the referee to keep his blows up.

Maxim Lands Left In First

'He's Good—He's A Great Fighter'—Maxim

'I Think This One Ended Series'—Moore

By MERCER BAILEY

MIAMI, Fla. (AP)—"I think this one ended our series," light heavyweight champion Archie Moore said Wednesday night after beating Joey Maxim in a title match.

With a big grin on his lips and a small mouse under his left eye, the champion said he wants to fight Rocky Marciano for the heavyweight crown, but "I'll fight Hal Johnson if they'll get up some money."

Johnson, from Philadelphia, is the No. 1 light-heavy contender and the NBA has been urging Moore to give him a crack at the crown.

"Hal's a good boy and he deserves a title fight," Moore said. Archie said he hadn't eaten for three days and did four miles of road work this morning to get down to the 175 pound weight limit. He barely made it even then.

Maxim, who lost the title to Moore in December, 1952, and failed to gain it back in a close decision last June, had no plans for the immediate future.

"He's good," he said of Moore. "He's a great fighter."

Was he any better than in their two previous title bouts?

"Yeah," he replied with a wry grin. "I got knocked down, didn't I?" Moore floored Joey twice, something he failed to do in their previous meetings.

Moore said he began to feel effects of his strict diet and extra heavy training late in the fight

"I began to feel tired about the 13th round," the San Diego Negro said. "But I knew I had to stay in there. You know I helped write a song called 'Stay in There' and I just started singing it to myself."

Archie said this was one of the best fights of his 17-year ring career and the best of the three with Maxim.

Asked if he was surprised when Maxim hit the canvas, Moore said no.

"I been trying to get him set for that punch ever since we been fighting. I slammed a left into his stomach and came inside his lead with a right to the head. He was supposed to go down."

And Archie said he wasn't surprised when Joey shook off the knockdown and came back strong.

"He's a game boy."

Asked if his marital troubles affected him any, Moore replied he didn't get any sleep Tuesday night.

Moore's wife filed a separate maintenance suit against him yesterday and tied up tonight's purse, which came to about $46,800. But their attorneys said Wednesday they had reached a settlement and that the agreement would be signed Thursday.

Maxim's manager, the veteran Jack (Doc) Kearns, said his fighter had "an off night. He just couldn't seem to get started swinging right."

Moore earned about $46,800, the largest purse of his career, for his one-sided triumph over Joey Maxim. Maxim collected $23,400 for his 20 per cent. Moore, getting the big end for the first time in the series with Maxim, was down for 40 per cent.

Heres' an unofficial financial breakdown:

Estimated gross gate—$89,900.

Radio and television receipts—$50,000.

State and federal taxes—$22,500.

Moore's share of total—$46,800.

Maxim's share of total—$23,400.

He is Amir Amehli Biniaz, a lightweight from Teheran, Iran. He was high school champion of his country and fought 18 fights there.

Two additional entries from Lincoln were also announced by Jacoby. They are the Lybarger brothers, Glenn and Roy. Glenn is a 147-pounder while Roy fights at 137.

Fickler has been busy with some other Lincoln fighters, preparing them for the coming matches. Bob McKee, John Wilkinson and Larry Emery, three sluggers known in local fistic circles, have been working under Fickler's supervision.

Fickler and his three proteges have been working in Omaha gyms and in Des Moines.

NAIA Rules Claussen Out

Lincoln Star Special

CRETE, Neb.—Don Claussen, veteran Omaha University cager has been declared ineligible for the National Association of Intercollegiate Athletic basketball playoffs, as well as the two remaining contests with NAIA District 11 teams, Doane and Peru.

The announcement was made by Aub Givens, chairman of NAIA District 11, following a meeting of the district committee.

According to rules set up by the NAIA, an athlete may participate in four seasons of competition; and if a boy participates in any game during a season, he has participated in a season of play.

Claussen played varsity basketball at the University of Nebraska during the 1945-46 season; he participated at Omaha U during the second semester of the 1950-51 school year, the first semester of 1951-52, and the entire season of the school year 1952-53.

Omaha University, which is not a member of any organized conference, has operated under the rule which permits an athlete eight semesters of play in basketball. Under this rule, Claussen had played six semesters previous to this season.

In order for Omaha to be considered for the NAIA District 11 playoffs in Grand Island March 1 and 2, Claussen must no longer compete against NAIA District 11 teams.

Meets Rocca, Feb. 4

Cubs Lose $500,000 Last Year

CHICAGO (AP)—Nobody pays to see a loser, the Chicago Cubs could ruefully admit Wednesday in announcing nearly a half-million dollar operational loss for 1953.

However, the $410,690 net loss reported by the seventh-place Cubs at the annual meeting of stockholders included $302,277 charged against two of the club's top farm clubs.

The first financial report ever made public by the Cubs did not go into 1953 attendance at Wrigley Field which was said to be 763,658, lowest in nine years.

But the auditors' figures revealed the Cubs took in $987,253 in gate receipts—$811,323 at home, $175,185 from road games and $745 from exhibitions. Another $502,774 came from concessions, radio-TV fees, park rentals and miscellaneous income.

In all, Cub revenue for last year totaled $1,490,027 against $1,987,300 in total expenses, a drag of $497,273. However, an $86,583 profit by the Los Angeles farm club reduced the net loss to $410,690.

Actual operating expenses, including team salaries and travel, and maintenance of Wrigley Field, totaled $1,240,902. To this was added $737,993 in "team replacement expenses," including losses of $302,277 by Springfield, Mass., of the International League and Des Moines, Ia., of the Western League.

The "team replacement" category presumably covered such items as a reported $100,000 layout to buy Outfielder Ralph Kiner from the Pittsburgh Pirates, player purchases and bonus player expenditures.

The Cubs have abandoned the Springfield franchise in the International league.

Stuber Applies For Idaho Post

MOSCOW, Idaho (AP) — Emmett R. (Abe) Stuber, former Iowa State College football coach, is reported to be a candidate for the coaching job at the University of Idaho.

The Daily Idahonian said Wednesday Stuber has applied for the post vacated last month by the resignation of Raymond A. (Babe) Curfman.

University officials here have declined to identify names of applicants, but have said there are many, with guesses ranging up to three dozen.

Stuber, a 1927 graduate of the University of Missouri, quit at Iowa State last fall after his team won only two of nine games. Curfman's vandals won only one of nine.

Teams coached by Stuber have won 118, lost 84 and tied 11. He had been at Iowa State since 1947.

Navy Sinks Foe

ANNAPOLIS, Md. (AP)—Navy held Franklin and Marshall's Carson Lovett to his lowest point total this season in overwhelming the Pennsylvanians 98-68 here Wednesday.

Hot Chester Rolls Past Belvidere '5'

. . . Little Blue Meet

WEDNESDAY SCORES

Chester 56, Belvidere 31.
Alexandria 49, Hubbell 39.
Ruskin 38, Hardy 35.
Carleton 44, Byron 40.

GAMES THURSDAY

Chester vs. Alexandria at 7:30 p.m.
Ruskin vs. Carleton at 9 p.m.

Lincoln Star Special

HEBRON — Chester went by Belvidere easily Wednesday night in the first round of the Little Blue Conference tournament and joned three other teams in the semifinals Friday.

Cecil Hayes' 11 points topped the well-balanced Chester attack which constructed an early lead and added to it throughout the game.

Darrell Hintz had eight points for Belvidere.

Chester	17	16	12	11—56
Belvidere	7	8	6	10—31

Twenty-two points by Delayne Deeke were not sufficient as Hubbell fell before Alexandria, 49-39.

Larry Bowker hit 19 points for the winners.

Alexandria	14	16	10	9—49
Hubbell	6	8	11	14—39

Hardy tied Ruskin at 30-30 in the fourth quarter but slipped and lost, 38-35, in the best game of the night.

Darrel Jensay's 10 points were high for Ruskin while Jerry Thayer hit 12 for Hardy.

Ruskin	8	12	8	10—38
Hardy	6	11	9	9—35

Carleton won an early lead and held it all the way in stopping Byron, 44-40.

Fred Braun's 24 points sparked the winners.

Carleton	18	8	7	11—44
Byron	7	9	14	10—40

Hebron To Meet Minden In New Bear Gymnasium

HEBRON — The new Hebron High School gymnasium will be opened Feb. 2 when Minden, one of the top teams in the state, comes here to play the Bears.

Coach Ralph Moerer's Hebron club has a 7-1 record, the same as that of Minden.

Bennet Edges Hallam; Walton Tops Raymond

. . . Lancaster County Meet

WEDNESDAY SCORES

Bennet 57	Hallam 56
Walton 38	Raymond 34

GAMES THURSDAY

Hickman vs. Bennet at 7 p.m.
Panama vs. Walton at 8:15 p.m.
Malcolm vs. Central at 9:30 p.m.

Lincoln Star Special

WALTON—Jim Wissel, a senior guard who was sharp all night, shot Hallam out of the Lancaster County basketball tournament and his own Bennet team into the quarterfinals with a 57-56 overtime triumph in the meet opener Wednesday night.

Wissel, highest of the Aces with 20 points, connected on a side set shot late in the extra period and his teammates worked a stall which stopped Hallam and ran out the clock.

Hallam came from behind on Dick Messman's terrific scoring to make it a 51-51 game at the end of the fourth quarter. At the half Bennet had led, 24-19.

Messman led all scorers with 27 points.

Bennet	14	10	13	14	6—57
Hallam	10	9	18	14	5—56

Hometown Walton lost a halftime lead to Raymond but came through in the last period to win, 38-34.

Dick Wagner's 14 points were high for the winners, and Bob Hardesty clicked for 11 for Raymond.

Walton's last quarter defense checked Raymond with three points in the low scoring game.

Walton	10	12	7	9—38
Raymond	7	10	14	3—34

Central led all the way and nipped Roca, 42-40, with freshman Ray Palmer scoring 14 points.

Ron Hoppes hit 13 for Roca.

Central	9	9	15	9—42
Roca	8	6	7	19—40

Firth stunned Waverly, 43-31, as Roger TeKolste poured in 17 points. Lee Snyder led Waverly with nine.

Waverly	6	7	4	14—31
Firth	10	5	16	12—43

Huskers To Open Their Baseball Season In South

Nebraska's baseball team will play 22 games this spring, Coach Tony Sharpe announced Wednesday.

The Huskers, second behind Oklahoma in the Big Seven race last spring, open against Tulsa April 9-10 on their annual southern road trip.

First conference game is against Kansas, April 19-20 in Lincoln.

April 9-10 at Tulsa; 12-13 at Houston; 14-15 at Texas at Austin; 19-20 Kansas here; 23-24 Oklahoma at Norman; 26-27 Kansas State at Manhattan; April 30, May 1 Colordo here; 3-4 Kansas State here; 7-8 Oklahoma A&M here; 14-15 Iowa State at Ames; 17-18 Missouri at Columbia.

Marvin Grisson and Don Mueller of the New York Giants have identical off-season hobbies—hunting and fishing.

One Problem Settled As Clubs Meet For Draft

Court Ruling Settles Pro-Grid, TV Battle

By HUGH FULLERTON JR.

PHILADELPHIA (AP)—The National Football League bowed to a court order Wednesday and rewrote its controversial rule concerning control of television of league games.

The NFL club owners, in a preliminary to the opening of their annual meeting Thursday, unanimously decided not to appeal the ruling handed down last fall by Judge Allan K. Grim in the U.S. District Court.

Ray Richards

Some club owners, feeling that Judge Grim's ruling had vindicated to a certain extent their stand on television controls, wanted to appeal to a higher court in hope of getting a more favorable decision.

After hearing the league's lawyers explain and interpret the decision Wednesday, they agreed unanimously that there would be no appeal. Then they amended Article 10 of their constitution, the section that deals with radio and television, to bring it into line with the court order.

They also added a new section to Article 4 of the constitution which binds each club to agree with the provisions of the court decision.

"Throughout the trial we expressed continuously our desire to learn to live with television. That's what we will try to do in this situation," said Commissioner Bert Bell.

Judge Grim's decision on the government's anti-trust suit, which sought to wipe out all controls of TV by the league, was that the league could black out the immediate areas in which games were being played, but that it could not control television in a club's "home" territory when that club was playing away from home, nor could it control radio broadcasts.

During the trial, the league had maintained that "reasonable" restraint was legal under the Sherman Anti-Trust Act. Bell emphasized that the court changes made Wednesday were intended to conform with the court's decision and that if there were any complaints about the controls still exercised, the courts would decide whether or not they were reasonable.

The new sections of article 10 permits local broadcasts and telecasts within the city where a game is being played, provided that part of the receipts from such broadcasts are added to the gross receipts of the game. The Commissioner will determine the amount and also must approve the sponsors.

When a club is away from home, anyone can broadcast or telecast into its territory. Representatives of three major television networks were on hand Wednesday to hear the league's decision and to start setting up plans for next season's telecasts.

With the touchy TV question settled, the clubs will turn to the annual "draft" of college players in an open meeting starting Thursday morning. Before Saturday they also expect to deal with the impending "war" against Canadian football interests and with some changes in the playing rules.

One bit of business was transacted on the sidelines when the Chicago Cardinals signed Ray Richards, former Nebraska grid great, as line coach. Richards, who worked for Joe Stydahar, the Cards' head coach, when he was at Los Angeles, coached the Baltimore Colts' line last season.

Thursday's draft meeting opens with the "bonus pick," a gimmick by which one college player is singled out for special attention. Coaches indicated that Bobby Garrett, the star Stanford passer, is the likely bonus choice no matter which club gets the right to make the selection.

One big idea in regard to the playing rules is to eliminate piling on a runner who has been downed. This likely will be done by adopting something similar to the college rule, which forbids the ball carrier to get up and run against after he has touched the ground with any part of his body but his hands or feet.

Two Teams Advance In Bowling Tourney

Midwest Fluorescent and the Singer Boys climbed into the third and fourth spots in the Men's City Bowling Tournament Wednesday, but the 3027 of I-Go Van continued to be the best team score.

There were no changes in doubles or singles standings.

Midwest Fluorescent bowled a 2796 and closed with 2973 while Singer Boys had a 2638 which lifted them to 2938.

The Firing Line

by Norris Anderson
SPORTS EDITOR, THE STAR

Kansas University, high on the hills above the River Kaw, looks down loftily on the Big Seven winter sports scene.

Phog Allen

Unless Coach Harry Good's Husker basketball squad, currently tied with the Jayhawks atop the conference, appear to be the only threat to Kansas' snow-time supremacy. Surely, no one is going to challenge the Jays in track and field.

Listen to old Phog (Horn) Allen, the venerable Kansas basketball coach:

"We're in the doldrums. We haven't improved as fast as we had a right to expect. We have not played one complete game of good basketball. We are at least 20 per cent weaker than we were last year at this time.

"All of those road games are going to be tough hurdles this year.

"Nebraska has played very well in winning all four of its games. It won three at home, just like we have. There is not a team in the league that has a better starting five than Nebraska. Coach Harry Good has as good a team as there is in the conference.

"I am not counting Kansas State out of the race either, just because we beat them at home. They get another crack at Nebraska in Manhattan (Feb. 6) and get another crack at us in Lawrence. Oklahoma and Iowa State have always been exceptionally tough for us on their home floors. Missouri is a lot better than its record indicates. There is not a cinch victory in our league and it's going to be a dog-fight right down to the finish."

For a surer testing of your noble words, Phog, we'll wait until after your squad meets Nebraska at Lawrence, Feb. 13, and in Lincoln, Feb. 22.

In the realm of track and field, the story at Kansas remains the same. Bill Easton is the coach and Wes Santee is his prize pupil. The squad is a symphony of balance and depth.

Santee hasn't been beaten at any distance since the 1952 outdoor meet when he ran fourth in the 880. Easton has back every member of his 1953 NCAA cross-country champions, plus Norman Bitner, a veteran from Kansas City.

Bitner was captain-elect of the 1952 cross-country team, but never ran a stride after being sidelined with a knee operation. Easton held him out of the 1953 harrier derbies to let him work into top shape gradually. Now he is ready for a comeback during the indoor campaign.

As a sophomore Bitner showed high promise. He ran third in both the conference indoor and outdoor two-miles; second in the Texas relays' 5,000 meters and second in the Kansas relays 3,000-meter steeplechase. He has run the two-mile on the boards as low as 9:32.0, and owns a 9:26.0 outdoors.

Bitner is expected to team with Dick Wilson, lettered senior, and Tom Rupp, promising Hays sophomore in the two-mile. Wilson apparently is winding up for his best season. He ran 16th in the Big Seven cross-country field and 42nd in helping the Kansans to the national flag at East Lansing. His best indoor marks are 9:35.8 and 9.38.8 in duals last year, but Easton expects him to better those times this winter.

Captain Art Dalzell will keep Santee company in the 880; the veteran Lloyd Koby, in the mile. Primarily a half-miler, Dalzell gave opponents continued cause for worry by flashing improved stamina during the cross-country season. He ran second to Santee in all four duals over three miles, maintaining that standard through the conference meet. He then finished 14th over the gruelling four-mile test at East Lansing.

Santee's credentials, of course, are well known. Holder of four American records from two-thirds of a mile to one-mile, his latest feat was a record-smashing 4:04.2 flight to win the Sugar Bowl Invitational last month. He annexed the NCAA cross-country title in November. He set league indoor records of 1:52.5 and 4:08.3 on Municipal Auditorium's tiny spruce saucer in Kansas City, and neither can be considered safe from his senior onslaught this winter.

This gang will be supplemented by a sparkling sophomore, Allen Frame, of Wichita, who can go in either the mile or two-mile. He ran third in the conference cross-country derby, then followed with a stunning 18th-place finish in the nationals.

Jim Elliott, lean Hutchinson sophomore, may help in the 880.

"It is going to be necessary that we have maximum performance out of this gang every start." Easton analyzes. "We've lost some fine boys . . . (notably Don Smith, 1953 outdoor 440 and 220 low hurdles champion: Capt. John Riederer, in the quarter; Buzz Frasier, indoor high jump champion; Keith Palmquist, indoor two-mile champion; Norm Steanson, indoor pole-vault king; shot-putter Merlin Gish and sprinter Dick McGlinn) . . . and we will not be as well balanced as last year."

Link Gymnasts Win

Lincoln High gymnasts defeated Beatrice, 79-53, in a novice meet in the Link's gym Wednesday afternoon.

Individual winners:
Side-horse—Bruce Bergeren (L).
High bar—Jerry Williamson (L)
Parallel bar—Henry Reifschneider (L).
Trampoline—Jim Wertz (L).
Rings—Bill Corey (B).
Mats—Bob Atkins (L)

Action On The Chiefs' Front

Action was heavy on the local baseball front Wednesday as the Lincoln Chiefs' $25,000 drive for additional stockholders reached a total of $5,094. Dallas "Moose" Womack (seated), big first baseman, becomes the first Chief to sign a 1954 contract at left as General Manager Bill Herring watches. Studying the financial report at a fund drive committee meeting Wednesday are (left to right) Gaylord Cole, Miss Martha Rebensdorf and Roy Kirsch. (Star Photos.)

Todd Withdraws From Aggie List

COLLEGE STATION, Tex. (AP)—Dick Todd withdrew Wednesday from consideration as head football coach at Texas A&M.

The former Aggie star who now is an assistant at Southern Methodist said he had never filed an application for the job and only came here for an interview at the request of A&M officials.

Todd's withdrawal left only Mike Michalske, Aggie line coach, and an unidentified coach from the midwest as the lone contenders for the job.

The unidentified coach entered the picture. His name was not among the four coaches A&M officials had invited for interviews today.

In addition to Todd and Michalske, the four had included J. V. (Siki) Sikes and Johnny Vaught. Sikes, former coach at Kansas, has since signed a one year contract as head coach at East Texas State

Todd said he would not accept the A&M job under any conditions. He said a stomach disorder and business interest in west Texas make it impossible for him to consider the job.

Casey Admits 'Big Three' Pitching Power Is Aging

NEW YORK (AP)—Casey Stengel, fearing his "big three" pitching may be too old, said today he didn't know if the New York Yankees could make it six straight pennants.

"I know I said last fall we'd win six, seven and eight," he told a press conference. "Now I don't know. Any club that wins too often is liable to get careless.

"It depends on spirit, condition and how much the other clubs have improved. Boston is better with Ted Williams back and that boy Jackie Jensen. Cleveland is better because Al Rosen is the best third baseman in baseball. Chicago is better because their pitching will be better from the beginning. This year they'll have Virgil Trucks all season."

Stengel was in rare form as he performed for the baseball writers and cameramen in the crowded Yankee office. Dazzling lights for the TV crew turned the room into a hot box.

Old Case covered the field on his first trip back since the World Series. He talked about trades, contracts, the Yankees, the opposition, Charlie Dressen and the state of baseball, in general.

"We need some pitching if it's not on the farms," he said. "Weisler (Bob Weisler, 8-7 at Kansas City) may be ready. Morgan (Tom Morgan, in the Army) may come back. I hope some other young guy can fool me. After all only eight men are still here who were with the club when I came. Somebody has got to make good. Nobody can say they don't get a chance.

About Johnny Sain, who has said he has retired, Stengel had this to say:

"I don't like to see anybody quit baseball, especially if he's a fellow who wins 14 games for you. Last year he was a better pitcher than when we bought him from the National League."

Casey took a pot shot at managers who have been quoted in magazines as knowing the secrets of beating the Yankees.

"The fact is," he said. "With all this knowledge of how to pitch to our batters and how to play our hitters, we still won the pennant. Do I know how to pitch to everybody? If I did, I wouldn't put out all that good stuff. Four or five of the things they said were true. But we eliminated them. I wouldn't want to say what we did. It's a lousy thing to be talking about your own weaknesses when you're the champs.

"Sure some of our pitching may be too old. I turned down a couple last year one of them would have made it easier to win the pennant. I'm not going to give Chicago any two for one.

Who do they want? You all know. It's in the paper every five minutes. Hank Bauer. Who would I like from them? I won't mention any names but I'll put up an arm."

Stengel raised his left arm high, an obvious reference to the Sox's lefthanded pitching ace, Billy Pierce.

American Duo Falls

SYDNEY (AP)—Tired Tony Trabert and Vic Seixas, who won the Davis Cup doubles for America, were knocked out of the Australian National Doubles championships Wednesday 24 hours after Trabert was blasted from the singles in a major upset.

Australians Clive Wilderspin and Neale Fraser, a second-string combination, defeated Seixas and Trabert, 6-4, 12-10, 10-8 in the doubles semifinals at White City stadium.

Tuesday Ageing John Bromwich lost two sets to Trabert, the No. 1 American player, 1-6, 1-6, then rallied to defeat the Cincinnatian in the next three sets, 6-2, 6-3, 6-1.

Several Australian tennis writers suggested the Australian Lawn Tennis Association look into Trabert's actions and send a report to the U.S. Lawn Tennis Association.

Trabert, smarting Wednesday over complaints that his court manners weren't all they should be, retaliated by saying manners of Australian spectators are pretty bad, too.

And he vowed that when he gets home, he's "going to tell officials the truth about what goes on down here, where tennis is really a big sport."

One Problem Settled As Clubs Meet For Draft

Court Ruling Settles Pro-Grid, TV Battle

By HUGH FULLERTON JR.

PHILADELPHIA (AP)—The National Football League bowed to a court order Wednesday and rewrote its controversial rule concerning control of television of league games.

The NFL club owners, in a preliminary to the opening of their annual meeting Thursday, unanimously decided not to appeal the ruling handed down last fall by Judge Allan K. Grim in the U.S. District Court.

Ray Richards

Some club owners, feeling that Judge Grim's ruling had vindicated to a certain extent their stand on television controls, wanted to appeal to a higher court in hope of getting a more favorable decision.

After hearing the league's lawyers explain and interpret the decision Wednesday, they agreed unanimously that there would be no appeal. Then they amended Article 10 of their constitution, the section that deals with radio and television, to bring it into line with the court order.

They also added a new section to Article 4 of the constitution which binds each club to agree with the provisions of the court decision.

"Throughout the trial we expressed continuously our desire to learn to live with television That's what we will try to do in this situation," said Commissioner Bert Bell.

Judge Grim's decision on the government's anti-trust suit, which sought to wipe out all controls of TV by the league, was that the league could black out the immediate areas in which games were being played, but that it could not control television in a club's "home" territory when that club was playing away from home, nor could it control radio broadcasts.

During the trial, the league had maintained that "reasonable" restraint was legal under the Sherman Anti-Trust Act. Bell emphasized that the court changes made Wednesday were intended to conform with the court's decision and that if there were any complaints about the controls still exercised, the courts would decide whether or not they were reasonable.

The new sections of article 10 permits local broadcasts and telecasts within the city where a game is being played, provided that part of the receipts from such broadcasts are added to the gross receipts of the game. The Commissioner will determine the amount and also must approve the sponsors.

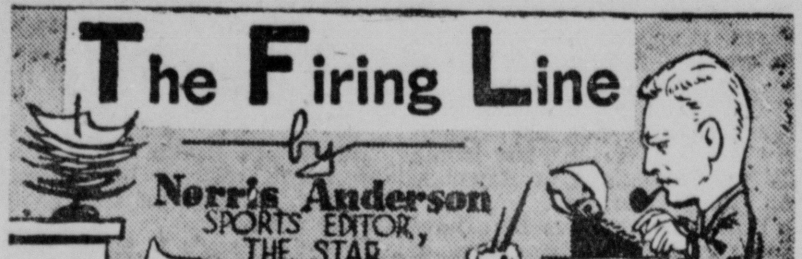
When a club is away from home, anyone can broadcast or telecast into its territory. Representatives of three major television networks were on hand Wednesday to hear the league's decision and to start setting up plans for next season's telecasts.

With the touchy TV question settled, the clubs will turn to the annual "draft" of college players in an open meeting starting Thursday morning. Before Saturday they also expect to deal with the impending "war" against Canadian football interests and with some changes in the playing rules.

One bit of business was transacted on the sidelines when the Chicago Cardinals signed Ray Richards, former Nebraska grid great, as line coach. Richards, who worked for Joe Stydahar, the Cards' head coach, when he was at Los Angeles, coached the Baltimore Colts' line last season.

Thursday's draft meeting opens with the "bonus pick," a gimmick by which one college player is singled out for special attention. Coaches indicated that Bobby Garrett, the star Stanford passer, is the likely bonus choice no matter which club gets the right to make the selection.

One big idea in regard to the playing rules is to eliminate piling on a runner who has been downed. This likely will be done by adopting something similar to the college rule, which forbids the ball carrier to get up and run against after he has touched the ground with any part of his body but his hands or feet.



Kansas University, high on the hills above the River Kaw, looks down loftily on the Big Seven winter sports scene.

Phog Allen

Unless Coach Harry Good's Husker basketball squad, currently tied with the Jayhawks atop the conference, appear to be the only threat to Kansas' snow-time supremacy. Surely, no one is going to challenge the Jays in track and field.

Listen to old Phog (Horn) Allen, the venerable Kansas basketball coach:

"We're in the doldrums. We haven't improved as fast as we had a right to expect. We have not played one complete game of good basketball. We are at least 20 per cent weaker than we were last year at this time.

"All of those road games are going to be tough hurdles this year.

"Nebraska has played very well in winning all four of its games. It won three at home, just like we have. There is not a team in the league that has a better starting five than Nebraska. Coach Harry Good has as good a team as there is in the conference.

"I am not counting Kansas State out of the race either, just because we beat them at home. They get another crack at Nebraska in Manhattan (Feb. 6) and get another crack at us in Lawrence. Oklahoma and Iowa State have always been exceptionally tough for us on their home floors. Missouri is a lot better than its record indicates. There is not a cinch victory in our league and it's going to be a dog-fight right down to the finish."

For a surer testing of your noble words, Phog, we'll wait until after your squad meets Nebraska at Lawrence, Feb. 13, and in Lincoln, Feb. 22.

In the realm of track and field, the story at Kansas remains the same. Bill Easton is the coach and Wes Santee is his prize pupil. The squad is a symphony of balance and depth.

Santee hasn't been beaten at any distance since the 1952 outdoor meet when he ran fourth in the 880. Easton has back every member of his 1953 NCAA cross-country champions, plus Norman Bitner, a veteran from Kansas City.

Bitner was captain-elect of the 1952 cross-country team, but never ran a stride after being sidelined with a knee operation. Easton held him out of the 1953 harrier derbies to let him work into top shape gradually. Now he is ready for a comeback during the indoor campaign.

As a sophomore Bitner showed high promise. He ran third in both the conference indoor and outdoor two-miles; second in the Texas relays' 5,000 meters and second in the Kansas relays 3,000-meter steeplechase. He has run the two-mile on the boards as low as 9:32.0, and owns a 9:26.0 outdoors.

Bitner is expected to team with Dick Wilson, lettered senior, and Tom Rupp, promising Hays sophomore in the two-mile. Wilson apparently is winding up for his best season. He ran 16th in the Big Seven cross-country field and 42nd in helping the Kansans to the national flag at East Lansing. His best indoor marks are 9:35.8 and 9:38.8 in duals last year, but Easton expects him to better those times this winter.

Captain Art Dalzell will keep Santee company in the 880; the veteran Lloyd Koby, in the mile. Primarily a half-miler, Dalzell gave opponents continued cause for worry by flashing improved stamina during the cross-country season. He ran second to Santee in all four duals over three miles, maintaining that standard through the conference meet. He then finished 14th over the gruelling four-mile test at East Lansing.

Santee's credentials, of course, are well known. Holder of four American records from two-thirds of a mile to one-mile, his latest feat was a record-smashing 4:04.2 flight to win the Sugar Bowl Invitational last month. He annexed the NCAA cross-country title in November. He set league indoor records of 1:52.5 and 4:08.3 on Municipal Auditorium's tiny spruce saucer in Kansas City, and neither can be considered safe from his senior onslaught this winter.

This gang will be supplemented by a sparkling sophomore, Allen Frame, of Wichita, who can go in either the mile or two-mile. He ran third in the conference cross-country derby, then followed with a stunning 18th-place finish in the nationals.

Jim Elliott, lean Hutchinson sophomore, may help in the 880.

"It is going to be necessary that we have maximum performance out of this gang every start," Easton analyzes. "We've lost some fine boys . . . (notably Don Smith, 1953 outdoor 440 and 220 low hurdles champion; Capt. John Riederer, in the quarter; Buzz Frasier, indoor high jump champion; Keith Palmquist, indoor two-mile champion; Norm Steanson, indoor pole-vault king; shot-putter Merlin Gish and sprinter Dick McGlinn) . . . and we will not be as well balanced as last year."

Link Gymnasts Win

Lincoln High gymnasts defeated Beatrice, 79-53, in a novice meet in the Link's gym Wednesday afternoon.

Individual winners:

Side-horse—Bruce Bergeren (L).
High-bar—Jerry Williamson (L).
Parallel-bar—Henry Reifschneider (L).
Trampoline—Jim Wertz (L).
Rings—Bill Corey (B).
Mats—Bob Atkins (L).

Two Teams Advance In Bowling Tourney

Midwest Fluorescent and the Singer Boys climbed into the third and fourth spots in the Men's City Bowling Tournament Wednesday, but the 3027 of I-Go Van continued to be the best team score.

There were no changes in doubles or singles standings.

Midwest Fluorescent bowled a 2796 and closed with 2973 while Singer Boys had a 2638 which lifted them to 2938.

Action On The Chiefs' Front

Action was heavy on the local baseball front Wednesday as the Lincoln Chiefs' $25,000 drive for additional stockholders reached a total of $5,094. Dallas "Moose" Womack (seated), big first baseman, becomes the first Chief to sign a 1954 contract at left as General Manager Bill Herring watches. Studying the financial report at a fund drive committee meeting Wednesday are (left to right) Gaylord Cole, Miss Martha Rebensdorf and Roy Kirsch. **(Star Photos.)**

Todd Withdraws From Aggie List

COLLEGE STATION, Tex. (AP)—Dick Todd withdrew Wednesday from consideration as head football coach at Texas A&M.

The former Aggie star who now is an assistant at Southern Methodist said he had never filed an application for the job and only came here for an interview at the request of A&M officials.

Todd's withdrawal left only Mike Michalske, Aggie line coach, and an unidentified coach from the midwest as the lone contenders for the job.

The unidentified coach entered the picture. His name was not among the four coaches A&M officials had invited for interviews today.

In addition to Todd and Michalske, the four had included J. V. (Siki) Sikes and Johnny Vaught. Sikes, former coach at Kansas, has since signed a one year contract as head coach at East Texas State.

Todd said he would not accept the A&M job under any conditions. He said a stomach disorder and business interest in west Texas make it impossible for him to consider the job.

GOP Condition 'Critical' But Not Hopeless, Party Leader Claims

Kelland Says Republican Control Doubtful If Elections Held Today

NEW YORK (AP) — Clarence Budington Kelland, noted author and GOP leader, says if congressional elections were held today "it is exceedingly doubtful" the Republicans could keep control of the House and Senate.

He says the public views the Eisenhower administration as "static and not dynamic," "negative instead of positive, and feels that instead of asserting dramatic leadership it has isolated itself from the fight."

Kelland puts a "large part of the onus" for such views on some presidential appointees and advisers.

He also accuses some cabinet members of refusing to cooperate with the President and Republican national chairman Leonard Hall on official appointments.

'Let Down' Feeling

Kelland, Republican national committeeman from Arizona, sets forth his views in the February issue of American Magazine. He says recent congressional elections show "the tide is running against the party in power," and blames this on discontent among the GOP rank and file and a "feeling of letdown" by the public generally.

This he traces back to a lack of a firm partisan approach to the administration's problems.

"There can be no such thing as a non-partisan President, any more than there can be a nonsectarian Pope or Archbishop of Canterbury," Kelland writes.

The President has been learning the science of politics "rapidly and efficiently — the hard way," Kelland adds.

"He has learned far more rapidly than have certain of his appointees and advisers."

Kelland says presidential adviser Sherman Adams "displayed a talent amounting to genius for offending party leaders in every state of the union" concerning political appointments.

Beneath Dignity

Secretary of Defense Charles E. Wilson is "inclined to be stubborn to the point of arrogance," says Kelland, adding:

"His position seems to be that it is beneath his dignity to allow his hands to be smirched by contact with politics."

Kelland says the Democratic Party stayed in power 20 years "because it did not neglect politics by day or night." He adds the Republicans must do the same if they are to retain office.

"The condition of the Republican Party today is critical but not hopeless . . . nothing is wrong with the patient that an operation will not cure. It would seem to behoove our chief executive to sharpen his scalpel and cut deep . . .

"If the President wants a Republican Congress elected in 1954, the indispensable thing is to un-disgruntle the party organization. If he fails to do so he will be out on a limb, with an antagonistic Congress sitting in the Capitol."

Here In Lincoln

In Tarkio Play — Howard Brown, son of Mrs. H. A. Brown of 3821 Mohawk, will play the title role in the three-act comedy "Deacon Dubbs" to be presented at Tarkio College, Tarkio, Mo., on April 29 and 30.

Roper & Sons Mortuary.—Adv

Injury Suit Filed — A $25,000 personal injury suit has been filed in District Court by Clarence J. Gerard on behalf of his three-year-old son, Alex J., against Robert B. Patterson of 3240 So. 48th. The suit arises out of car-pedestrian accident near the Gerard home at 2830 So. 48th on Aug 17, 1953. The boy in crossing the street from his home was allegedly struck by a car driven by Patterson.

Midwest Roofing for all types of Roofs and Siding. 5-2510.—Ad.

Pleads Not Guilty—Henry J. Phillips, 57, of 130 L has pleaded not guilty in Lancaster District Court to a charge of drunk-driving on Nov. 24, 1953. The state appeal case from Municipal Court is set for trial during the current jury session.

Mrs. Walker Rites Will Be Friday

Funeral services for Mrs. Junletta Walker, 83, of 946 Sumner, will be held at 1 p.m. Friday at Wadlow's Chapel. The Rev. Alfred W. Young will officiate. Burial will be in Lincoln Memorial Park.

Mrs. Walker, a resident of Lincoln for 65 years, died Wednesday. She was a native of Chicago.

Surviving are three daughters, Mrs. Pearl Kreps of Emerald, Mrs. Marcella Avre of Lincoln and Mrs. Hazel Elliott of Long Beach, Calif.; 10 grandchildren and 19 great grandchildren.

Plans For American Lutheran Meet Made

The recently-organized public relations committee for the central district of the American Lutheran Church met in Lincoln Wednesday to set up programs for the annual district convention to be held in Bird City, Kan., April 23 to 27.

Attending the meeting were the Rev. L. C. Scholl of Goodland, Kan., chairman; the Rev. John Streng of Beatrice; the Rev. Rudolph Martens of Kansas City, Mo., and the Rev. Dwain Olson of Omaha.

The central district executive committee will meet here all day Thursday to lay convention plans. The district covers Nebraska, Kansas, Colorado, Oklahoma, Iowa and parts of Missouri.

NWU Coed Was Surprised To Learn Milk Basic Food

By MARILYN K. SWANSON
Star Staff Writer

Valerie Kremenesky, 18-year-old Nebraska Wesleyan University freshman, looks much the same as any other college co-ed in her sweater, skirt, and bobby socks.

However, the similarity ends with appearances.

While Valerie's Wesleyan friends were learning to ride their bikes and chew bubble gum, Valerie was living in prison and displaced persons' camps—learning to forage for food.

The attractive brunette was born in the Ukraine, a republic of the U.S.S.R., where her father was a factory worker.

Valerie explained that in the early days of the Nazi regime in Russia ("There was a lot of propaganda, you know."), many persons who had lived under Communist rule thought they would be better off under the Nazis.

"Under the Communists, you cannot live like a human," Valerie stated.

Family Moves

Her father, "who loves to experiment," moved his family first to Poland and then to Czechoslovakia. The Nazis placed the family in prison camps—which didn't correspond with their propaganda.

"There is a difference between prison and concentration camps," Valerie explained. "Nearly everybody was placed in prison camps—but concentration camps were pretty bad. Not very many survived."

After the war, the Kremenesky family lived in a displaced persons' camp near Munich, Germany, from 1945 to 1950.

Valerie said her mother wanted to return to the Ukraine until she met an 18-year-old Russian soldier in Germany. "Mother asked him if he thought she should take her children and return to Ukraine," Valerie said. "The soldier said that she should not ever go back and that he would not return if he had his family with him."

"All this time, my father dreamed of coming to the United States — and we were lucky," Valerie continued.

The family had friends who came to the U. S. under the sponsorship of a Washington fruit grower. Through the influence of the friends, the Kremeneskys also were sponsored by the fruit grower.

Two Years

They lived in Washington for two years—where Valerie had her first taste of the American educational system.

"In the first home economics class I attended, the teacher started out by telling us of the seven basic foods—I had never heard of them before. She said we had to have milk and salads and vegetables or we would get scurvy or rickets or something. I told her that I had never had a glass of milk—or maybe only one or two—in my life before coming here, and I have good teeth and there is nothing wrong with my health," she laughed.

She added that she now, however, drinks lots of milk and loves salads.

The family now lives in St. Louis, Mo., and Valerie says her father has no wish to try out any other political systems except democracy.

Nebraska Wesleyan University was Valerie's choice of school because of its size ("small enough to get to know everyone") and because one of her friends from DP camp days, Tania Budowych, is a junior at the school.

Because she feels she owes a debt to this country, Valerie is aiming for a career in social work.

"I love people and maybe through social work, I can help others like myself learn and love America," she added.

Selleck Unaware Of Any Regents Visiting Candidates

Acting Chancellor John K. Selleck reported Wednesday that so far as he knew no members of the University of Nebraska Board of Regents had started visiting prospective candidates for chancellor.

Two of the members are out of town, he said, but "I don't think they are interviewing anyone." Robert W. Devoe of Lincoln, board chairman, is out of town, and J. Leroy Welsh of Omaha is vacationing in Ft. Lauderdale, Fla.

Selleck said that although the Regents have been invited to attend mid-year commencement ceremonies Saturday no board meeting will be held.

Mumps Cases Increase, But 'Not Alarming'

There is an unusually high number of mumps cases this year—95 as of Wednesday—but health officials don't feel there is anything alarming in that.

Among the city's mump facts are these items

No reporting to health authorities of the disease is required, consequently there is no quarantine. The actual number of cases may be considerably more than those reported.

No comparative figures are available for the city because a record of the voluntarily reported cases of mumps was not begun until last summer.

The increase had been apparent since last October, according to the City Health Department.

The State Health Department records reflect no increase in any other parts of the state.

About half of the sufferers are adults. Dr. John C. Thompson, health director for the city schools, reports that "more children than usual" are absent from school but no record is kept of mumps sufferers. He is sure, he said, that many of the children have mumps

Consensus of opinion: If you get 'em, stay in bed until the swelling disappears. Take your doctor's advice. Don't worry — "mumps are part of growing up" one doctor here remarked.

Ice-Skating Good

Memory Lane, which is out of water, is the only exception to the "good" skating classification given by the City Park Department to all other ice skating ponds.

Funeral Services For Edgar Hancock Will Be Thursday

Funeral services for Edgar Hancock, 73, of Omaha, will be held at 11 a.m. Thursday in Omaha. Burial will be at 1:30 p.m. Thursday in Lincoln Memorial Park.

Mr. Hancock died Tuesday at the home of his daughter, Mrs Irene Terry, in Omaha.

Youth Escapes Unhurt When Car Skids On Ice

A 16-year-old Lincoln youth suffered no injuries when his car skidded at the corner of 22nd and Smith and smacked into an ornamental light pole, knocking it to the ground.

Police said the youth's car apparently skidded on a patch of ice before striking the pole on the southeast corner of the intersection.

GOP Condition 'Critical' But Not Hopeless, Party Leader Claims

Kelland Says Republican Control Doubtful If Elections Held Today

NEW YORK (AP) — Clarence Budington Kelland, noted author and GOP leader, says if congressional elections were held today "it is exceedingly doubtful" the Republicans could keep control of the House and Senate.

He says the public views the Eisenhower administration as "static and not dynamic," "negative instead of positive, and feels that instead of asserting dramatic leadership it has isolated itself from the fight."

Kelland puts a "large part of the onus" for such views on some presidential appointees and advisers.

He also accuses some cabinet members of refusing to cooperate with the President and Republican national chairman Leonard Hall on official appointments.

'Let Down' Feeling

Kelland, Republican national committeeman from Arizona, sets forth his views in the February issue of American Magazine. He says recent congressional elections show "the tide is running against the party in power," and blames this on discontent among the GOP rank and file and a "feeling of letdown" by the public generally.

This he traces back to a lack of a firm partisan approach to the administration's problems.

"There can be no such thing as a non-partisan President, any more than there can be a nonsectarian Pope or Archbishop of Canterbury," Kelland writes.

The President has been learning the science of politics "rapidly and efficiently — the hard way," Kelland adds.

"He has learned far more rapidly than have certain of his appointees and advisers."

Kelland says presidential adviser Sherman Adams "displayed a talent amounting to genius for offending party leaders in every state of the union" concerning political appointments.

Beneath Dignity

Secretary of Defense Charles E. Wilson is "inclined to be stubborn to the point of arrogance," says Kelland, adding:

"His position seems to be that it is beneath his dignity to allow his hands to be smirched by contact with politics."

Kelland says the Democratic Party stayed in power 20 years "because it did not neglect politics by day or night." He adds the Republicans must do the same if they are to retain office.

"The condition of the Republican Party today is critical but not hopeless . . . nothing is wrong with the patient that an operation will not cure. It would seem to behoove our chief executive to sharpen his scalpel and cut deep . . .

"If the President wants a Republican Congress elected in 1954, the indispensable thing is to un-disgruntle the party organization. If he fails to do so he will be out on a limb, with an antagonistic Congress sitting in the Capitol."

Selleck Unaware Of Any Regents VisitingCandidates

Acting Chancellor John K. Selleck reported Wednesday that so far as he knew no members of the University of Nebraska Board of Regents had started visiting prospective candidates for chancellor.

Two of the members are out of town, he said, but "I don't think they are interviewing anyone." Robert W. Devoe of Lincoln, board chairman, is out of town, and J. Leroy Welsh of Omaha is vacationing in Ft. Lauderdale, Fla.

Selleck said that although the Regents have been invited to attend mid-year commencement ceremonies Saturday no board meeting will be held.

Mumps Cases Increase, But 'Not Alarming'

There is an unusually high number of mumps cases this year—95 as of Wednesday—but health officials don't feel there is anything alarming in that.

Among the city's mump facts are these items.

No reporting to health authorities of the disease is required, consequently there is no quarantine. The actual number of cases may be considerably more than those reported.

No comparative figures are available for the city because a record of the voluntarily reported cases of mumps was not begun until last summer.

The increase had been apparent since last October, according to the City Health Department.

The State Health Department records reflect no increase in any other parts of the state.

About half of the sufferers are adults. Dr. John C. Thompson, health director for the city schools, reports that "more children than usual" are absent from school but no record is kept of mumps sufferers. He is sure, he said, that many of the children have mumps.

Consensus of opinion: If you get 'em, stay in bed until the swelling disappears. Take your doctor's advice. Don't worry — "mumps are part of growing up" one doctor here remarked.

Ice-Skating Good

Memory Lane, which is out of water, is the only exception to the "good" skating classification given by the City Park Department to all other ice skating ponds.

Funeral Services For Edgar Hancock Will Be Thursday

Funeral services for Edgar Hancock, 73, of Omaha, will be held at 11 a.m. Thursday in Omaha. Burial will be at 1:30 p.m. Thursday in Lincoln Memorial Park.

Mr. Hancock died Tuesday at the home of his daughter, Mrs Irene Terry, in Omaha.

Youth Escapes Unhurt When Car Skids On Ice

A 16-year-old Lincoln youth suffered no injuries when his car skidded at the corner of 22nd and Smith and smacked into an ornamental light pole, knocking it to the ground.

Police said the youth's car apparently skidded on a patch of ice before striking the pole on the southeast corner of the intersection.

KIDNEYS MUST REMOVE EXCESS WASTE
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.
Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Fair Managers Re-Elect Thompson

Don Thompson of McCook was re-elected president of the Nebraska Association of Fair Managers Wednesday at the close of its 45th annual meeting here.

Thompson

The association also re-elected Al Bahe of Wayne vice president, and H. C. McClellan of Arlington, secretary-treasurer.

The three-day session at the Cornhusker Hotel was held in conjunction with the annual meeting of the Nebraska Board of Agriculture. Thompson described the session as the best attended in recent years, marked by confidence for the future of Nebraska county fairs.

"The levelling of Nebraska's economy," he said, "will cause some readjustment in fair promotion. But county fairs are a basic institution and will come out all right."

Thompson predicted a levelling off of building programs, but he looked forward to an upgrading of entertainment and more stress on educational activities.

He questioned the immediate revival of harness racing for lack of an adequate supply of racing stock in the Middle West.

"The big carnival will continue to bypass Nebraska because of gambling restrictions, he said.

"But grandstand entertainment is more available in variety and excellence.

Thompson said county fair crowds will begin to see ice carnivals this fall now that equipment has been perfected to provide frozen outdoor rinks despite hot weather. He said thrill shows would still rank high in popularity.

"But we must not forget," he said, "that fairs are primarily educational. Entertainment must be good and must attract people. But we must make constant improvement on the serious side."

Peterson To Direct Poultry Aid

Harold Peterson, University of Nebraska agriculture economics graduate, has been named head of the state's new federal-aid poultry and egg marketing service.

Headquarters are being opened in the Lincoln postoffice building and Peterson, $4,200-a-year chief, said statewide service would be ready early in February after federal representatives arrive to aid in establishment.

The service was authorized by the 1953 Legislature on half support by the federal government and half by contributions from Nebraska's poultry industry. Doyle H. Free, secretary of the Nebraska Poultry Improvement association said the industry's first year share, between $5,000 and $5,500, was assured. Should the 18-month trial service prove satisfactory, state funds will be sought on a continuation to match federal grants.

Peterson explained the service will assemble and disseminate information regarding price and market conditions throughout Nebraska to eliminate disparity in prices paid to poultry and egg producers. Daily markets will be furnished to radio and press.

Leader Training Conference Opens

NORTH PLATTE, Neb. (AP)—About 200 were in attendance as a three-day western Nebraska rural leader training conference opened here Wednesday.

Main speaker at the opening session was T. T. Martin of the University of Missouri, emeritus state 4-H Club agent for Missouri.

Discussing club programs, Martin told the group "any program should be in harmony with the culture of the local people."

Services Saturday For F. N. Hockman

Lincoln Star Special

DORCHESTER, Neb. — Funeral services for Frank N. Hockman, 77, retired Dorchester farmer, will be held at 1:30 p.m. Saturday at the Dorchester Methodist Church. He was a lifetime resident of Saline County.

Surviving are his wife, Emma; a son, Earl of Dorchester, a daughter, Mrs. Arnold Bauer, also of Dorchester; a granddaughter; four brothers, George of Cherokee, Okla., Ernest of Burlington, Colo., Burt of Camp, S. D., and Erven of Edgar.

CONDITION OF POPE IMPROVED

VATICAN CITY (AP) — Pope Pius XII was reported improving Wednesday from an attack of "nervous stomach" that forced him to cancel a big general audience. He continued work in his apartment and received his Vatican assistants.

The Vatican announced the pontiff, suffering from the stomach disorder and general fatigue, had spent a restful night. Vatican sources added there was almost no recurrence of the hiccoughs that have bothered him.

His private physician, Dr. Riccardo Galeazzi-Lisi, visited the pope and advised a long period of rest.

The cancelled audience was to have been attended by about 8,000 pilgrims from many countries here for the Marian Year celebration.

Enjoy rain-water softness for all your washing... use
NEW ARMOUR suds WITH TRI-POLLY
...THE BUILT-IN WATER SOFTENER!
You need it... You'll love it... here's WHY!

Most of the water in this area is hard water, containing minerals such as calcium and magnesium. When ordinary washday soaps are used in it they combine with the hard water minerals to form a "soap scum." This scum *gets trapped in the fibers of your clothes and makes them look dull and gray.*

New Armour Suds with Tri-Polly leaves your water soft as mineral-free rain-water, because *it neutralizes the minerals,* locks them up so they can't form clothes-graying soap scum. This, plus Armour Suds' brightening agent, is the reason your clothes wash brighter than new, and in half the usual time.

Cuts Your Washing Time in Two!
Set your washing machine at 8 minutes instead of 15. Armour Suds with Tri-Polly cleans in half the time, with half the washing wear.

Faster Dishwashing For You!
Armour Suds' high wetting power penetrates and floats the food away without scrubbing. Dishes drain sparkling dry. And soft water is so kind to hands!

Gets Clothes Brighter than New!
Armour Suds with Tri-Polly removes soil completely ... then its brightening agent gives a brighter than new sparkle to clothes.

ARMOUR Suds ALL-PURPOSE DETERGENT
SAVE three ways
NO MORE BLEACHING
NO MORE BLUING
COSTS YOU LESS
soft water washing ... even in hardest water

ARMOUR'S PLEDGE TO YOU!
If you don't find your clothes and dishes wash faster, cleaner, with new Armour Suds, we'll quickly return your money.

Fair Managers Re-Elect Thompson

Don Thompson of McCook was re-elected president of the Nebraska Association of Fair Managers Wednesday at the close of its 45th annual meeting here.

Thompson

The association also re-elected Al Bahe of Wayne vice president, and H. C. McClellan of Arlington, secretary-treasurer.

The three-day session at the Cornhusker Hotel was held in conjunction with the annual meeting of the Nebraska Board of Agriculture. Thompson described the session as the best attended in recent years, marked by confidence for the future of Nebraska county fairs.

"The levelling of Nebraska's economy," he said, "will cause some readjustment in fair promotion. But county fairs are a basic institution and will come out all right."

Thompson predicted a levelling off of building programs, but he looked forward to an upgrading of entertainment and more stress on educational activities.

He questioned the immediate revival of harness racing for lack of an adequate supply of racing stock in the Middle West.

"The big carnival will continue to bypass Nebraska because of gambling restrictions, he said.

"But grandstand entertainment is more available in variety and excellence.

Thompson said county fair crowds will begin to see ice carnivals this fall now that equipment has been perfected to provide frozen outdoor rinks despite hot weather. He said thrill shows would still rank high in popularity.

"But we must not forget," he said, "that fairs are primarily educational. Entertainment must be good and must attract people. But we must make constant improvement on the serious side."

Leader Training Conference Opens

NORTH PLATTE, Neb. (AP)—About 200 were in attendance as a three-day western Nebraska rural leader training conference opened here Wednesday.

Main speaker at the opening session was T. T. Martin of the University of Missouri, emeritus state 4-H Club agent for Missouri.

Discussing club programs, Martin told the group "any program should be in harmony with the culture of the local people."

Peterson To Direct Poultry Aid

Harold Peterson, University of Nebraska agriculture economics graduate, has been named head of the state's new federal-aid poultry and egg marketing service.

Headquarters are being opened in the Lincoln postoffice building and Peterson, $4,200-a-year chief, said statewide service would be ready early in February after federal representatives arrive to aid in establishment.

The service was authorized by the 1953 Legislature on half support by the federal government and half by contributions from Nebraska's poultry industry. Doyle H. Free, secretary of the Nebraska Poultry Improvement association said the industry's first year share, between $5,000 and $5,500, was assured. Should the 18-month trial service prove satisfactory, state funds will be sought on a continuation to match federal grants.

Peterson explained the service will assemble and disseminate information regarding price and market conditions throughout Nebraska to eliminate disparity in prices paid to poultry and egg producers. Daily markets will be furnished to radio and press.

Services Saturday For F. N. Hockman

Lincoln Star Special

DORCHESTER, Neb. — Funeral services for Frank N. Hockman, 77, retired Dorchester farmer, will be held at 1:30 p.m. Saturday at the Dorchester Methodist Church. He was a lifetime resident of Saline County.

Surviving are his wife, Emma; a son, Earl of Dorchester, a daughter, Mrs. Arnold Bauer, also of Dorchester; a granddaughter; four brothers, George of Cherokee, Okla., Ernest of Burlington, Colo., Burt of Camp, S. D., and Erven of Edgar.

CONDITION OF POPE IMPROVED

VATICAN CITY (AP) — Pope Pius XII was reported improving Wednesday from an attack of "nervous stomach" that forced him to cancel a big general audience. He continued work in his apartment and received his Vatican assistants.

The Vatican announced the pontiff, suffering from the stomach disorder and general fatigue, had spent a restful night. Vatican sources added there was almost no recurrence of the hiccoughs that have bothered him.

His private physician, Dr. Riccardo Galeazzi-Lisi, visited the pope and advised a long period of rest.

The cancelled audience was to have been attended by about 8,000 pilgrims from many countries here for the Marian Year celebration.

Bricker Amendment Substitute Offered

Demo Would Drop 'Which' Treaty Clause

WASHINGTON (INS)—Sen. Walter F. George offered Wednesday a substitute for the Bricker treaty-limiting amendment, which drops a provision strongly opposed by President Eisenhower

George sent his proposal to the Senate desk as Sen. John Marshall Butler (R-Md) opened arguments on the proposed amendment in what promises to be one of the greatest constitutional debates the Senate has seen in many years. The issue threatens to split GOP ranks down the middle.

The Georgia Democrat's proposal would eliminate the so-called "which" clause in the constitutional amendment sponsored by Sen. John W. Bricker (R-O).

This has been the chief cause of controversy between administration supporters and Bricker. It provides that a treaty shall become effective as domestic law only through legislation which would be valid in the absence of a treaty.

'To Come Later'

George told newsmen his proposal does not have the backing of Senate GOP leaders and that their own substitute "will come later."

The influential Georgian, who has been active in efforts to arrange a compromise between Bricker and the White House, said he cannot agree to language in the compromise supported by Republican Sens. William F. Knowland, Calif; Homer Ferguson, Mich., and Eugene Millikin, Colo.

George's substitute states:

1. "A provision of a treaty or other international agreement which conflicts with this (the) Constitution shall not be of any force or effect."

2. "An international agreement other than a treaty shall become effective as internal law in the United States only by act of Congress."

Dairy Theft Is Solved

Police Wednesday located a cash box containing $204 in checks taken from the Lincoln Dairy at 1644 Holdrege by the four men apprehended when they attempted burglarizing the safe at Leon's Food Mart.

The checks were found north of town on a country road. Police said one of the four admitted they had broken into the dairy and taken the cash box after breaking open the safe. A total of $82 in cash was taken from the safe and cash box.

Montana Rancher Awarded $16,952 In Damages Suit

A Lancaster District Court jury has awarded Bill Studdart, a Montana ranch owner, a verdict of $16,952.46 for damages in his suit against Browning Warren of 2724 Stratford, for alleged breach of contract.

Studdart, owner of the Tee Bar Ranch near Phillipsburg, Mont., alleged the Lincoln man had contracted for the purchase of 60 head of Hereford cattle for $28,500 on Aug. 26, 1952.

The rancher contended the contract provided for a delivery date within 30 days and that in March, 1953, Browning expressly refused delivery of the cattle.

The jury found for the plaintiff and assessed damages at $16,952.46.

Union Service Co. Has A Good Year

"A very successful year" was reported for 1953 by R. D. Cannell, president of the Union Service Co., at the annual stockholders meeting.

Officers re-elected, including Cannell, were: C. G. Rowley, vice president and general manager, and Ray Springer, secretary-treasurer.

Directors re-elected, in addition to the officers, were: R. V. Graff, W. O. Jellison and F. W. Withers

Net earnings of the firm were up substantially in 1953, Springer reported.

It Was A Long Wait, But The Snow Came

Lincoln youngsters were getting pretty discouraged about not getting to use their Christmas sleds, but the weather man finally co-operated and delivered some snow. Here, four children take a test run on South 47th St., between L and J, one of three streets approved for sledding and roped off by the Police Department. The coasters are (left to right) Barbara Lawrence, 9, daughter of Ralph C. Lawrence, 4720 J; Lee Kinney, 7, son of Joe Kinney, 440 So. 27th; Bruce Gillan, 5, son of Ralph Gillan, 421 So. 27th; and Robert Lawrence, 7, Barbara's brother. (Star Photo.)

Three Lincoln Streets Hang Up Signs, 'Reserved For Sledding'; Others Near

Parts of three streets have been roped off for sledding for the first time this winter.

Three applications for sledding areas have been approved and another three applications have been taken out by property owners but not yet returned. To barricade a street for sleigh riding, a petition for such action signed by 75 per cent or more of the abutting property owners must be obtained.

The petition must then be approved the City Recreation Department and the Police Department. Sledding hours are from 3 to 9 p.m., on week days and from 9 a.m. to 9 p.m. on weekends and holidays.

Areas already approved for sledding are Anaheim and Cable between 34th and 35th south of Franklin, Lowell from 52nd to 54th and So. 47th between L and J Streets.

Bricker Amendment Substitute Offered

Demo Would Drop 'Which' Treaty Clause

WASHINGTON (INS)—Sen. Walter F. George offered Wednesday a substitute for the Bricker treaty-limiting amendment, which drops a provision strongly opposed by President Eisenhower.

George sent his proposal to the Senate desk as Sen. John Marshall Butler (R-Md) opened arguments on the proposed amendment in what promises to be one of the greatest constitutional debates the Senate has seen in many years. The issue threatens to split GOP ranks down the middle.

The Georgia Democrat's proposal would eliminate the so-called "which" clause in the constitutional amendment sponsored by Sen. John W. Bricker (R-O). This has been the chief cause of controversy between administration supporters and Bricker. It provides that a treaty shall become effective as domestic law only through legislation which would be valid in the absence of a treaty.

'To Come Later'

George told newsmen his proposal does not have the backing of Senate GOP leaders and that their own substitute "will come later."

The influential Georgian, who has been active in efforts to arrange a compromise between Bricker and the White House, said he cannot agree to language in the compromise supported by Republican Sens. William F. Knowland, Calif; Homer Ferguson, Mich., and Eugene Millikin, Colo.

George's substitute states:

1. "A provision of a treaty or other international agreement which conflicts with this (the) Constitution shall not be of any force or effect."
2. "An international agreement other than a treaty shall become effective as internal law in the United States only by act of Congress."

It Was A Long Wait, But The Snow Came

Lincoln youngsters were getting pretty discouraged about not getting to use their Christmas sleds, but the weather man finally co-operated and delivered some snow. Here, four children take a test run on South 47th St., between L and J, one of three streets approved for sledding and roped off by the Police Department. The coasters are (left to right) Barbara Lawrence, 9, daughter of Ralph C. Lawrence, 4720 J; Lee Kinney, 7, son of Joe Kinney, 440 So. 27th; Bruce Gillan, 5, son of Ralph Gillan, 421 So. 27th; and Robert Lawrence, 7, Barbara's brother. (Star Photo.)

Three Lincoln Streets Hang Up Signs, 'Reserved For Sledding'; Others Near

Parts of three streets have been roped off for sledding for the first time this winter.

Three applications for sledding areas have been approved and another three applications have been taken out by property owners but not yet returned. To barricade a street for sleigh riding, a petition for such action signed by 75 per cent or more of the abutting property owners must be obtained.

The petition must then be approved the City Recreation Department and the Police Department. Sledding hours are from 3 to 9 p.m., on week days and from 9 a.m. to 9 p.m. on weekends and holidays.

Areas already approved for sledding are Anaheim and Cable between 34th and 35th south of Franklin, Lowell from 52nd to 54th and So. 47th between L and J Streets.

Dairy Theft Is Solved

Police Wednesday located a cash box containing $204 in checks taken from the Lincoln Dairy at 1644 Holdrege by the four men apprehended when they attempted burglarizing the safe at Leon's Food Mart.

The checks were found north of town on a country road. Police said one of the four admitted they had broken into the dairy and taken the cash box after breaking open the safe. A total of $82 in cash was taken from the safe and cash box.

Montana Rancher Awarded $16,952 In Damages Suit

A Lancaster District Court jury has awarded Bill Studdart, a Montana ranch owner, a verdict of $16,952.46 for damages in his suit against Browning Warren of 2724 Stratford, for alleged breach of contract.

Studdart, owner of the Tee Bar Ranch near Phillipsburg, Mont., alleged the Lincoln man had contracted for the purchase of 60 head of Hereford cattle for $28,500 on Aug. 26, 1952.

The rancher contended the contract provided for a delivery date within 30 days and that in March, 1953, Browning expressly refused delivery of the cattle.

The jury found for the plaintiff and assessed damages at $16,952.46.

Union Service Co. Has A Good Year

"A very successful year" was reported for 1953 by R. D. Cannell, president of the Union Service Co., at the annual stockholders meeting.

Officers re-elected, including Cannell, were: C. G. Rowley, vice president and general manager, and Ray Springer, secretary-treasurer.

Directors re-elected, in addition to the officers, were: R. V. Graff, W. O. Jellison and F. W. Withers

Net earnings of the firm were up substantially in 1953, Springer reported.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Baer

Not since the architects got the wrong slant on the Tower of Pisa have there been so many tangented caroms off the sounding board of personal liberty.

For them there's a hand-rail on the rainbow and for them the birds go tweet-tweet-tweet. They are not to be questioned in the courts of the average man like a Delphic oracle with a tin-cup.

☆ ☆ ☆

Well, let me buzz the aloof intelligentsia in their nickel-plated zones of superiority. If there's wax in your ears, you are just ordinary run-of-the-mill. And subject to interrogation the same as John Doe's round-shouldered uncle.

☆ ☆ ☆

The Bill of Rights stakes you to no more prerogatives than a shoemaker. At least he has a valid alibi for not answering. He might swallow his tacks.

☆ ☆ ☆

If your answer would tend to incriminate and degrade you that's not the fault of the question.

☆ ☆ ☆

And when you stand mute you are as guilty as a mouse in the sugar bowl.

ENJOY WHAT YOU'RE DOING!

Feel satisfied...

Chew Wrigley's Spearmint Gum.

Helps relieve monotony, boredom.

Makes time pass pleasantly.

You feel better — do better.

pleasant chewing helps you keep happy

DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

Not since the architects got the wrong slant on the Tower of Pisa have there been so many tangented caroms off the sounding board of personal liberty.

For them there's a hand-rail on the rainbow and for them the birds go tweet-tweet-tweet. They are not to be questioned in the courts of the average man like a Delphic oracle with a tin-cup.

☆ ☆ ☆

Well, let me buzz the aloof intelligentsia in their nickel-plated zones of superiority. If there's wax in your ears, you are just ordinary run-of-the-mill. And subject to interrogation the same as John Doe's round-shouldered uncle.

☆ ☆ ☆

The Bill of Rights stakes you to no more prerogatives than a shoemaker. At least he has a valid alibi for not answering. He might swallow his tacks.

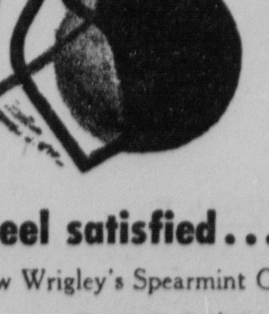
☆ ☆ ☆

If your answer would tend to incriminate and degrade you that's not the fault of the question.

☆ ☆ ☆

And when you stand mute you are as guilty as a mouse in the sugar bowl.

ENJOY WHAT YOU'RE DOING!



Feel satisfied...
Chew Wrigley's Spearmint Gum.
Helps relieve monotony, boredom.
Makes time pass pleasantly.
You feel better — do better.

Pork Prices Rise In Light Market

OMAHA (AP)—Hog prices were 25 cents higher in Omaha Wednesday as receipts continued light. The extreme top of $27 35 was paid on only three head. It was the highest price since July 15. Better quality yearling type steers were stronger but otherwise the market on fed steers and heifers was about steady. Fat lambs were slow.

OMAHA

Hogs: Salable Wednesday 8 000 moderately active barrows and gilts fully 25 higher, instances up more sows 25c to 50c higher choice 180 240 lbs barrows and gilts $26 50@27 25, one lot $27 35 with mist choice 1 and 2 offerings $26 75 27 25, 240 270 lbs $25 00@26 75 270 300 lbs $24 25@25 25 few 300 360 lbs $23 [illegible] @24 75, choice sows up to 400 lbs $2[illegible] @24 50 400 550 lbs $22 00@2[illegible] stags $17 00@19 00

Water Assessment Notice And Notice of Board Of Equalization to Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February 1954 at a regular meeting of the City Council of the City of Lincoln, Nebraska [illegible] the Council will assess the cost of water mains and improvement in Water District No 3[illegible] being the water main in [illegible] Street from [illegible] Street [illegible] in said City and the following described real estate benefited to wit Lots 8 [illegible] and 14 in [illegible] Addition [illegible]

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City [illegible] and on Wednesday the 24th day of February 1954 at ten o clock a m on said days with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named water district is completed.

THEO. H. BERG, City Clerk.

Rally Meets Snag, Mart Closes Low

NEW YORK (AP)—The stock market tried to continue its rally Wednesday, but it stumbled over profit-taking and closed lower

The start ahead at the opening came with a rush that put the ticker behind briefly in reporting actual floor transactions from the New York Stock Exchange

Buying enthusiasm was based on the strong swing ahead made by Tuesday's market. During that first hour and the rest when prices were at their best nearly a million shares changed hands

Gains and losses spread out over a range of between 1 and 2 points at the most in key areas with the losers holding a slight edge

The Associated Press average of 60 stocks lost 30 cents at $111 00. It was up 40 cents Tuesday at the best level in 10 months. The industrial component of the average was down 40 cents, railroads lost 10 cents while utilities were down only 10 cents

The market broadened out to 1 191 individual issues traded

Volume came to 2 020 000 shares, the third time the two million mark has been passed this year. Tuesday's total was 2 120 000 shares

Radio Corp was the day's most active stock as it was Tuesday with a gain of [illegible] at [illegible] on volume of 78 200 shares. It started on a block of 20 000 shares at [illegible]

Dow Chemical was off ⅛ at [illegible], U S Steel up [illegible] at 41⅝, American Radiator [illegible] at 1[illegible] and Bethlehem Steel up [illegible] at [illegible]

Among losers were New York Central, Illinois Central, American Telephone, General Motors and Boeing

Stocks on the American Exchange were rather mixed with trading at [illegible]00 000 shares compared with 5[illegible]0 000 shares Tuesday

Wheat Hits High For 7th Session

CHICAGO (AP)—Wheat and rye turned firm late in the day on the Board of Trade Wednesday, new crop wheat deliveries reaching new seasonal tops for the seventh straight session

Corn also was quite firm in the early part of the day. It held onto its gains through to the finish but didn't add to them. Oats could get nowhere. Old crop soybeans eased and the 1954 crop soybeans [illegible] of the ground lost Monday

Wheat closed [illegible] higher, corn [illegible] higher [illegible] unchanged to [illegible] lower, rye [illegible] higher, soybeans [illegible] lower to [illegible] higher, lard [illegible] to [illegible] cent a hundred pound [illegible]

New crop wheat deliveries responded in part to Tuesday's further [illegible] report by the Weather Bureau on the need for moisture in the winter wheat belt. The department [illegible] noted some damage [illegible] from [illegible]

Light cash grain receipts and wintry weather in the Midwest [illegible] Receipts [illegible] bringing the total so far this week to [illegible] cars against [illegible] in the same period last week. There were no reported purchases [illegible] to arrive basis. Corn gained [illegible] to ¾ cent in the spot market

Selling in old crop soybeans was based on [illegible] of an expansion in country offerings of cash soybeans

THEO H BERG, City Clerk.

You can't be "short-changed" on Schlitz quality

When it comes to beer, your good taste and sound judgment are fully repaid when you ask for Schlitz.

It's satisfaction that you really want in beer. Schlitz is one of the finer things of life—the one beer that gives more satisfaction to more people than any other beer in the world.

You are never short-changed on Schlitz quality. You can't get your money's worth from something "almost as good."

If you like beer, you'll love Schlitz.

Your retailer will be happy to serve you when you ask for Schlitz because he knows that there is nothing more valuable to him than a satisfied customer.

BOND MARKET

NEW YORK (AP)—The corporate bond market prolonged its three-week upturn in heavy trading Wednesday.

Most U. S. government bonds touched new 1953-54 peaks.

All sections of the corporate list participated in the advance as volume climbed to $4,270,000 par value from $4,060,000 Tuesday. Medium-priced railroads and high grade industrials were especially in demand.

The Associated Press average of 10 foreign bonds climbed one-tenth to 81.4, a two-year high. But most issues were little changed.

Water Assessment Notice And Notice of Board Of Equalization to Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of water main and improvement in Water District No. 307, being the water main in 66th Street from Judson Street to Fremont Street, in said City, and the following described real estate benefited, to-wit: Lots 9, 10, 11, 12, 13 and 14 in Block 4, and Lots 15, 16, 17, 18, 19 and 20 in Block 5, all in First Addition to Cotner Terace, Lot 6 in Block 10, and Lots 7, 8 and 9 in Block 13, Woods Brothers 2nd Addition to Havelock.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Tuesday, the 23rd day of February, 1954, at ten o'clock a.m., and on Wednesday, the 24th day of February, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named water district is completed.

THEO. H. BERG, City Clerk.

Rally Meets Snag, Mart Closes Low

NEW YORK (AP)—The stock market tried to continue its rally Wednesday, but it stumbled over profit-taking and closed lower.

The start ahead at the opening came with a rush that put the ticker behind briefly in reporting actual floor transactions from the New York Stock Exchange.

Buying enthusiasm was based on the strong swing ahead made by Tuesday's market. During that first hour and the next when prices were at their best, nearly a million shares changed hands.

Gains and losses spread out over a range of between 1 and 2 points at the most in key areas with the losers holding a slight edge.

The Associated Press average of 60 stocks lost 30 cents at $113.00. It was up 90 cents Tuesday at the best level in 10 months. The industrial component of the average was down 40 cents, railroads lost 30 cents, while utilities were down only 10 cents.

The market broadened out to 1,191 individual issues traded.

Volume came to 2,020,000 shares, the third time the two million mark has been passed this year. Tuesday total was 2,120,000 shares.

Radio Corp. was the day's most active issue, as it was Tuesday, with a gain of ⅞ at 25⅞ on a volume of 78,200 shares. It started on a block of 20,000 shares at 25¾.

Dow Chemical was off ⅝ at 35⅛, U. S. Steel up ⅛ at 41⅞, American Radiator up ¼ at 15⅛, and Bethlehem Steel up ½ at 54½.

Among losers were New York Central, Illinois Central, American Telephone, General Motors and Boeing.

Stocks on the American Exchange were rather mixed with trading at 500,000 shares as compared with 530,000 shares Tuesday.

Wheat Hits High For 7th Session

CHICAGO (AP)—Wheat and rye turned firm late in the day on the Board of Trade Wednesday, new crop wheat deliveries reaching new seasonal tops for the seventh straight session.

Corn also was quite firm, mainly in the early part of the day. It held onto its gains through to the finish, but didn't add to them. Oats could get nowhere. Old crop soybeans eased and the 1954 crop soybeans continued to recover some of the ground lost Monday.

Wheat closed ¼-1¼ higher, corn ⅛-½ higher, oats unchanged to ⅛ lower, rye 1 to 1½ higher, soybeans 2½ lower to 1¼ higher, lard 10 to 22 cents a hundred pounds lower.

New crop wheat deliveries responded in part to Tuesday's rather anxious report by the Weather Bureau on the need of moisture in the winter wheat belt. The detailed report for Kansas noted some damage already had occured from alternate freezing and thawing.

Light cash grain receipts and wintry weather in the Midwest aided corn. Receipts amounted to 69 cars, bringing the total so far this week to 295 cars against 432 in the same period last week. There were no reported purchases on a to-arrive basis. Corn gained ½ to ¾ cent in the spot market.

Selling in old crop soybeans was based on fears of an expansion in country offerings of cash soybeans.

Ordinance No. 5660

AN ORDINANCE amending Section 4 of Ordinance No. 3945, passed October 4, 1943, as amended by Ordinance No. 4745, passed April 3, 1950, fixing the rate of fare to be charged by Lincoln City Lines, Inc. for bus service within the City of Lincoln, and repealing said Section 4 of Ordinance No. 3945, passed October 4, 1943, as amended by Ordinance No. 4745, passed April 3, 1950.

BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

Section 1. That Section 4 of Ordinance No. 3945, passed October 4, 1943, as amended by Ordinance No. 4745, passed April 3, 1950, be and it hereby is amended to read as follows:

"Section 4. FARES. Upon the passage and approval of this ordinance and upon the acceptance thereof by the Company in the manner provided for herein, the kinds and rates of fare to be charged by the Company within the limits of the City shall be as follows:

(a) For one (1) continuous ride between any two points upon a single route, the regular cash fare shall be fifteen (15) cents, provided that two tokens shall be sold for twenty-five (25) cents, each good for one such ride.

(b) A transfer shall be issued upon request without charge to any passenger paying a fare provided for in this ordinance.

(c) For children, ages five (5) to twelve (12) inclusive, and for grade and high school students traveling to and from home and school, when properly identified, the regular cash fare shall be ten (10) cents, provided that two tokens shall be sold for fifteen (15) cents, each good for one such ride.

(d) Children under five (5) years of age when accompanied by a revenue passenger shall be carried free.

Section 2. That Section 4 of Ordinance No. 3945, passed October 4, 1943, as amended by Ordinance No. 4745, passed April 3, 1950, as hitherto existing, be and it is hereby repealed.

Section 3. This ordinance shall take effect and be in force from and after its passage and publication according to law.

Introduced by Clark Jeary.
Passed: January 25, 1954
Clark Jeary, Mayor
ATTEST: Theo. H. Berg, City Clerk

Said bonds to be issued in denominations of $1,000 each, to bear date of February 1, 1954, with interest at a rate not exceeding three (3%) per cent per annum, payable annually, and to become due as follows on February 1, of each of the years indicated: $26,000 in 1955; $27,000 in 1956; $27,000 in 1957, $27,000 in 1958; $27,000 in 1959; $27,000 in 1960; $27,000 in 1961; $27,000 in 1962; $27,000 in 1963, and $27,000 in 1964. The city reserves the right or option to call all or any of said bonds at any time after five years from their date. Principal and interest payable at the office of the County Treasurer of Lancaster County, Nebraska, who is the fiscal agent.

Bids must be for all of said bonds, and the award will be made to the responsible bidder on the basis of the lowest interest cost to the city. Bidders must supply the printed bonds, also the legal opinion, and bids must so specify.

Each bid must be accompanied by a cashier's or certified check drawn on a State or National bank made payable to Frank J. Miller, City Treasurer, in the sum of $5,380 as a guarantee of good faith and for security for the performance of such bid and as liquidated damages in case the successful bidder fails to take up and pay for the bonds.

All proposals shall be enclosed in a sealed envelope marked on the outside "PROPOSAL FOR BONDS," and addressed to Theo H. Berg, City Clerk at the City Hall in the City of Lincoln, Nebraska.

The city reserves the right to reject any or all bids or to waive any defect in bids.

By order of the City Council of the City of Lincoln, Lancaster County, Nebraska, this 4th day of January, 1954.

Theo. H. Berg, City Clerk

You can't be "short-changed" on Schlitz quality

When it comes to beer, your good taste and sound judgment are fully repaid when you ask for Schlitz.

It's satisfaction that you really want in beer. Schlitz is one of the finer things of life—the one beer that gives more satisfaction to more people than any other beer in the world.

You are never short-changed on Schlitz quality. You can't get your money's worth from something "almost as good."

If you like beer, you'll love Schlitz.

Your retailer will be happy to serve you when you ask for Schlitz because he knows that there is nothing more valuable to him than a satisfied customer.

Alley Paving Assessment Notice and Notice of Board of Equalization To Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of alley paving and improvement in Alley Paving District No. 253, being all that portion of the west 200 feet of the alley between O Street and P Street and between the east line of 24th Street and the west line of 25th Street, in said City, and the following described real estate benefited, to-wit: Lots 3, 4, 7, 8, 9, 10, 11, 12, 13 and 14 in Block 23, Lots A, B, C and D, G. L. Woodward's Subdivision of Lots 5 and 6 in Block 23, all in Kinney's O Street Addition.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Tuesday, the 23rd day of February, 1954, at ten o'clock a.m., and on Wednesday, the 24th day of February, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named alley paving district is completed.

THEO. H. BERG, City Clerk.

Water Assessment Notice And Notice of Board Of Equalization to Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible in the Council Chamber in the City Hall of said City, the Council will assess the cost of water mains and improvement in Water District No. 321, being the water main in C Street from 42nd Street to 44th Street, and in 44th Street from Mohawk Street to D Street, in said City, and the following described real estate benefited, to-wit: Lots 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 in Block 1, and Lots 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 in Block 2, all in Fiene's Berlene Heights, Lots 15, 16, 17, 18, 19, 20 and 21 in Block 4, Linwood Manor.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Tuesday, the 23rd day of February, 1954, at ten o'clock a.m., and on Wednesday, the 24th day of February, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named water district is completed.

THEO. H. BERG, City Clerk.

THEO. H. BERG, City Clerk.

Sewer Assessment Notice And Notice of Board Of Equalization to Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of sewer and improvement in Sewer District No. 517, being the sewer in 41st Street from Adams Street to the alley between Cleveland Avenue and Madison Avenue, in said City, and the following described real estate benefited, to-wit: West one-half of Block 3 and the East one-half of Block 4, Pitcher and Baldwin's 2nd Addition to University Place.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Tuesday, the 23rd day of February, 1954, at ten o'clock a.m., and on Wednesday, the 24th day of February, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named sewer district is completed.

THEO. H. BERG, City Clerk.

Paving Assessment Notice And Notice of Board Of Equalization to Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of paving and improvement in Paving District No. 1253, being all that portion of 61st Street between the north line of Adams Street and the south line of Judson Street, in said City, and the following described real estate benefited, to-wit: East one-half of Blocks 231, 250 and 259, Havelock. The west one-half of Block 3, Second Addition to Northeast Heights. The west 300 feet of Lots 26 and 27 of Irregular Tracts in the Southwest Quarter of Section 9, Township 10 North, Range 7 East of the 6th P.M.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Tuesday, the 23rd day of February, 1954, at ten o'clock a.m., and on Wednesday, the 24th day of February, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named paving district is completed.

THEO. H. BERG, City Clerk.

Water Assessment Notice And Notice of Board Of Equalization to Equalize the Assessment

Notice is hereby given to all persons interested that on the 15th day of February, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of water mains and improvement in Water District No. 306, being the water main in 65th Street from Willow Avenue to Adams Street, and in Adams Street from Cotner Boulevard to 65th Street, in said City, and the following described real estate benefited, to-wit: Lots 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 and 18 in Block 10, all of Outlot B, all in First Addition to Cotner Terrace. The west 150 feet of Lot 17 of Irregular Tracts in the Southeast Quarter of Section 9, Township 10 North, Range 7 East of the 6th P.M. The west 455 feet of Lot 23 of Irregular Tracts in the Northeast Quarter of Section 16, Township 10 North, Range 7 East of the 6th P.M.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Tuesday, the 23rd day of February, 1954, at ten o'clock a.m., and on Wednesday, the 24th day of February, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named water district is completed.

THEO. H. BERG, City Clerk.

Notice of Hearing

Notice is hereby given that the City Planning Commission will hold a hearing on Wednesday, February 3, 1954 at 3:30 p.m. in the City Council Chamber to discuss the subdivision of Lots 35 and 36, Union Addition to College View, now Lincoln, Lancaster County, Nebraska. This subdivision to be known as Cliffords Place. Proposed by Mr. Richard Kimball, 201 Stuart Building.

Notice is hereby given that the City Planning Commission will hold a hearing on Wednesday, February 3, 1954 at 3:30 p.m. in the City Council Chamber to discuss the proposed subdivision of Lots 33 and 34, Union Addition to College View, now Lincoln, Lancaster County, Nebraska. This replat proposed by the Northwest Realty Company of Lincoln, Nebraska.

TO HILL FEED CUSTOMERS. We are happy to advise that we are manufacturing our complete line of Hill Feeds as usual. The recent fire in the Elevator has caused some inconvenience in that Department where our grain was stored. All grain in the Elevator at the time of the fire is being disposed of by the Insurance Company. We are bringing in grain for our Feed manufacturing from the outside to use in present manufacturing. We want to advise our many Hill Feed customers and friends that we are in normal operation and will have Hill Feed available through our dealers as needed. HILL FAIRCHILD FEED CO., LINCOLN, NEBRASKA. -29

Two 12x16 brooder houses; two 12x12 brooder houses; growing feeders; 2 electric hovers. 4-2605, 5701 Pioneers Blvd. 1

TO HILL FEED CUSTOMERS. We are happy to advise that we are manufacturing our complete line of Hill Feeds as usual. The recent fire in the Elevator has caused some inconvenience in that Department where our grain was stored. All grain in the Elevator at the time of the fire is being disposed of by the Insurance Company. We are bringing in grain for our Feed manufacturing from the outside to use in present manufacturing. We want to advise our many Hill Feed customers and friends that we are in normal operation and will have Hill Feed available through our dealers as needed. HILL FAIRCHILD FEED CO., LINCOLN, NEBRASKA. -29

Martin Defies Ike Tax Plan; Calls For Excise, Sales Slashes

WASHINGTON (AP)—House Speaker Joseph W. Martin Jr., diverging from President Eisenhower's tax policy, called Wednesday for slashes in a score or more of excise or sales taxes.

Martin

The Republican leader, in a surprise proposal, said all excises above 10 per cent should be brought down to that level, except for liquor and tobacco. Many rates now range from 15 to 25 per cent.

His comments at a news conference promptly drew support from some Democrats and Republicans on the tax-writing house ways and means committee.

Congressional authorities estimated the proposed cuts would reduce revenue by about 942 million dollars a year at current sales levels. But Martin said increases in sales and employment under the spur of such a tax reduction probably would prevent any actual revenue loss.

Over 10 Pct. 'Exorbitant'

He declared excise rates above 10 per cent are "exorbitant" and are injuring many industries.

Martin said he didn't expect the Eisenhower administraton to propose any excise cuts, but he hoped the financial situation would be such that the administration would not fight such a move by Congress "when the time comes."

His proposal would lower to 10 per cent the present 20 per cent tax on furs, jewelry, cosmetics, luggage, women's handbags, movie and other admissions, photographic equipment, light bulbs, safe deposit boxes and club dues.

It also would apply to pens and pencils, lighters, local telephone calls, domestic telegrams and leased wires, and personal transportation, all taxed now at 15 per cent.

Phone Rate Included

It would slash the long-distance telephone rate from the present level of 25 per cent.

President Eisenhower, in his annual budget message, did not propose any excise changes and asked Congress to cancel one billion dollars in excise cuts set automatically under present law for April 1 .

Any cuts by Congress, he said, should be offset by increases so that over-all revenue from the excise field is maintained at present levels of about 10 billion dollars annually.

Effective Date Not Set

Martin said it would be "very difficult" to raise any excises, or extend the tax to new items, to make up for any cuts.

Martin did not suggest when the changes should be effective, if enacted, but he said he hoped for congressional action "this year."

Tax writers normally try to act quickly on excises, to avoid "buyer's strikes" by consumers postponing purchases in the hope that taxes will be lowered.

Rep. Kean (R-NJ), usually an administration supporter, said Martin's proposal was "a good objective if the financial situation will permit." Kean, fourth-ranking Republican on ways and means, predicted congressional approval "if the administration doesn't oppose it very vigorously."

Rep. Eberharter (D-Pa), another committee member, foresaw widespread Democratic support. Some Democrats might want to go even further, he said, and cut or eliminate 10 per cent rates on some household appliances.

Liquor, Tobacco Excluded

Ways and Means Chairman Daniel A. Reed (R-NY) has called for some excise reductions, but has not been specific. Rep. Richard M. Simpson (R-Pa), third-ranking Republican on the tax committee, already had called for action similar to that backed by Martin.

The speaker indicated the across-the-board cut to a 10 per cent rate, except for liquor and tobacco, would increase support for President Eisenhower's plea to cancel the scheduled April 1 reductions.

The April 1 changes would drop liquor taxes from $10.50 to $9 a gallon, automobile taxes from 10 to 7 per cent, cigarettes from 8 to 7 cents a standard pack, gasoline from 2 cents to 1½ cents a gallon, reduce beer and wine taxes according to alcoholic content, and drop the tax on sporting goods from 15 to 10 per cent.

Sporting goods would be the only one of these items affected under the Martin-Simpson proposal. So Congress could, if it chose, extend the other rates involved in the April 1 changes and then enact the Martin-Simpson idea.

Three Sheridan School Students Admit Vandalism

Three students who have admitted to police that they vandalized Sheridan School, were interviewed together with their parents Wednesday by Mrs. Grace Morning, juvenile probation officer.

Mrs. Morning said the three, all pupils at Sheridan, will appear in Juvenile Court this week.

The juveniles, ages 11, 12, and 13, admitted to Mrs. Hulda Roper, policewoman, that they entered the school Saturday after breaking windows on the south side of the school with large stones thrown with a sling-shot.

One of the three, the eldest, admitted also he had stolen the volume control box from the auditorium stage at Irving School. The item was valued at around $100.

The break-in at the school resulted in heavy damage to walls and desks ,where eggs and fluid from fire extinguishers were splattered. The eldest of the youths admitted to police he had in his home the lens of the movie projector along with a telephone taken from Sheridan. The lens was partly broken.

Federal Payroll List Is Dropping, Curtis Points Out

WASHINGTON (AP)—The number of civilians on the federal payroll is steadily shrinking as a result of the Eisenhower administration's economy moves, Rep. Curtis (R-Neb) said Wednesday.

Curtis reported that two-thirds of the states showed decreases in the number of civilians on the federal payrolls last year.

Nevertheless, Curtis said, the total of 2,469,640 persons on the federal payroll amounts to one out of every 64 Americans.

In Nebraska alone, he said, there are 20,208 civilian federal employees, which about equals the population of Hastings.

Martin Defies Ike Tax Plan; Calls For Excise, Sales Slashes

WASHINGTON (AP)—House Speaker Joseph W. Martin Jr., diverging from President Eisenhower's tax policy, called Wednesday for slashes in a score or more of excise or sales taxes.

Martin

The Republican leader, in a surprise proposal, said all excises above 10 per cent should be brought down to that level, except for liquor and tobacco. Many rates now range from 15 to 25 per cent.

His comments at a news conference promptly drew support from some Democrats and Republicans on the tax-writing house ways and means committee.

Congressional authorities estimated the proposed cuts would reduce revenue by about 942 million dollars a year at current sales levels. But Martin said increases in sales and employment under the spur of such a tax reduction probably would prevent any actual revenue loss.

Over 10 Pct. 'Exorbitant'

He declared excise rates above 10 per cent are "exorbitant" and are injuring many industries.

Martin said he didn't expect the Eisenhower administraton to propose any excise cuts, but he hoped the financial situation would be such that the administration would not fight such a move by Congress "when the time comes."

His proposal would lower to 10 per cent the present 20 per cent tax on furs, jewelry, cosmetics, luggage, women's handbags, movie and other admissions, photographic equipment, light bulbs, safe deposit boxes and club dues.

It also would apply to pens and pencils, lighters, local telephone calls, domestic telegrams and leased wires, and personal transportation, all taxed now at 15 per cent.

Phone Rate Included

It would slash the long-distance telephone rate from the present level of 25 per cent.

President Eisenhower, in his annual budget message, did not propose any excise changes and asked Congress to cancel one billion dollars in excise cuts set automatically under present law for April 1 .

Any cuts by Congress, he said, should be offset by increases so that over-all revenue from the excise field is maintained at present levels of about 10 billion dollars annually.

Effective Date Not Set

Martin said it would be "very difficult" to raise any excises, or extend the tax to new items, to make up for any cuts.

Martin did not suggest when the changes should be effective, if enacted, but he said he hoped for congressional action "this year."

Tax writers normally try to act quickly on excises, to avoid "buyer's strikes" by consumers postponing purchases in the hope that taxes will be lowered.

Rep. Kean (R-NJ), usually an administration supporter, said Martin's proposal was "a good objective if the financial situation will permit." Kean, fourth-ranking Republican on ways and means, predicted congressional approval "if the administration doesn't oppose it very vigorously."

Rep. Eberharter (D-Pa), another committee member, foresaw widespread Democratic support. Some Democrats might want to go even further, he said, and cut or eliminate 10 per cent rates on some household appliances.

Liquor, Tobacco Excluded

Ways and Means Chairman Daniel A. Reed (R-NY) has called for some excise reductions, but has not been specific. Rep. Richard M. Simpson (R-Pa), third-ranking Republican on the tax committee, already had called for action similar to that backed by Martin.

The speaker indicated the across-the-board cut to a 10 per cent rate, except for liquor and tobacco, would increase support for President Eisenhower's plea to cancel the scheduled April 1 reductions.

The April 1 changes would drop liquor taxes from $10.50 to $9 a gallon, automobile taxes from 10 to 7 per cent, cigarettes from 8 to 7 cents a standard pack, gasoline from 2 cents to 1½ cents a gallon, reduce beer and wine taxes according to alcoholic content, and drop the tax on sporting goods from 15 to 10 per cent.

Sporting goods would be the only one of these items affected under the Martin-Simpson proposal. So Congress could, if it chose, extend the other rates involved in the April 1 changes and then enact the Martin-Simpson idea.

Three Sheridan School Students Admit Vandalism

Three students who have admitted to police that they vandalized Sheridan School, were interviewed together with their parents Wednesday by Mrs. Grace Morning, juvenile probation officer.

Mrs. Morning said the three, all pupils at Sheridan, will appear in Juvenile Court this week.

The juveniles, ages 11, 12, and 13, admitted to Mrs. Hulda Roper, policewoman, that they entered the school Saturday after breaking windows on the south side of the school with large stones thrown with a sling-shot.

One of the three, the eldest, admitted also he had stolen the volume control box from the auditorium stage at Irving School. The item was valued at around $100.

The break-in at the school resulted in heavy damage to walls and desks where eggs and fluid from fire extinguishers were splattered. The eldest of the youths admitted to police he had in his home the lens of the movie projector along with a telephone taken from Sheridan. The lens was partly broken.

Federal Payroll List Is Dropping, Curtis Points Out

WASHINGTON (AP)—The number of civilians on the federal payroll is steadily shrinking as a result of the Eisenhower administration's economy moves, Rep. Curtis (R-Neb) said Wednesday.

Curtis reported that two-thirds of the states showed decreases in the number of civilians on the federal payrolls last year.

Nevertheless, Curtis said, the total of 2,469,640 persons on the federal payroll amounts to one out of every 64 Americans.

In Nebraska alone, he said, there are 20,208 civilian federal employees, which about equals the population of Hastings.
